VEGETABLE PLANTS & ROOTS

We make a specialty of growing and supplying market gardeners and private gardeners with the very best, strong, well-rooted vegetable plants in any quantity.

While we grow enormous quantities of all varieties, the demand for our plants is always greater than our supply. For this reason we advise you to order as early as possible.

We will book your order and ship plants at the proper time.

At prices quoted they are sent at purchaser's expense. We do not send vegetable plants by mail.

CABBAGE PLANTS.

Following varieties: Price, 35c per 100; \$2.50 per 1,000; \$10.00 for 5,000.

Ready March 10th.

Early Jersey Wakefield	Early Drum Head
Early Summer	Large Late Drum Head
Charleston Wakefield	Large Late Flat Dutch
Early Flat Dutch	Solid South

CAULIFLOWER PLANTS.

Dozen, 20c; 50 for 50c; 100 for 75c.

Ready March 10th.

True Early Snowball Extra Early Erfurt

CELERY PLANTS.

50c per 100; \$3.00 per 1,000.

Ready April 15th.

Golden Self Blanching Hend. White Plume

EGG PLANTS.

25c per doz.; \$1.50 per 100.

Ready April 20th.

Black Beauty New York Imp. Purple.

LETTUCE PLANTS.

35c per 100; \$2.50 per 1,000.

Ready March 10th.

Big Boston	Large White Cabbage Head
Hubbard Market	Deacon Head

PEPPER PLANTS.

25c per doz.; \$1.50 per 100.

Ready April 20th.

Bell or Bull Nose	Ruby King
Chinese Giant	Long Red Cayenne.

BUNCH YAM POTATO SLIPS.

35c per 100; \$2.50 per 1,000; \$12.00 per 5,000.

Following Varieties All Ready April 20th.

Bunch Yellow Yam	Spanish Bunch Yam
Gold Coin Bunch Yam	

TOMATO PLANTS.

Hot Bed Stock, 15c per doz.; 50c per 100; \$4.00 per 1,000.
Transplanted stock, 25c per doz.; \$1.00 per 100; \$8.00 per 1,000. Ready March 20th.

Acme	Earlibell	Schwill's Ten Ton
Earliana	Dwarf Stone	Stone
Beauty	Ponderosa	

SWEET POTATO PLANTS.

30c per 100; \$2.50 per 1,000; \$10.00 per 5,000.

Following Varieties All Ready April 20th.

Genuine Yellow Yam	Southern Queen
Early Strasburg	Pumpkin Yam

RHUBARB ROOTS.

Crimson Winter—This wonderful variety was recently introduced by Mr. Luther Burbank. The stalks are of medium size, well-grown ones averaging 12 to 18 inches in length and about three-fourths of an inch in diameter. 1 year roots, by express, each 15c; doz., \$1.50; 2 year strong roots, by express, each, 25c; doz., \$2.50.

Victoria Rhubarb Roots—Small roots, 60c per doz.; by mail, 10c each; 2 year clumps, each, 20c; \$1.50 per doz.; by express only.

ASPARAGUS ROOTS.

A saving of one to two years is effected by planting roots.

For private use or for marketing on a small scale, beds should be formed five feet wide, with three rows planted in each, one in the middle and one on each side a foot from the edge; distance between the plants in the rows nine inches. We send them by express only; they are too heavy for mailing.

Palmetto—Strong 2 year roots. Per 50, 75c; per 100, \$1.00; per 1,000, \$6.00.

Palmetto—Strong 3 year roots. Per 50, \$1.00; per 100, \$1.50; per 1,000, \$10.00.

Conover's Colossal—2 year roots. Per 50, 50c; per 100, 75c; per 1,000, \$5.00.

Conover's Colossal—3 year roots. Per 50, 75c; per 100, \$1.25; per 1,000, \$8.00.

Columbian Mammoth White—2 year roots. Per 12, 25c; per 50, 75c; per 100, \$1.25; per 1,000, \$10.00.

Free culture directions sent with every order when requested.

HORSE RADISH SETS.

Roots will produce good Radish fit for use in one season's growth. Plant the set small end down, so that the top will be 2 inches under the soil.

New Bohemian Horse Radish—A much earlier and better producer than the common sort. The roots grow larger and whiter, and the quality is superior. Sets or roots, per doz., 35c; postage paid. By express, doz., 25c; 50 for 75c; 100 for \$1.25.

Large White Horse Radish—Doz., 25c; postage paid. By express, doz., 15c; 100 for 75c.

MISCELLANEOUS PLANTS.

Sage Plants—Each, 15c; 2 for 25c; doz., \$1.00. By express only.

Thyme Plants—Each, 15c; 2 for 25c; doz., \$1.00. By express only.

Chives, or Schnittlauch—Clumps, each, 25c. By express only.

Holt's Mammoth Sage—The plants are very strong growing, the first season attaining one foot in height; the leaves are very large and of unusual substance, strong in flavor, and of superior quality. By express, 20c each; \$2.00 per dozen.

Artichoke, Green Globe—One year plants that will bear this season. Each, 20c; dozen, \$1.50; by express only.

1911 WHOLESALE PRICE LIST 1911

OF GARDEN SEED FOR MARKET GARDENERS

These are special prices for truckers and public institutions, or for farmers wanting seeds in bulk and in quantities.

PRICES SUBJECT TO CHANGE. Some seeds are again in short supply, crops having almost failed, especially Peas and Beets. We, therefore, cannot guarantee to hold these prices. They are subject to change without further notice, and cancel all previous quotations.

The following prices are free on board Memphis. Postage, express or freight charges must be paid by the purchaser. If seeds are wanted by mail that are quoted on this Bulk List, postage at the rate of 10c per pound must be added to these quotations. **GIVE OUR SEEDS A TRIAL.** Market gardeners' trade is our specialty.

Memphis for shipment by express or freight, at purchaser's expense. We make prompt shipment of all orders. Plant Bluff City Seeds. They bring results; are true to name.

Batts' Four Ear Prolific Corn.

Batts' Four-Ear Prolific Corn

This is the much-advertised corn that gave Mr. Batts, the introducer, a yield of 227 bushels per acre in North Carolina. A medium size white ear, resembles one of the Southern grown prolific corns.

One of our friends in Fayette county reports it will give him 100 bushels to the acre, which in this end of the state shows what a splendid variety it really is. We procured our seed stock from the originator and our customers can depend on getting it genuine and acclimated.

We consider Batts' Four Ear Prolific a splendid variety. The grain is white, flinty, rather short and broad, good size

ears, 8 to 10 inches long, and fills out well. It is undoubtedly the highest developed type of this class of corn that can be grown, making a new opening for the corn growing industry in this Southern country. Certainly, Mr. Farmer, we can grow corn in the South with proper cultivation, deep plowing and other preparation and with good pedigree seed it is a certainty. We consider Batts' Four Ear Prolific one of the best types of the prolific sorts. Get your supply early, as pure seed is again limited.

Quart, 50c; postage paid. By freight, 4 qts., 75c; pk., \$1.25; bu., \$4.00.

Bailey's Prolific Corn

An extra large field corn; grain long, deep and on medium size red cob. The ears run 10 to 12 inches in length and have 18 to 22 rows.

You can figure on an average of two good ears to a stalk and frequently three.

At our own farms we were agreeably surprised at its excellent merits; a hardy, vigorous variety with deep grains which are slightly tinted with yellow, making it a cream color, with a small red cob; grains not hard or flinty, as is

the case with most of the prolific Southern varieties, nor is it too soft, this being the case with most of the gourd seed or deeper grain corns. Bailey's Prolific is altogether one of the best of the new pedigree Southern corns that we have ever seen.

We want every one of our customers to be sure and get in the seed of this splendid large eared, long grain corn. Order early before our supply is sold out.

Quart, 50c; postage paid. By freight, 4 qts., 75c; pk., \$1.25; bu., \$4.00.

Square Deal Corn

A most highly improved thoroughbred corn; ears are about a foot long, small cob, 14 to 18 rows pure white, flinty kernels about $\frac{3}{4}$ inch long, nearly $\frac{1}{2}$ inch wide, 1-6 inch thick, weighs 60 pounds to measured bushel, shelling $6\frac{1}{2}$ to 7 bushels to every ten in ear; stands drouth or wet remarkably well, medium height stalk, ears low, 2 ears to stalk.

For forty years a big gourd seed and pearl flint have

been crossed and improved as above described. Now, you have a faint idea of the years of toil it takes a real plant breeder to perfect corn. This remarkable corn is especially suited to the Southern states, was awarded grand medal and diploma at St. Louis World's Fair and many other leading medals.

Per qt., 50c; postage paid. By freight, 4 qts., 75c; pk., \$1.25; bu., \$4.00.

Golden Surprise Field Corn

The large amount of corn produced on such small cobs surprises everyone. Entirely distinct. Stalks short and strong; ripens in ninety days; ears medium size, deep grained; small cob; a great feeding corn. The corn, as a whole, is indicative of its name, and is indeed a genuine surprise to all who grow it. Beautiful in its rich golden color and even size from butt to tip of the ear. Profitable in its depth of grain and small per cent. of waste in cob. Convenient in its short fodder growth and easy break of

ear from the stalk. Certain in its early maturity, and, all points considered, the best 90-day corn up to date. Its habit of growth is a very vigorous, medium sized, strong stalk, with broad, closely set leaves, which makes it a valuable fodder corn. An absolutely distinct Yellow Dent Field Corn of unquestionable merit.

Qt., 35c; postage paid. By freight, 4 qts., 50c; pk., 75c; bu., \$2.50.

Christopher's Improved Big Boll Cotton

The product of 25 years' careful selecting and breeding; large and vigorous grower, having good foliage, long tap root, withstanding drouths. Two to four large limbs put out at bottom of stalk, the large limbs and main stalk having short limbs and making 3 to 5 holls to limb. Bolls are very large, forty of them making one pound seed cotton, 5 to 7 locks to the cluster; seed cotton about 40 per cent. lint, easily picked, yet having enough blue to prevent falling out; medium seed and white to brown. It is conceded by all who know it to be the best field crop known, having produced four hales to the acre; two good pickers having picked a hale a day. It produces more to the acre than any other cotton known, and you can gather it; staple very strong and about 11-16 inches in Georgia.

Genuine seed, per pk., \$1.25; bu., \$4.00; 5 bu., \$17.00.

Bailey's Choice Early Big Boll Cotton

Three in one. Read what the originator, Mr. P. B. Bailey, says of this improved cotton: "This is a hybridized cotton, a cross in three kinds of big holl cotton; all three kinds were a choice big holl. Result of 9 years' improvement. This cotton is very tough. The roots go deep in the ground. Therefore, it stands dry weather as well as any cotton that I ever tried. I have farmed for 25 years and have tried many kinds of cotton; but have not been suited until I made a cotton, an all-round, up-to-date cotton.

"I am willing to plant and am planting only or exclusively, and since I have brought this cotton up to where I now have it, I plant it only, and no other kind. Take the cotton plantations, where worked mostly by negro tenants; this cotton will stand their abuse, because it is hardy and tough and will stand rough usage better than any other kind of cotton I have tried, and will make a good yield under these adverse circumstances; but at the same time it will, of course, respond more freely to good treatment.

This variety was originated about twenty-five years ago in Newton County, Miss., not far from Meridian. It enjoyed a local reputation, but was never advertised or pushed, except in the last three or four years. The Alabama and Mississippi experiment stations took the variety up, and since the showing it made in both States, the demand for it has been enormous. The plant naturally grows tall, with numerous limbs, short to medium length, that have a tendency to grow erect or straight up. The holls are large, oval shaped and pointed, and open out very wide. 65 holls will make a pound, although on extra good soil

Simpkins' Early Prolific Cotton

A celebrated variety introduced by Mr. W. A. Simpkins, Raleigh, N. C., who describes it as follows:

"It is earlier than any other—90 days from planting to boll—more prolific, having produced as much as three hales per acre, and gives more lint, averaging 40 per cent. How can this be proven?

"By the abandonment of all others where it has been tried, and a visit to a field where it is grown, and by award-

Christopher's Big Boll Cotton

"The lint of this cotton will measure from 1 to 11-16 inches long. The lint is strong and tough. It is the kind that buyers and spinners like to handle. If they once get it they will want it again.

"I have gotten 10c per 100 pounds more for it, at the same time, than other farmers could get for their best grades of cotton."

Genuine seed, per pk., \$1.00; bu., \$3.00; 5 bu., \$12.50.

Cleveland's Early Big Boll Cotton

sometimes 50 to 55 will make a pound. A large majority of the bolls will contain five locks; the seed are medium in size, fuzzy, brownish-white, with a sprinkling of green seed. The quality of the staple is splendid and in point of yield will rank at the very top. It is always the very earliest of the large boll types, and judging from the demand for it from boll weevil sections, it must possess unusual merits. Our stock is grown in this section from seed obtained at the Mississippi experiment station.

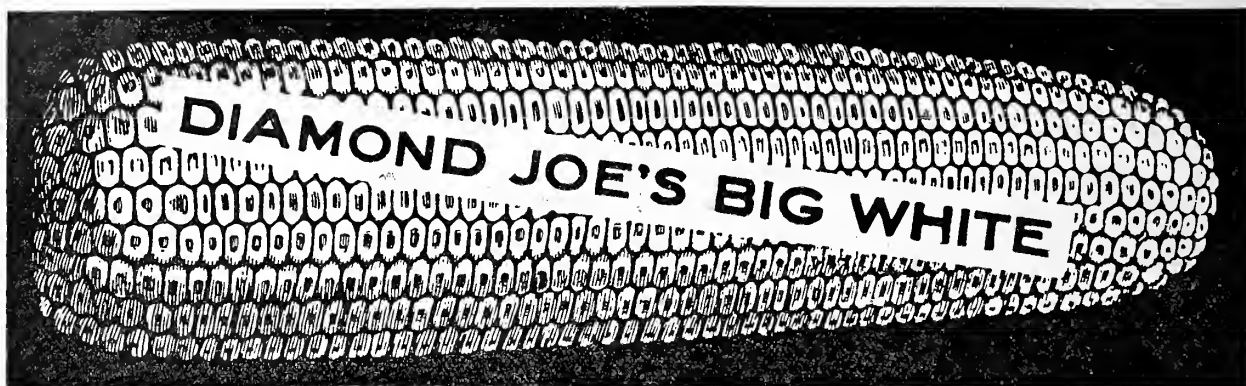

Price, pk., 50c; bu., \$1.50; 5 bu., \$7.00; ton, \$75.00.

ing of first premium at the State fairs for four years, on best stalks, best seed, best lint and the best acre.

"The best is none too good for you, and it will yield you a larger per cent. on the investment than anything in the world. I guarantee that it will produce from 100 to 500 pounds of seed cotton per acre more than any other."

We can supply Simpkins' Prolific in original bags with originator's signature and red lettered trade mark.

Pk., 50c; bu., \$1.60; 10 bu., \$15.00.

Ratekin's Seed Corns

We have made arrangements whereby we can supply Southern customers the genuine Ratekin's Corns, which are now too well known to go into any description. Suffice it to say, from the astonishing results shown with Ratekin's Seed Corns, we can conscientiously recommend them to our friends and patrons, and can supply the following varieties, all in original two-bushel bags:

Ratekin's Diamond Joe's Big White

THE CORN THAT MADE 146 BUSHEL PER ACRE.

This wonderful new variety of white corn was originated and first introduced five years ago, and is now acknowledged by farmers, planters and corn growers everywhere as the "King of all White Corn."

POINTS OF SUPREMACY OVER OTHER VARIETIES.

1. It is pure and a distinct variety.
2. It is a strong, vigorous, robust grower from the start.
3. It is absolutely free from barren stalks, every stalk bearing one or more well developed ears.

4. It is very early to mature, making itself anywhere in 100 days or less.

5. It will thrive and do well in extreme drouth, where other varieties fail.

6. In short, "Diamond Joe's Big White" is a superior variety of corn from every point of view over any white corn in the world. If you are looking for the corn that will make you the most bushels and the most money, stop right now and order enough to plant your entire crop. It's the corn that will do it.

Prices: 1 lb., postpaid, 25c; 3 lbs., 70c. By freight, f. o. b. Memphis, 4 qts., 50c; pk., 75c; bu., \$2.25.

Ratekin's Iowa Silver Mine White

THE GREATEST RECORD OF ANY WHITE CORN IN THE WORLD.

It is an absolute fact that "Ratekin's Iowa Silver Mine" has made the greatest record of any white corn on earth and has captivated the hearts of the corn growing farmers throughout the whole world.

"Ratekin's Iowa Silver Mine" is as near drouth resisting as any variety ever produced and being of extreme vitality

will do better on old, poor or hill land than any variety in existence. We offer this corn to our farmers as one of the very best for feeding and for ensilage purposes. In the Southern states, where we have sold and sent tens of thousands of bushels during the past years, it has proven the great salvation of the country.

Prices: Postage by mail, 1 lb., 25c; 3 lbs., 60c. By freight or express at purchaser's expense, pk., 50c; ½ bu., 90c; 1 bu. to 5 bu., \$1.60.

Wallace's Favorite

THE GIANT WHITE CORN OF IOWA.

In Wallace's Favorite we have found a very superior variety of corn and one that has gained favor by those farmers who have tried it everywhere.

Description—The stalk is a most robust one, usually growing from 8 to 10 feet high, with long broad leaves extending from joints, which are close together, and always producing one to three ears to the stalk, running from 8 to 12 inches long, with 16 to 20 rows of very deeply set grains on a pure white cob, and is one of the clearest white varieties grown. We believe this corn will undoubtedly prove a prize winner wherever planted, as it is bound to give a tremendous yield. Just think of a field of corn laden down with an average of two good ears to the stalk. Surely this corn will not disappoint your best expectations in any respect, and we want every farmer who plants corn the com-

ing season to try it, no matter where you live, east, west, north or south. It is not only good for the grain it grows, but cannot help being one of the best combination varieties for grain and ensilage purposes in existence and for a genuine corn for all purposes it will surely please you.

While we do not claim for it that it will make two, three or four hundred bushels per acre, as is claimed by certain seedsmen for some of their corn, we do know it can be relied upon to yield as many bushels of good, sound, solid, well matured corn per acre, inside of 100 to 110 days, as any variety of corn to be found in the world, and if planted on good strong ground will yield from 90 to 125 bushels per acre, and even more under perfect conditions.

Prices, postage paid, by mail, 1 lb., 30c; 3 lbs., 75c; by freight or express at purchaser's expense, pk., \$1.00; ½ bu., \$1.75; 1 bu., \$3.25; 5 bu. or over, at \$3.00 per bu.

Ratekin's Pride of Nishna

Above any other yellow corn grown for general crop purposes, including its feeding value, its extraordinary yield and strength of vitality to resist all conditions encountered in the cultivation and growth of a corn crop.

Description—The ears of this variety are very uniform in size and shape, cylindrical from butt to tip, running from 9 to 12 inches in length and 7 to 8 inches in circumference, containing from 16 to 24 rows (usually about 18), of deep kernels solidly set on a medium small red cob, shelling 86 to 88 per cent. grains, and often even more. A wagon load of this corn weighs out three to four bushels more than ordinary varieties of corn, proving its solidity. It is of a golden yellow, and a big crib full is a beautiful sight to behold. The stalks are from 8 to 12 feet high, dependent on the character of the land, whether hill or bottom land, and are strong and robust, always standing up well. The strong, deep roots give it strength and vitality to withstand drouth and other unfavorable conditions. No corn grower will make a mistake if he plants "Pride of Nishna."

Prices: Postpaid, by mail, 1 lb., 25c; 3 lbs., 60c. By freight or express at purchaser's expense, pk., 60c; ½ bu., 90c; 1 bu. to 5 bu., \$1.60.

Ratekin's Gold Standard

THE GREATEST NINETY-DAY CORN IN THE WORLD.

It is the early maturing yellow dent corn you have been looking for. The stalks grow from 8 to 12 feet high, dependent on the land it is planted on; sets ears about 3 to 3½ feet from the ground; ears run from 8 to 11 inches long, with 16 to 18 rows, very deep grains, set on a small red cob, and shells out 60 to 64 lbs. per 70 lbs. of ears. It is a pure bred corn, every stalk producing at least one good ear and many of them two, and yields from 50 to 90 bushels per acre on good land under normal conditions and will be ready to husk and crib for feeding and market fully three weeks ahead of ordinary varieties. For an early, quick-maturing corn where late or replanting is necessitated from any cause it's the greatest ninety-day corn in the world.

Prices: 1 lb., 25c; 1 ear, 25c; 3 lbs., 65c; postage paid. By freight or express at purchaser's expense, pk., \$1.00; ½ bu., \$1.75; bu., \$3.00.

Ratekin's Imperial White

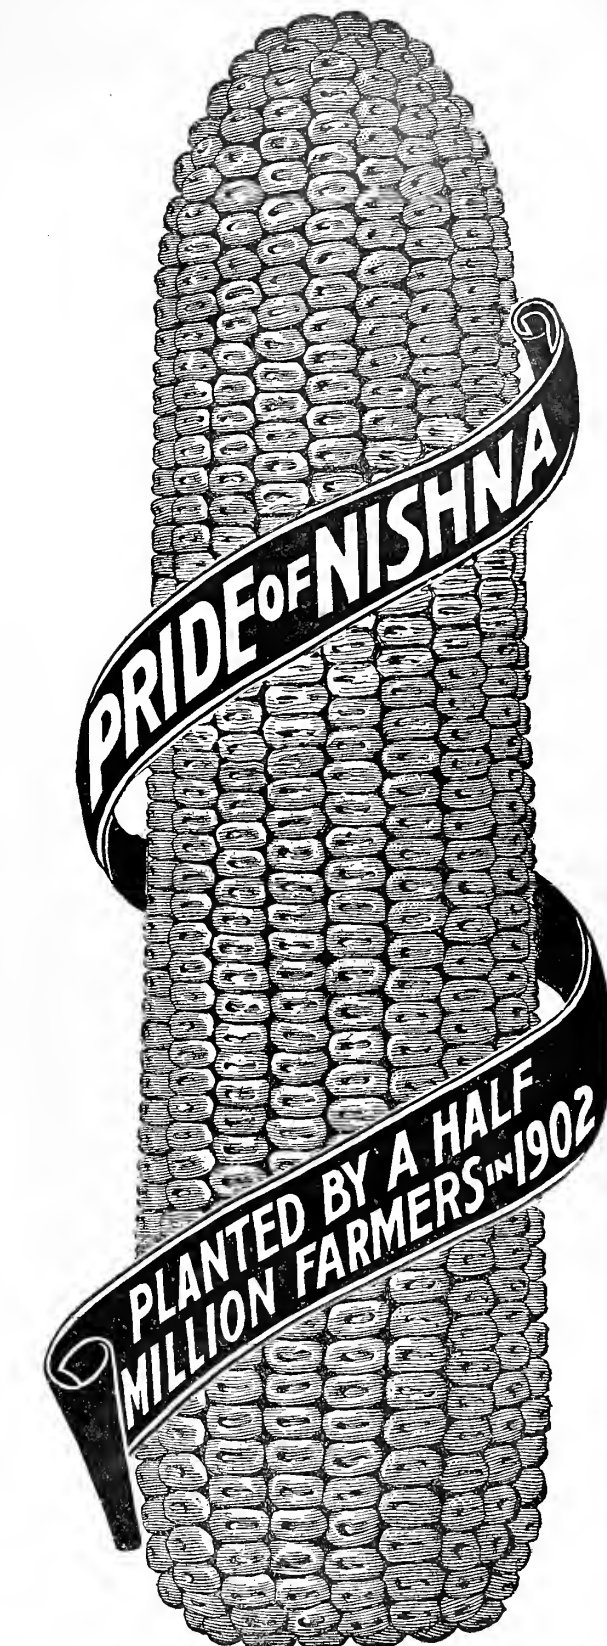

A pure white corn, with red cob—a sign within itself of great vitality; ears run from 9 to 12 inches long, measuring from 7 to 8 inches in circumference; 16 to 24 rows of very deep grains firmly set on a small red cob, as shown by the accompanying illustration. The stalks are rather short and heavy, averaging from 7 to 10 feet in height, with a large amount of foliage. This corn does well anywhere and everywhere and is especially adapted to old, poor and thin land, and will make a good crop where other sorts fail. It matures safely anywhere in from 90 to 100 days; is very solid and compact.

Price, postage paid, 1 lb., 25c; 3 lbs., 60c. By freight or express at purchaser's expense, pk., 60c; ½ bu., 90c; 1 bu. to 5 bu., \$1.75.

Lookout Mountain Potato

Its keeping qualities are marvelous. Where other varieties sprout and get soft the Lookout Mountain Potato remains firm and in good condition.

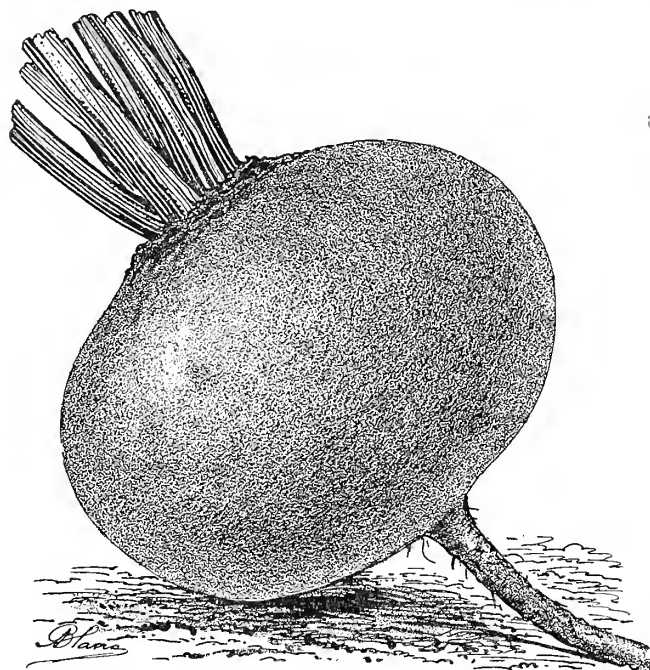

For fall planting in July it makes a sure crop; quality of the very best; prolific; makes only in the fall, and should

not be planted until about the 10th of July. Orders taken now for any quantity and shipment made July 1, 1911. Cash must accompany all orders.

Price, per pk., 75c; bu., \$2.50; sacked f. o. b. Memphis.

New and Desirable Vegetable and Flower Seeds

Model Beet.

79

THE MODEL BEET.

This new beet excels all other varieties for table use. Its delicious flavor, entire absence of fiber, smooth, symmetrical shape, and small root puts it in a class by itself for all-round good qualities. The market gardeners have recognized this for years, and will have no other.

Price, pkt., 5c; oz., 10c; 2 cz., 20c; $\frac{1}{4}$ lb., 30c; 1 lb., 80c; postage paid.

BUSH BEANS.

Tennessee Green Pod—A favorite sort in East Tennessee and the Middle Southern states. The beans are brown color, a little larger than Burpee's Stringless, and are very hardy, capable of withstanding cold, inclement

Tennessee Green Pod Bush Bean.

weather better than other sorts. It is very productive, producing long, flat pods which are not stringless, but on account of its extreme earliness and productiveness, is very popular. Pkt., 10c; $\frac{1}{2}$ pt., 20c; pt., 30c; qt., 50c; postage paid. By freight, qt., 35c; 4 qts., \$1.00; pk., \$1.25.

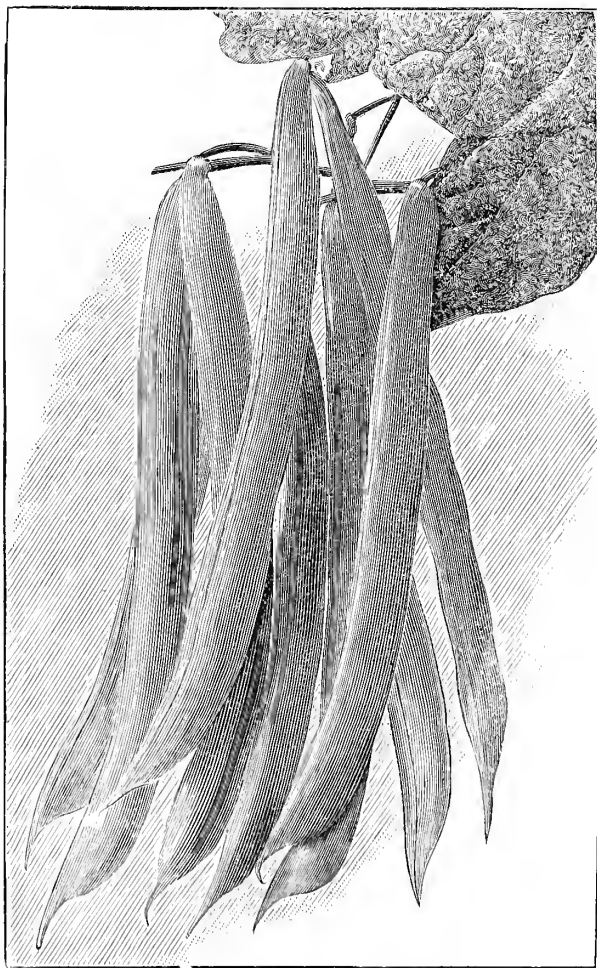

POLE BEANS.

Tennessee Wonder—Bears early, abundantly and continuously. Though a comparatively new variety, this has been sufficiently cultivated to prove that, in several respects, it is superior to all other green-podded string beans. The plant is unusually thrifty in growth and rarely affected by blight or mildew. It is also very hardy, bears earlier than others, more profusely, and for a longer season. The pods are very large, thick and meaty, absolutely stringless, brittle and tender, and of excellent flavor. Pkt., 15c; $\frac{1}{2}$ pt., 25c; pt., 35c; qt., 60c; postage paid. By freight, qt., 40c; 4 qts., \$1.25; pk., \$2.25.

CUCUMBER.

DAVIS' PERFECT.

This variety as it becomes better known is driving other sorts out of the market. It is in color a glossy green; shape slim, symmetrical, with an average length of 10 to 12 inches. The quality is fine and of exceptionally good flavor. Another strong point of merit is its shipping qualities; it seems to hold its color and brittleness long after being cut. Pkt., 5c; oz., 15c; 2 oz., 25c; $\frac{1}{4}$ lb., 40c; 1 lb., \$1.25; postage paid.

Tennessee Wonder Pole Bean.

EARLY SURPRISE CABBAGE

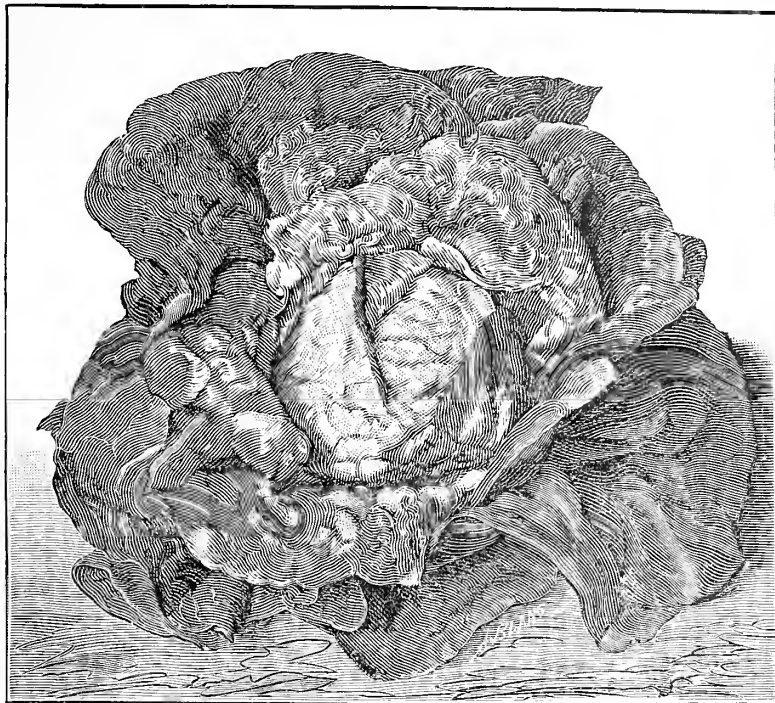

Very early; produces round or ball-shaped heads of great solidity and intensely deep rich coloring. The plant is of strong, compact growth. The heads are perfectly round, from six to eight inches in diameter. The leaves composing the head are of an unusually dark green color; this rich coloring extends to the center of the head, showing only a small portion of white when cutting across the veins and tissue. The extra dark coloring, remarkable hardness and large size of heads make it an excellent market type. Per pkt., 10c; $\frac{1}{2}$ oz., 25c; oz., 40c; 2 oz., 75c; $\frac{1}{4}$ lb., \$1.25; postage paid.

ENKHUIZEN GLORY CABBAGE.

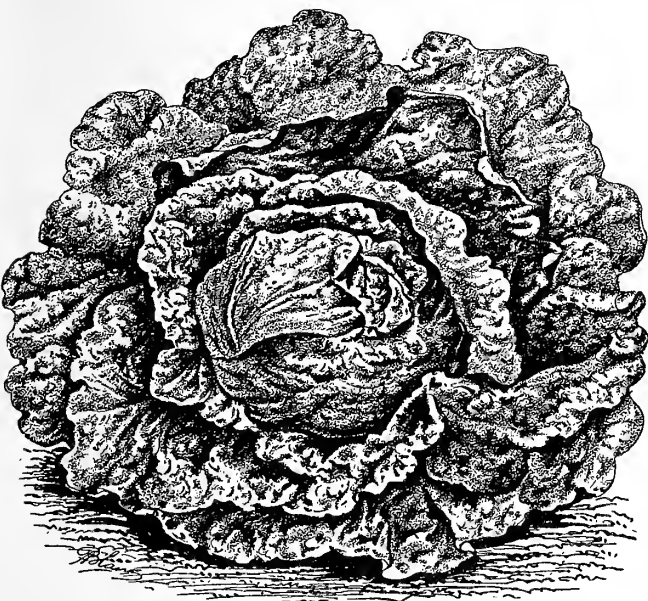

Large early sort, white and very solid. Produces fine ball-shaped heads and combines large size and earliness as no other early cabbage does. A fine market sort. Best of all. Pkt., 10c; oz., 35c; $\frac{1}{4}$ lb., \$1.00; 1 lb., \$3.00.

POULTRY SUPPLIES.

Incubators, Brooders, Bone Cutters, Grit, Shell, Bone, Medicines, Lice Killers, Fountains, Leg Bands, Etc.

Early Surprise Cabbage.

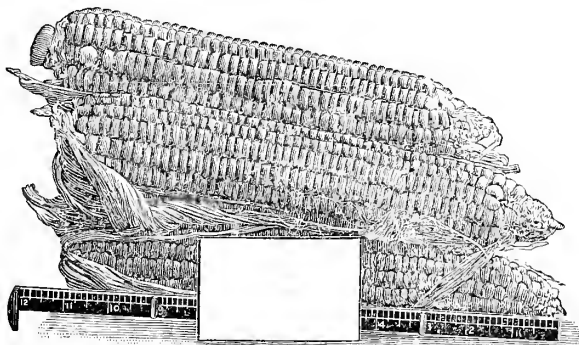

Schwill's Largest of All Lettuce.

LETTUCE.

Schwill's Largest of All—A fine exhibition sort, no round-headed variety approaching it in size and effect. A good header, of most excellent quality as respects color and texture of leaf. This variety has made us a host of friends and has pleased our market gardener customers better than any sort we ever introduced. It is larger than Big Boston, stands more heat, and produces immense heads of a beautiful color. Good for private or market garden. Pkt., 5c; oz., 25c; 2 oz., 40c; $\frac{1}{4}$ lb., 75c; postage paid.

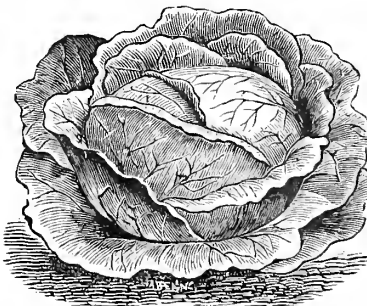

POTATOES FOR PLANTING IN SUMMER

TRUCKER'S FAVORITE CORN.

Not a true sugar corn, but a hybrid or mixture between a sugar corn and the Adams Early, and cultivated on large areas and almost exclusively by market gardeners. The ear, when in proper condition for the table, resembles a good variety of sugar corn, and has the peculiarity of bearing a small leaf on the ear, similar to those of the stalk, which appendage sets it off to advantage. This variety will mature ears for market in about 70 days from germination. The stalk is quite leafy and grows to a height of 6 feet. A very profitable sort as a money maker. Plant in rows at 4 feet and thin to 2 feet. Pkt., 10c; $\frac{1}{2}$ pt., 15c; pint, 25c; qt., 40c; postage paid. By freight, qt., 30c.

Kindly send us the names and addresses of a few persons who buy seeds and trees. We wish to send them our catalogue, and we will remember the favor in filling your order.

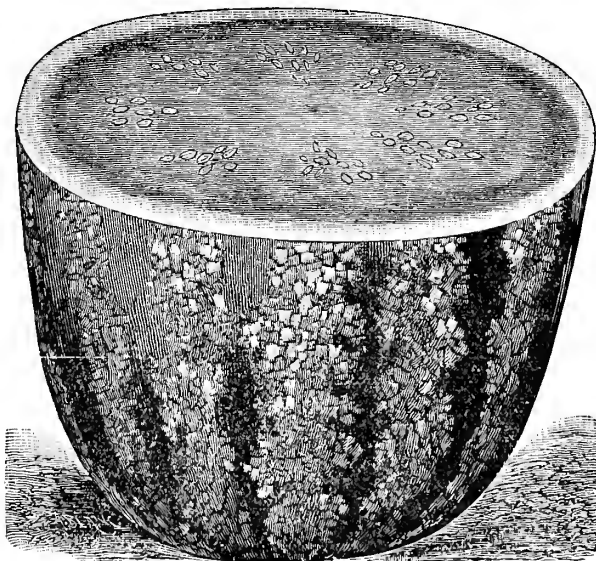

Enkhuiizen Glory Cabbage.

Rocky Ford Jr. Cantaloupe.

CANTALOUPE.

Rocky Ford, Jr.—Extra select. This seed is saved out of hand-selected fruit, and is superior to the ordinary run. Flesh light green and of a delicate spicy flavor. Has beautiful, close, strong netting; a most vigorous grower, very hardy; withstands drouth, blight and bugs remarkably well. Fruit solid; small seed cavity, seldom bursts; green-fleshed. Slightly larger than the ordinary strain of Rocky Ford; just the thing for market gardeners. Pkt., 10c; 1 oz., 25c; 2 oz., 40c; $\frac{1}{4}$ lb., 75c; 1 lb., \$2.50; postage paid.

Angel Kiss Watermelon.

WATERMELON.

Angel Kiss—One of the earliest and best-tasting melons in existence. With flesh of the deepest indescribable crimson, delightfully sweet and refreshing. It grows from medium to very large, very long in shape and nearly white in color; handsome and attractive. The flesh is the sweetest, tenderest, and the very deepest crimson we have ever seen in a melon. Pkt., 5c; oz., 15c; 2 oz., 25c; $\frac{1}{4}$ lb., 40c; 1 lb., \$1.50; postage paid.

WATERMELON.

Tom Watson—Best quality, best shape, best shipper, best size. In the Tom Watson we have a decidedly good thing directly from the State of Georgia, the "home of the watermelon." An extra long melon of attractive appearance, uniform in shape and quality. The luscious crimson flesh is "as sweet as honey," melting, and of superb flavor. The average melon will weigh 35 to 40 lbs. and measure about 28 inches long and 12 inches in diameter. It is very prolific, producing in greatest abundance the large, delicious fruits. We have great faith in the Tom Watson and believe it is one of the very best watermelons ever offered. Sure to take a leading place with large melon growers and shippers. Pkt., 5c; 1 oz., 15c; 2 oz., 25c; $\frac{1}{4}$ lb., 50c; 1 lb., \$1.25; postage paid.

Otto Schwill & Co., Memphis, Tenn.:

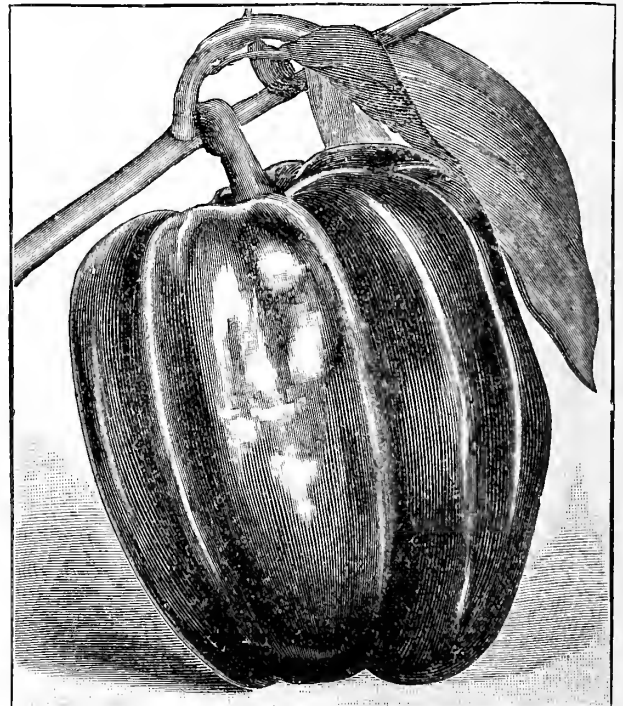

Gentlemen—You may know that I am interested in your seeds, for I have used them for five years and do appreciate them so much. I will do all I can to get you more business. All the seeds we ordered from Schwill & Co. were splendid, and I advise all my neighbors to order from you.

Yours truly,

SARAH THOMPSON.

PEPPER.

Neapolitan—A money-maker on account of its earliness. The earliest of all peppers. A great favorite with the large pepper growers in South Jersey, who ship this sort in carloads to the New York and Philadelphia markets. It is the first in market and brings top prices. It is of good size, mild flavor; flesh thick, and plants very productive. Pkt., 5c; oz., 35c; 2 oz., 60c; $\frac{1}{4}$ lb., \$1.00; lb., \$3.50.

Crimson Giant Pepper.

NEW PEPPER.

Crimson Giant—A sweet pepper of largest size; remarkably early. Matures fruits fully as early as Bell, or Bull Nose, and nearly twice as large. Compared with Chinese Giant, it is very much earlier and longer, but just as large around. We recommend this pepper very highly to our customers, feeling assured that it will give them very fine results. Pkt., 5c; oz., 40c; 2 oz., 75c; $\frac{1}{4}$ lb., \$1.35; lb., \$5.00.

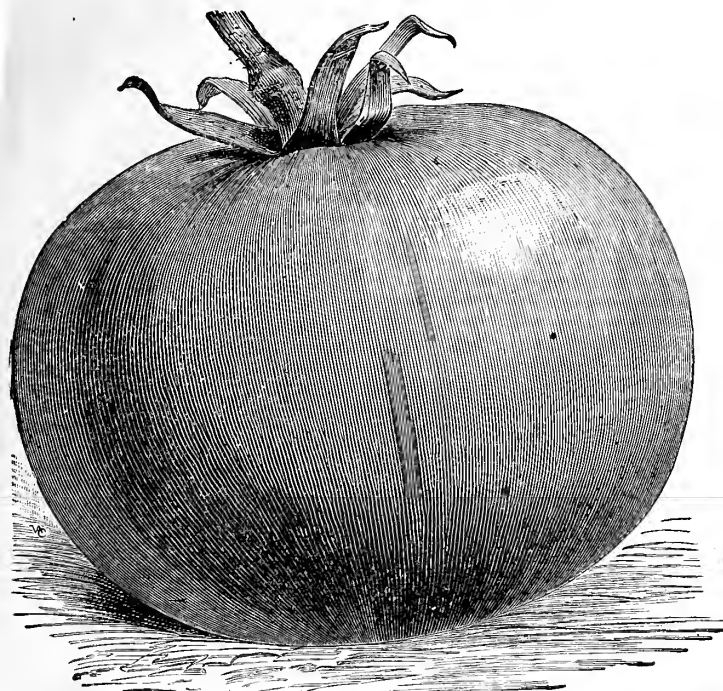

TRUCKER'S DELIGHT TOMATO.

A TOMATO WITH MERIT.

The earliest smooth tomato in cultivation. Without the slightest exaggeration we can safely say that this new tomato is all that can be desired, either for market or home use, the gardener usually securing the highest price before his neighbor has tomatoes fit to sell. The vines are stronger and more vigorous than most sorts, and bear in clusters of four and five large, handsome, deep purple fruits, which are of a delightful flavor, and for solidity and smoothness cannot be excelled by any variety now in cultivation. It is useless to misrepresent a vegetable which so quickly tells its own story. In our trials it proved to be the earliest and smoothest tomato in all the varieties tested. Pkt., 10c; oz., \$1.00; 2 oz., \$1.50; ¼ lb., \$2.50.

Early Detroit Tomato—One of the largest and best in shape of the early purple fruited tomatoes. Has all the good qualities of Acme, even to its color, but is larger and does not crack. For market, grow it; you will not be disappointed. Pkt., 5c; ½ oz., 25c; 1 oz., 50c; 2 oz., 75c; ¼ lb., \$1.00; postage paid.

Ten Ton Tomato—Persons having only a small garden will appreciate this, as it can be grown on trellises and in this way three or four times as much fruit can be grown on same space. Fine quality, extremely large and excellent for slicing or canning. Pkt., 5c; oz., 30c; 2 oz., 50c; ¼ lb., \$1.00; lb., \$3.50; postage paid.

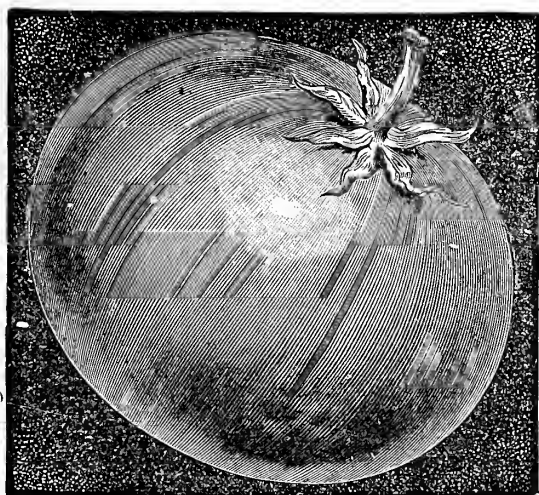

Trucker's Delight Tomato.

NEW WHITE ICICLE RADISH.

THE FINEST FLAVORED QUICK-GROWING RADISH.

If well cultivated, Icicle produces its 3½ to 4 inch long, cylindrical roots within 22 days from date of sowing. We find that for successive planting Icicle succeeds as well in mid-summer as when sown early; even in an advanced state it retains its fine flavor, never becoming woody. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 60c; postage paid.

Early Detroit Tomato.

NEW SAXONIA PEAS.

The pods are 3½ to 4 inches long, or 50 per cent. larger than the best strains of First and Best. Matures for market quite as early as the latter. Pods appear in great quantities, mostly in pairs, and are of the shape of Alaska, but twice the size. Pkt., 20c; 2 pkts. for 35c; pt., 50c; qt., 75c; postage paid. By freight, qt., 60c; 4 qts., \$1.50; pk., \$2.50.

New Saxonia Peas.

NEW SWEET PEAS.**SPENCER'S TYPE OR ORCHID FLOWERED.**

These are larger and more graceful in every way than the ordinary varieties, absolutely unequaled, a matchless combination of giant flowers, a new and distinct form.

**Spencer's Orchid Flowered Sweet Peas.**

Countess Spencer—Bright, clear pink, large flower on long stems.

King Edward Spencer—Self-colored, brightest red or crimson scarlet; large.

Burpee White Spencer—The finest clear white variety in existence today.

Burpee Primrose Spencer—A clear, distinct primrose, graceful, wavy flower.

Othello Spencer—Immense wavy deep purple maroon.

John Ingman Spencer—Open form; a deep shade of rose carmine.

Helen Lewis Spencer—Crimson orange; very large; a beautiful flower.

Price, any variety: Pkt., 5c; 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.25.

Countess Spencer, Superb Mixture—A grand combination of the new orchid sweet flowering peas. Pkt., 5c; 1 oz., 10c; ¼ lb., 30c; 1 lb., \$1.00; postage paid.

COSMOS.

Lady Lenox—An orchid-flowering cosmos of recent introduction, having gigantic blooms of a delightful shell-pink color. Strong and vigorous grower, attaining a height of 6 to 7 feet; flowers may be cut with any length of stem up to 5 feet, and will last an unusual length of time in water. Pkt., 10c.

ESCHSCHOLTZIA.

Burbank's New Crimson—Is a most beautiful rosy crimson color and was produced from the common California Eschscholtzia; it comes very true from seed. Pkt., 5c; 6 pkts., 25c.

VERBENA.**Burbank's Mayflower Verbena.**

Burbank's Mayflower—Extremely fragrant, beautiful shades of pink, white and rosy crimson. Pkt., 15c; 2 pkts., 25c.

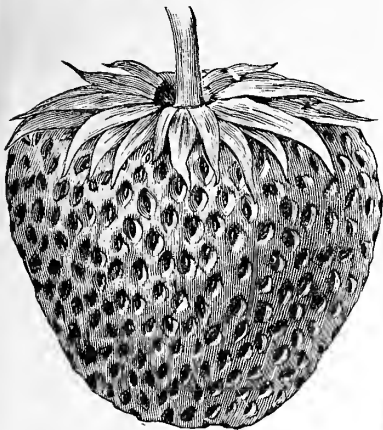

POPPY.**Burbank's 1911 Selection Poppy.**

Burbank's 1911 Selection—This has been acknowledged far and wide as the best of all Shirley poppies. The petals are beautifully crimped, the colors vary through all the shades of colors ever found in the Shirley poppy, crimson, pink to pure white, including the new salmon shades. In brilliancy they excel all others. Pkt., 10c; 3 pkts., 25c.

ZINNIA.

Little Red Riding Hood—A dwarf, compact growing zinnia, with bright scarlet flowers. Pkt., 10c; 3 pkts., 25c.

PAN-AMERICAN STRAWBERRY.

**Prices Subject
to Change
Without Notice**

In compiling this catalogue we have endeavored to make prices that will hold good during the entire season; in some cases, however, this is impossible, and we therefore reserve the right to change any of the prices named herein without notice.

Pan-American Strawberry.

Pan-American—A strawberry plant that produces a large and continuous crop of fine large strawberries from August until winter. Pick off all fruit stems until July; after that date allow them to bloom early in August. It fruits well on the current year's young plants as well as the old ones, the first berries ripening on the old plants, while the young plants are in bloom. The Pan-American is a genuine fall-bearing strawberry and has proven so beyond all possible doubts; a variety from which bears fruit continually. We believe Pan-American would be a profitable crop to grow on account of the high price of berries in the fall. Get a start of plants, propagate until you get enough for an acre and use plenty of good fertilizers and see the enormous profits you would get for your efforts, besides the great pleasure you would have in growing them for your own family table. Try some of these wonderful strawberries and surprise your neighbors with strawberries in October. Price of plants: Doz., \$1.00; postage paid. By express, doz., 75c; 25 for \$1.00; 100 for \$3.00.

ST. REGIS EVERBEARING RASPBERRY.

THE "EARLY 'TILL LATE" RASPBERRY.

Originator's Descriptions—Raspberries for four months!

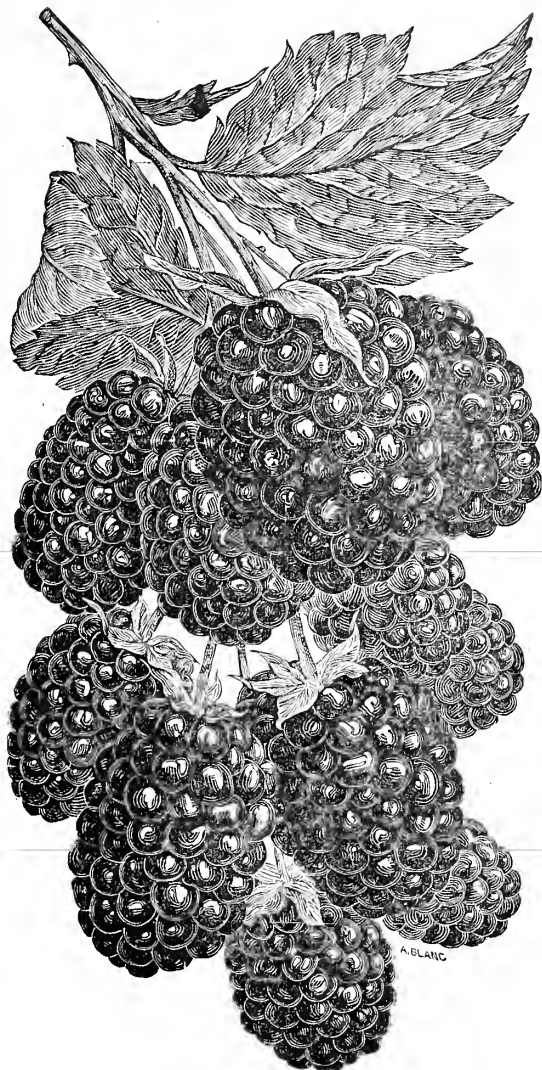

That's what you get when you plant St. Regis—this new everbearing variety. Moreover, they are not only raspberries, but raspberries of the very highest grade—in size, in brilliant, crimson color, in firmness, in flavor.

The variety has been aptly termed "the early 'till late" variety; for it is the first red raspberry to give ripe fruit, while it continues to produce berries without intermission until late in October.

It gives a crop of fruit all summer and autumn, fruiting on the old canes in generous quantities until late in August. By this date, berries begin to ripen upon the young, i. e., current year's canes, which continue to produce berries in increasing numbers until late autumn; in fact, until severe frosts occur. One year plants, each 15c; 10 for \$1.25; 25 for \$2.00; by express only.

BURBANK NEW PLUM.

Santa Rosa—The latest and introduced as the best of Luther Burbank's plum productions. We quote from the introducer's description: "Tree a strong, vigorous, upright grower; resembles the Wickson in habit with larger and more abundant foliage. Fruit uniformly large, averaging six inches in circumference each way; as a shipper it is the peer of them all—'standing up' under the most trying conditions; color, deep purplish crimson with blue bloom; flesh purple, shaded scarlet; pit small; the eating quality is unequaled, rich, fragrant, delicious; ripens with the earliest two weeks before Burbank." 75c each, 3 for \$2.00.

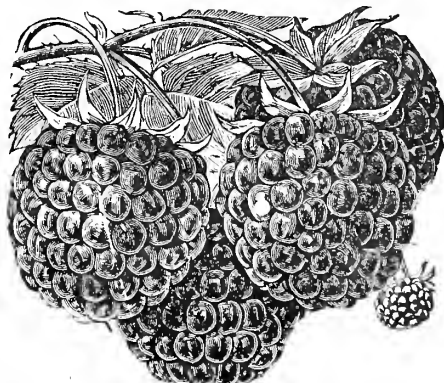

Himalaya Giant Blackberry.

NEW BLACKBERRY.

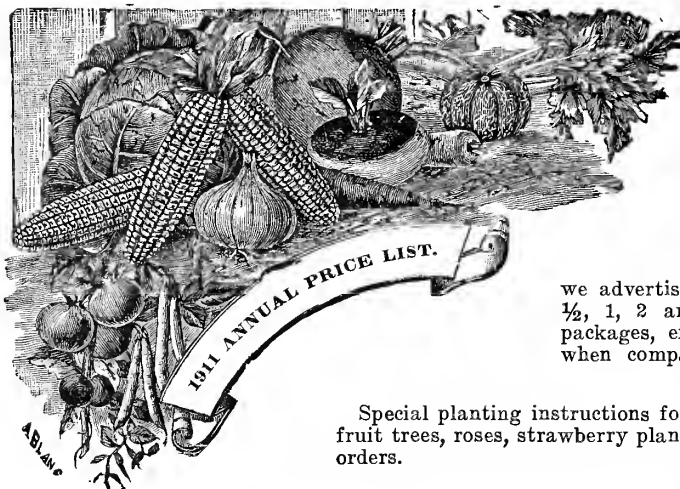

Himalaya Giant—A late blackberry coming after the other berries are gone, ripening over a period of several weeks, making it especially desirable for family use. They are seldom injured by frost, as they blossom after all frosts are over. It must be grown on a trellis—the vines under favorable conditions growing 15 to 20 feet. The berries grow in bunches, are of excellent flavor and the yield surpasses any berry ever introduced. One year old plants, 15c each; \$1.25 per 10.

We have a special descriptive and illustrated Poultry Supply price list, which also contains complete lists of stock foods and bee supplies, spray pumps, etc. We are glad to send it to anyone.

St. Regis Everbearing Raspberry.

RELIABLE VEGETABLE SEEDS

OUR stock of vegetable seeds we are sure cannot be excelled either in quality or selection by any firm in the country.

Every variety listed is desirable and has our recommendation. Our packets are, we believe, as well filled as any reliable seed dealer's in the United States, and, in fact, a comparison has shown that they contain more seed, on the average, than those of any other reliable firm.

MAILING SEEDS.

In this department no firm is better prepared. Orders are filled with promptness, and we send you just what we advertise. At prices given, we pay postage on seeds in packets $\frac{1}{2}$, 1, 2 and 4 ounces, $\frac{1}{2}$ and 1 pound, $\frac{1}{2}$ pint, pint and quart packages, except where noted otherwise. Bear this in mind, please, when comparing prices with other reliable firms.

HOW AND WHEN TO PLANT.

Special planting instructions for sowing all kinds of vegetable and flower seeds, setting fruit trees, roses, strawberry plants, sowing grasses and clover seeds, supplied free with orders.

ASPARAGUS.

One ounce will sow 40 feet of drill.

Sow in spring as soon as the soil is in good working condition. Cultivate during summer, and give the plant a light covering of stable litter during winter. At one or two years, transplant to permanent beds.

Columbian Mammoth White—A new and entirely distinct kind, whose shoots are white and stay white as long as fit for use. It is more robust and vigorous in habit and throws up larger shoots and fully as many of them as Conover's Colossal. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 20c; lb., 60c; postage paid.

Conover's Colossal—Very large, prolific and tender. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 20c; lb., 50c.

Palmetto—A fine variety, producing large asparagus. Very early. Pkt., 5c; oz., 10c; $\frac{1}{4}$ lb., 25c; lb., 50c; postage paid.

CHERVIL.

Curled—Used for flavoring and garnishing. Pkt., 5c; oz., 25c; postage paid.

CRESS, OR PEPPER GRASS.

One ounce will sow about 15 square feet.

A well-known pungent salad. Sow at frequent intervals, to keep up a succession, as it soon runs to seed.

Curled or Pepper Grass—Pkt., 4c; 1 oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c.

True Water—Pkt., 10c; postage paid.

CHIVES, OR SCHNITTLAUCH.

A species of onion, used for seasoning; mostly used for putting on cream or cottage cheese. Seed planted this spring will do to use next year. Hardy perennial. Seed, per pkt., 15c; postage paid.

CORN SALAD, OR FETTICUS.

One ounce will sow about 18 square feet, and 6 pounds will sow one acre.

Sow in September or October. Large, round-leaved. Pkt., 4c; 1 oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 25c; lb., 70c; postage paid.

ARTICHOKE, JERUSALEM.

Grown for its tubers, which resemble potatoes, and are cultivated in a similar manner, only the rows should be at least four feet apart when grown in rich soils. Requires three bushels to an acre.

Large Tubers—Qt., 35c; postage paid. By freight, pk., 75c; bu., \$2.00.

BROCOLI.

Sow as soon as the ground can be worked in the spring.

Plant out two feet apart each way.

Purple Cape—Best for this country. Pkt., 5c; 1 oz., 35c; 2 oz., 50c; postage paid.

BRUSSELS SPROUTS.

The plant grows two or three feet high and produces from the side of the stalk numerous little sprouts one or two inches in diameter, resembling cabbage. Pkt., 5c; 1 oz., 20c; 2 oz., 35c; $\frac{1}{4}$ lb., 50c; postage paid.

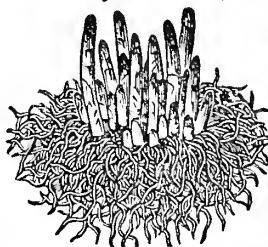

ARTICHOKE, GLOBE.

One ounce will produce 500 plants.

Sow in light, rich and rather moist soil, in drills eight or ten inches apart; when the plants are well up transplant, four to five inches deep, in rows four feet apart, and two feet apart in the rows. Cover with straw during winter.

Green Globe French—Fine large heads. Pkt., 5c; oz., 35c; postage paid.

Green Globe Artichoke Plants—1 year seedlings; will bear this year. Each, 20c; doz., \$1.50; by express only.

Asparagus Roots.

Corn Salad.

ASPARAGUS ROOTS.

Our own raising, sure to grow. We send them by express only; they are too heavy for mailing.

Palmetto—Strong 2 year roots. Per doz., 25c; 50, 75c; 100, \$1.00; 1,000, \$6.00.

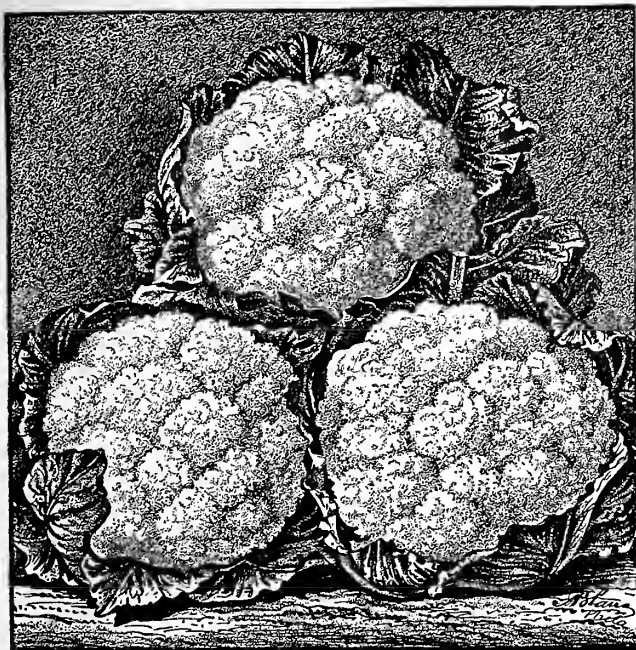

Palmetto—Strong 3 year roots. Per doz., 50c; 50, \$1.00; 100, \$1.50; 1,000, \$10.00.

Conover's Colossal—Strong 2 year roots. Per doz., 25c; 50, 50c; 100, 75c; 1,000, \$5.00.

Conover's Colossal—Strong 3 year roots. Per doz., 50c; 50, 75c; 100, \$1.25; 1,000, \$8.00.

Columbia Mammoth White—Two year roots. Per doz., 25c; 50, 75c; 100, \$1.25; 1,000, \$10.00.

We can furnish good one year roots of the above varieties at 50c per 100, \$4.00 per 1,000.

Dry Weather Cauliflower.

CARROT.

One ounce will sow about 125 feet of drill; 4 pounds will sow an acre.

Carrots deserve a more general cultivation in the South than they now have. The young, tender roots are excellent stewed or boiled, either alone or with meat, as well as for seasoning and flavoring soups.

Early Scarlet Horn—The favorite for an early crop.

Half Long Chantenay—Deep scarlet variety, good for market.

Half Long Danvers—Of good quality and productive.

Half Long Scarlet—A deep red color of perfect form.

Long Orange—Best for market; deep orange.

Mammoth Orange—Extra large golden yellow; smooth.

Ox Heart—Of extra fine quality and very productive.

Yellow Belgian—Large yellow; excellent for stock.

Price of any of the above eight varieties of carrots: Pkt., 5c; 3 pkts., 10c; oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 65c; postage paid.

DANDELION.

Sow the seeds in drills in early spring and thin out to six inches in the row and keep well cultivated and free from weeds throughout the summer. Pkt., 5c; oz., 25c; postage paid.

If you have any difficulty in securing a stand of Clover or Alfalfa, try

FARMOGERM
IT WILL PAY YOU

Imp. Long Orange Carrot.

Georgia White Cabbage Collard.

COLLARDS.

Old-time favorites and standby all over the South. They are well adapted to every Southern state, and is a species of cabbage which is not only very hardy, but a vigorous and continuous grower, producing a mass of leaves and, later in the season, a fairly good head.

Georgia White Cabbage—Called cabbage collard on account of its close, bunching growth and light green leaves. Originated from Buncombe cabbage. Forms firm heads. Superior to the Georgia collard. Pkt., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00; postage paid.

True Southern—The old standard sort. Pkt., 3c; oz., 10c; ¼ lb., 25c; 1 lb., 80c; postage paid.

North Carolina Buncombe—A superior variety, heads up in winter, very heavy foliage, fine flavor. Pkt., 5c; oz., 15c; ¼ lb., 50c; lb., \$1.50; postage paid.

CAULIFLOWER.

One ounce will produce about 1,500 plants and sow about 40 square feet.

Dry Weather Cauliflower—This new cauliflower is especially adapted for growing in dry locations, when other varieties fail. It produces large, solid heads. By the use of this strain, cauliflower can be grown in many dry districts where it has been impossible heretofore to raise it. Pkt., 15c; ¼ oz., \$1.00; 1 oz., \$3.00.

Extra Early Erfurt—The earliest for market, sure heading. Pkt., 10c; ¼ oz., 75c; 1 oz., \$2.00; postage paid.

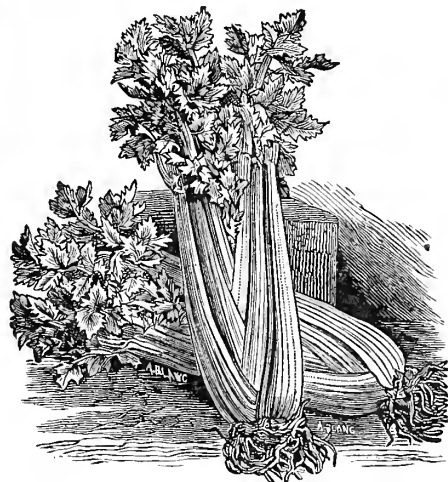

True Early Snowball—Snow white, sure header. Pkt., 10c; ¼ oz., 60c; oz., \$2.25; postage paid.

Danish Giant—Very large heads, late. Pkt., 15c; ¼ oz., \$1.00; oz., \$3.00; postage paid.

Snowball Cauliflower Plants ready March 1st; 25c per doz., \$1.00 per 100; by express only.

CELERY.

One ounce of seed will produce about 2,500 plants.

Golden Self-Blanching Celery.

Golden Self-Blanching—A favorite everywhere. It is a robust grower of dwarf habit, very stocky and compact, color a rich golden yellow. Is as self-blanching as White Plume, and simply needs a slight earthing up. Pkt., 5c; oz., 50c; ¼ lb., \$1.25; lb., \$4.50.

STANDARD VARIETIES OF CELERY.

Pkt., 5c; 3 pkts., 10c; ½ oz., 15c; oz., 25c; 2 oz., 40c; ¼ lb., 75c; any variety; postage paid.

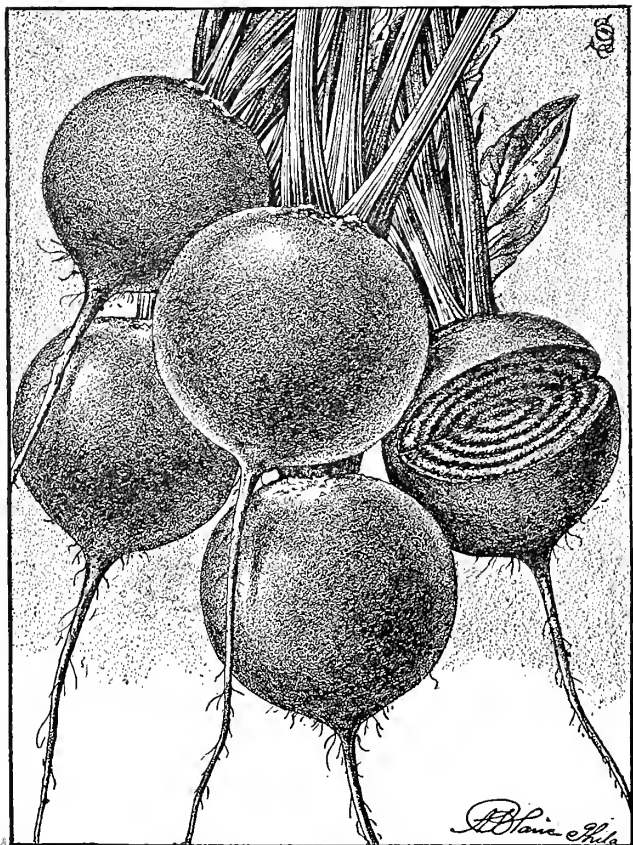

Giant Paschal	Hend. Half Dwarf
Large White Solid	Perle le Grande
Hend. White Plume	Snow White
Turnip Rooted Celaric	Winter Queen

BEETS.

One ounce to fifty feet drill, four to five pounds to the acre in drills.

5c per pkt., or 3 pkts. for 10c, any variety; postage paid.

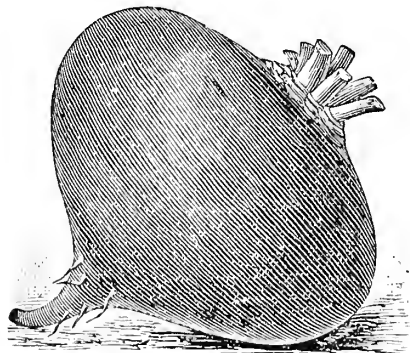

If beet seed are ordered by express, deduct 10c per lb. from following prices.

Market Gardener's Beet.

Market Gardener's Beet—As early as the Egyptian, but larger and of better quality; color of dark red, flesh very tender and sweet at all times, whether old or young. Very productive, good keepers and will produce a crop in six weeks from planting the seed. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 65c; postage paid.

Edmond's Blood Turnip—One of the best varieties grown for main crop. The skin is deep blood red; the flesh is also dark red and is sweet and tender. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 55c; postage paid.

Crosby's Egyptian Beet.

Crosby's Improved Egyptian Beet—The earliest beet in the market; a selection from the old market beet. Early Egyptian retains the earliness of the parent stock, and has added thickness, giving it a more desirable shape; it is the deepest red, almost black in color and of finer quality than the Egyptian, being sweeter and even more tender and smooth. The most desirable sort of small beets for early market. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Eclipse—Nearly globular, smooth and with very small tap root and very small collar; flesh fine grained, blood red; also a market favorite. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 55c; postage paid.

Long Smooth Blood—An excellent late variety. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 50c; postage paid.

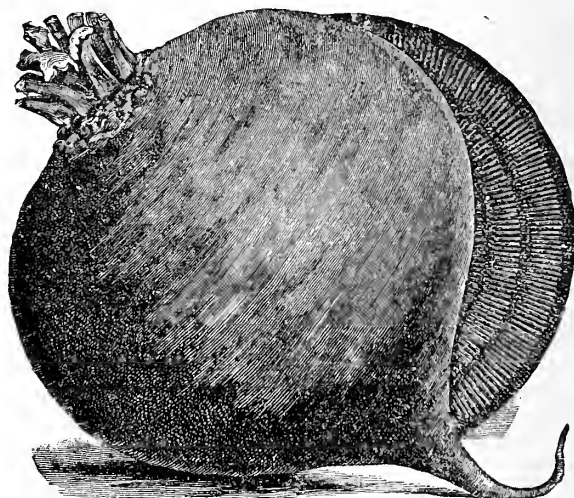

Detroit Dark Red—A choice strain of dark red turnip; fine globular or oval, smooth roots, with small tops; skin blood red, flesh dark red, zoned with a lighter shade; tender and sweet. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 65c; postage paid.

Extra Early Bassano—Flesh white, circled with a bright pink, of good flavor; shape resembles the Early Egyptian. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 50c; postage paid.

Extra Early Egyptian—Flat turnip shaped, extra early, deep red, tender and sweet. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 50c; postage paid.

Improved Blood Turnip—An excellent blood turnip variety, about a week earlier than the blood turnip, deep blood red color; fine form, excellent flavor. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 50c; postage paid.

Beet Plants—Ready March 15th; 50 for 25c; 100 for 35c. By express only.

Crimson Globe Beet.

Crimson Globe—A most excellent variety both for early use and for main crop. Is nearly as early as Crosby's Egyptian, but they can be allowed to remain in the ground and be pulled any time during the summer or fall. There is no better variety for winter use. Shape is nearly spherical, color dark red, fine grained and sweet. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; lb., 70c; postage paid.

We strongly recommend our customers having their plants sent by express when possible. You then get larger plants and the dirt is left on the roots.

Eclipse Beet.

BEETS—FOR STOCK FEEDING.

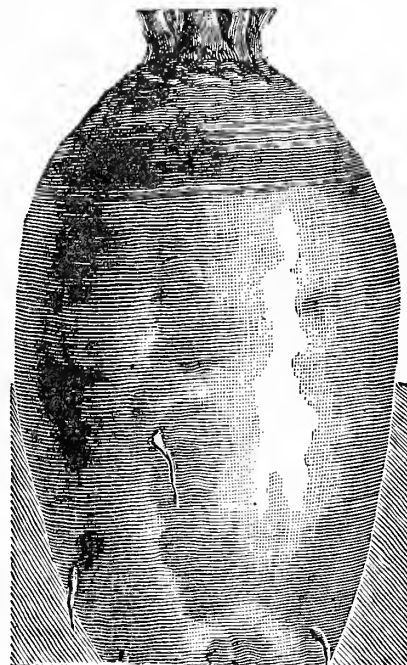

Extensively grown in all parts of the country for feeding stock. Sow in April or May in drills three feet apart, and thin to ten inches in the row. If your soil is deep and mellow, try the long varieties; if shallow the round kinds will do better. No crop pays the farmer and stock raiser better than mangels; 1,000 bushels to the acre is an ordinary yield, while with good culture 2,339 bushels have been grown to this amount of ground. It costs, counting labor, use of ground and everything, less than \$50 to raise an acre of mangels and gather and store them. This, for an ordinary yield, is a cost of only five cents per bushel. They make the cheapest of foods for all kinds of live stock—

Giant Feeding Sugar Beet.

Mammoth Long Red Mangel Wurzel.

Golden Tankard Mangel Wurzel.

horses, cattle, sheep, pigs, chickens, etc. Easily grown, and they help to keep stock in good condition and free from disease. Dairy men claim that a bushel of mangels and a bushel of corn are worth more than two bushels of corn. Use five pounds of seed to an acre.

MANGEL BEETS.

Mammoth Long Red—Dark red, of immense size, single roots often weighing 20 to 25 lbs. The best for good, deep, loamy soil. Oz., 5c; ¼ lb., 15c; lb., 40c; postage paid.

Golden Tankard—Recommended on account of its milk-producing qualities. It is of rich yellow color, sweet flavor, and yielding heavy crops of fine-shaped roots. Oz., 5c; ¼ lb., 15c; lb., 40c; postage paid.

Prize Winner Yellow Globe—Grows almost entirely above ground, and is especially adapted to shallow soil, and is also, on this account, easily pulled. The roots are beautiful and symmetrical in shape, of large size, and splendid keepers. Oz., 5c; ¼ lb., 15c; lb., 35c; postage paid.

Mammoth Yellow Intermediate—Root intermediate between the long and the globe-shaped. Flesh white, firm and sweet, much liked by cattle. Oz., 5c; ¼ lb., 15c; lb., 35c; postage paid.

How and When to Plant—Special planting instructions for sowing all kinds of vegetable and flower seeds, setting fruit trees, roses, strawberry plants, sowing grasses and clover seeds, supplied free with orders.

SUGAR BEETS.

Giant Feeding Sugar Beet—One of the most valuable for stock feeding. It unites the large size of the mangel with the great feeding value of the sugar beet. The roots average ten to twelve inches in length, with a rose-colored top. The flesh is pure white, firm, crisp and very sweet. Pkt., 5c; oz., 10c; ¼ lb., 15c; lb., 35c; postage paid.

Lane's Imperial Sugar—One of the most popular varieties for stock, and one which will succeed well throughout this latitude or farther south. Grows to a large size, is more like Mangel Wurzel in character, but the flesh is sweeter and tenderer; in fact, sometimes used for table. Oz., 5c; ¼ lb., 15c; lb., 40c; postage paid.

White Red Top Sugar—Highly prized on account of the large amount of sugar it contains. Very productive and a good keeper. Oz., 5c; ¼ lb., 15c; lb., 40c; postage paid.

Klein Wanzleben—Largely grown for sugar. The root is straight and even. A heavy yielder and rich in sugar. Price same as Lane's.

Vilmorin's Improved—An improved French variety; very rich, containing usually as high as 16 per cent. of sugar. Price same as White Red Top.

Swiss Chard, Giant Lucullus—A variety of special merit. The chard beets are growing in popularity. As two different dishes can be prepared from a single plant, its utility is at once apparent. From our illustration will be noted the thick, broad stalks, as large as rhubarb, which are prepared and served in the same manner as asparagus. The leaves are used for "greens," considered by many superior to spinach for this use. When grown on rich soil enormous stalks and leaves are produced; exceedingly tender and easily prepared. Pkt., 5c; oz., 10c; ¼ lb., 25c; lb., 75c; postage paid.

SCHWILL'S BANNER COLLECTION.

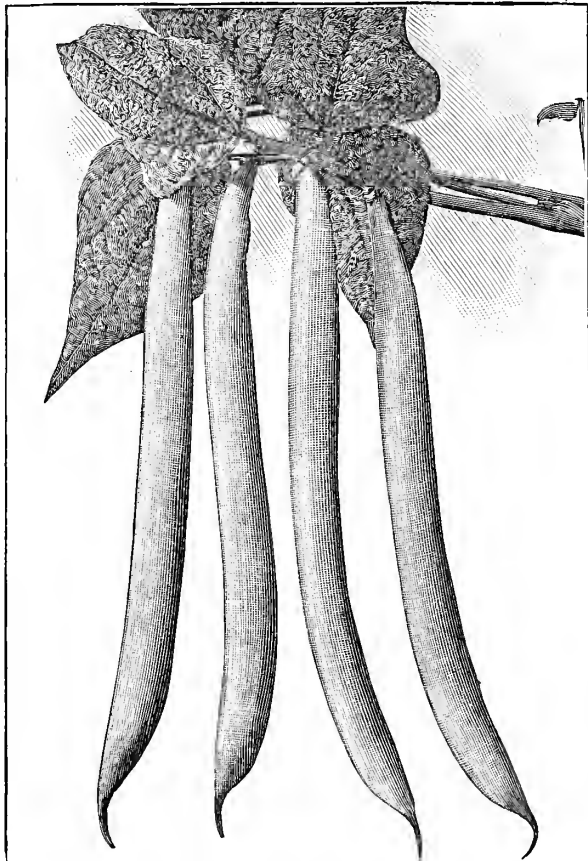

Twelve packets of best garden seed for only 25c, postage paid. One packet each of the following varieties:

Beet, Blood Turnip.	Melon, Rattlesnake.
Cabbage, Wakefield.	Mustard, Southern Curled.
Cabbage, Flat Dutch.	Radish, Scarlet Turnip.
Collard, Southern.	Squash, Early White Bush.
Cucumber, Long Green.	Tomato, Early Acme.
Lettuce, Deacon Head.	Turnip, Purple Top Flat.

BUSH BEANS, DWARF OR SNAP.

Planting and cultural directions sent free on request.
One quart to 100-foot drill; $1\frac{1}{2}$ bushels to the acre in drills.

Large packets of any variety Bush Beans are sold at 10c each, postage paid; 7 for 50c, unless otherwise noted. One-half pint packages are all 15c each, postage paid, any variety.

Hopkins' Improved Valentine.

Hopkins' Improved Valentine—The Hopkins strain of Valentine is superior for market purposes to the ordinary Valentine, because it is a more vigorous grower and larger yielder, and the pods, while no better, are considerably larger, longer, round and not quite so curved. The dry bean is a large, long, deep red speckled one, being considerably different to the ordinary Valentine in appearance. It stands the dry, hot weather at the South better than any sort of the same quality. 1 pt., 25c; 1 qt., 40c; postage paid. By express or freight, pt., 15c; qt., 25c.

Black Valentine—A comparatively new variety which is becoming very popular with early growers, because it is much more hardy than the other stringless sorts, stands more frost and cold weather, consequently can be planted earlier with less risk. Very productive, round, straight, tender pods, and good either for home use or market. The beans are very dark brown, almost black, slightly mottled with dark brown. 1 pt., 25c; 1 qt., 45c; postage paid. By express, 1 pt., 15c; 1 qt., 30c.

Full Measure—A new variety. It is very prolific and the pods are large, handsome, dark green color, and entirely stringless. Matures as early as Stringless Green Pod and is its equal in quality, surpassing that variety in productiveness. 1 pt., 30c; 1 qt., 50c; postage paid. By express, 1 pt., 20c; 1 qt., 35c.

Improved Early Red Valentine—Desirable for market or family use, being early, productive and tender. 1 pt., 20c; 1 qt., 40c; postage paid. By express, 1 pt., 15c; 1 qt., 25c; 4 qts., 70c.

Burpee's Brittle Wax—An extra early, hardy variety of fine quality; long, round, meaty pods of rich golden yellow; immensely productive. Price same as Valentine Wax.

Improved Golden Wax—Very valuable, rust-proof strain of Golden Wax, which stands drouth remarkably well. Pods rather flat, nearly straight, fleshy and of highest quality. 1 pt., 25c; 1 qt., 40c; postage paid. By express, 1 pt., 15c; 1 qt., 25c.

Golden-Eyed Wax—This is a vigorous growing variety, pods flat and larger than the Golden Wax. 1 pt., 25c; 1 qt., 40c; postage paid. By express, 1 pt., 15c; qt., 25c.

Earliest Valentine Wax—This is an improved extra early Valentine Bean with round waxy pods. Pt., 25c; qt., 45c; postage paid. By express, pt., 15c; qt., 30c.

German or Black Wax—Round pods of a rich golden color, very productive. Price same as Improved Golden Wax.

We can also supply the following well-known standard varieties at a uniform price, viz.: Pt., 20c; qt., 35c; postage paid. By express, 1 pt., 15c; qt., 20c; 4 qts., 50c; pk., \$1.00; bu., \$3.50.

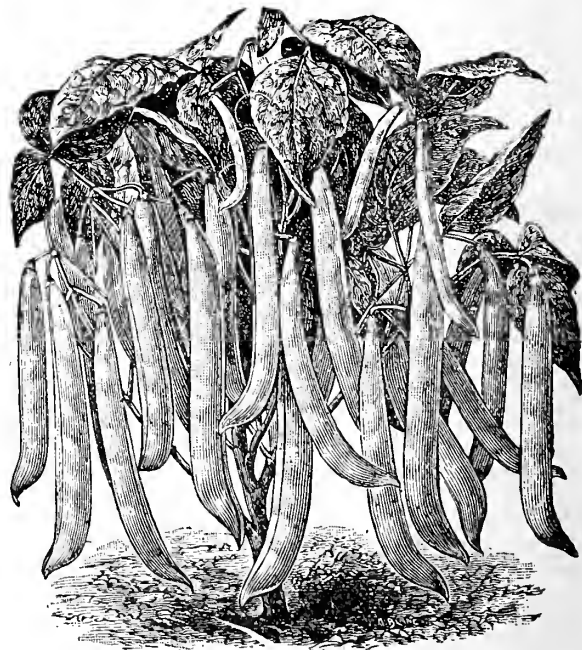

DWARF GREEN POD VARIETIES.

Best of All.	Giant Stringless Green Pod.
Extra Early Refugee	Red Kidney.
Early Mohawk, Six Weeks.	Large White Marrow.
Long Yellow, Six Weeks.	White Navy or Tree Bean.

DWARF WAX VARIETIES.

Prices uniform: Pt., 20c; qt., 40c; postage paid. By express, pt., 15c; qt., 25c; 4 qts., 65c; pk., \$1.25; bu., \$4.75.

Currie's Rustproof.	Hodson's Wax Pod.
Davis' Wax.	Flageolet Violet Wax.
Keeney's Rustproof Wax.	Wardwell's Kidney Wax.
Burpee's New Stringless Wax	Pencil Pod Wax.
Yosemite Mammoth Wax.	

Burpee's Stringless Green Pod Bush Bean.

Burpee's Stringless Green Pod—A stringless green pod bush bean. It surpasses all others in crisp, tender flavor. The finely shaped, long green pods are absolutely stringless, and are ready to market two weeks earlier than the Valentines. Of immense value, not only to the market gardener, but also to the amateur who seeks a rare quality early bean for the home table. 1 pt., 25c; 1 qt., 40c; postage paid. By express, pt., 15c; qt., 25c.

BUSH LIMA BEANS.

One quart will plant 100 feet of drill.

Price for any variety, per pkt., 10c; ½ pt., 20c; postage paid.

Wood's Prolific Bush Lima.

Wood's Prolific Bush Lima—A greatly improved strain of Henderson's Bush Lima. Equally as early and prolific and produces much larger pods and beans. Pt., 30c; qt., 50c; postage paid. By express, pt., 20c; qt., 35c.

Dreer's Wonder Bush Lima—True bush Lima. An immense yielder, growing about one and a half feet high. Pods seven to eight inches long. Pt., 30c; qt., 50c; postage paid. By express, pt., 20c; qt., 35c.

Burpee's New Improved Bush Lima—A distinct strain. The earliest, largest and the best of all large Limas. This new strain differs from the popular Burpee's Bush Lima in bearing uniformly much larger pods, producing more beans, while both pods and beans are much larger and thicker. The bush is more vigorous, larger and more productive, but distinctly of the dwarf, erect type. It is reasonably claimed that the Improved will outyield the older strain of Burpee's Bush Lima by at least one-third. While the beans are as large as those of the Large Lima, the crop of the Improved is ready for gathering from eight to ten days earlier. In quality, the beans are equal to any, being thin-skinned, juicy and of fine flavor. Pt., 30c; qt., 50c; postage paid. By express, pt., 20c; qt., 35c.

Henderson's Bush Lima—A dwarf form of the Small Lima and valuable because of its extreme earliness. Pods short, fat and containing from 2 to 4 beans; superior in quality. Pt., 20c; qt., 40c; postage paid. By express, pt., 15c; qt., 25c.

Fordhook Bush Lima—One of the latest new varieties, immense white beans, fully as large as the Pole Limas, are produced in abundance. Price the same as Dreer's Wonder Lima.

POLE LIMA AND BUTTER BEANS.

Price, and variety: Pkt., 10c; ½ pt., 15c; postage paid.

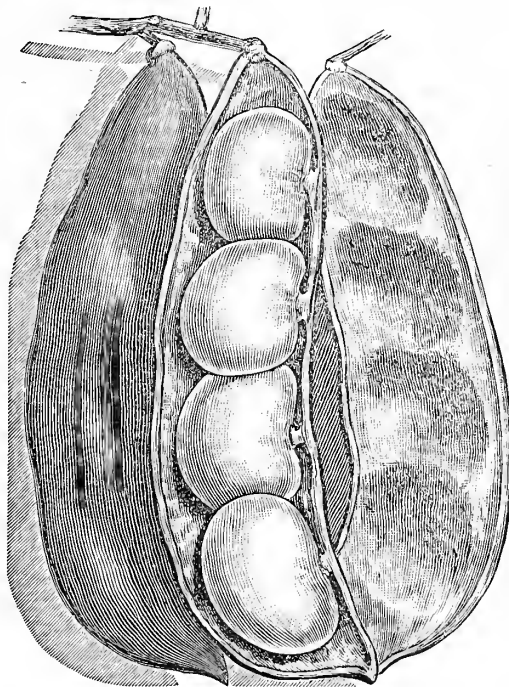

King of the Garden Lima—Vines very vigorous and productive. Pods very long, filled with four or five immense white beans of the finest quality. Pt., 25c; qt., 45c; postage paid. By express, pt., 15c; qt., 30c.

Schwill's Monstrous Lima—A vigorous grower. The pods are of enormous size, many specimens measuring from five to eight inches and producing up to seven beans to the pod, all perfectly formed and of superior quality. Pt., 25c; qt., 45c; postage paid. By express, pt., 15c; qt., 30c.

Carolina or Small Lima—The true butter bean. Seeds are small but very prolific. Will stand more heat and drouth than most of this class and seems to be especially well adapted to the South. Pt., 30c; qt., 45c; postage paid. By express, pt., 15c; qt., 25c.

Henderson's Leviathan Pole Lima—Mammoth pods and beans; no variety of Lima beans is as large. This new bean was introduced last season by the firm for whom it is named, and our trials have proven it extra fine. Price the same as Schwill's Monstrous Lima.

Large White Lima Pole—A very popular sort that has been successfully grown for years. Price same as King of Garden Lima.

Siebert's Early Lima.

Siebert's Early Lima—One of the very best for market gardeners. The result of a number of years' selecting to largest green beans and easily opening pods. Very productive, hardy and vigorous. Produces pods early, and continues to the last of the season. Price the same as King of Garden Lima.

McCall Creek, Miss., Feb. 27, 1910.

Otto Schwill & Co., Memphis, Tenn.:

Gentlemen—Plants were received in perfect condition and are very nice. I can say that I thank you very much for sending plants to replace the inferior tree and that everything received from you is satisfactory. I hope to remain a small customer of yours. Hoping to receive the lemon plant in a few days, I remain,

Yours respectfully,

HENRY JONES.

Poolville, Texas, January 2, 1910.

Otto Schwill & Co., Memphis, Tenn.:

Gentlemen—Please send me one of your seed catalogues. I have changed my address and thought I would write you for a catalogue, as I want to send and get my seed from you, as I have always had good luck with seed that I ordered from you.

Yours truly,

MINNIE WAMPLER.

POLE OR RUNNING BEANS.

One quart will plant about 150 hills. Culture directions free on application.

Price for any variety, 10c per pkt.; ½ pt., 15c; postage paid, excepting where noted.

Scotia Pole or Corn Field Bean—An extraordinary pole snap bean, surpassing anything ever seen in our section, bearing profusely and continuing until frost. The handsome green pods average 8 or 9 beans to the pod, grow very uniform, about 6 inches long, perfectly stringless, thick-meated, rich and buttery. It continues in bearing so long it might be called "Everbearing." Specially adapted to growing on corn, thus economizing space on valuable land, or where poles are scarce. Pt., 30c; qt., 50c; postage paid. By express, pt., 20c; qt., 35c.

Southern Creaseback—Perfectly round, with a crease in the back; very fleshy and of fine quality. Pt., 25c; qt., 40c; postage paid. By express, pt., 15c; qt., 25c.

Kentucky Wonder—A famous pole variety. It is one of the best. Vigorous grower, very productive, bearing its long pods in clusters, nearly round, very crisp, tender and of a most superior flavor. Pt., 25c; qt., 45c; postage paid. By express, pt., 15c; qt., 25c.

Lazy Wife's Pole Bean—Pods of medium dark green color, broad, thick and very fleshy, and retain their rich, tender qualities until nearly ripe. Pt., 25c; qt., 45c; postage paid. By express, pt., 15c; qt., 30c.

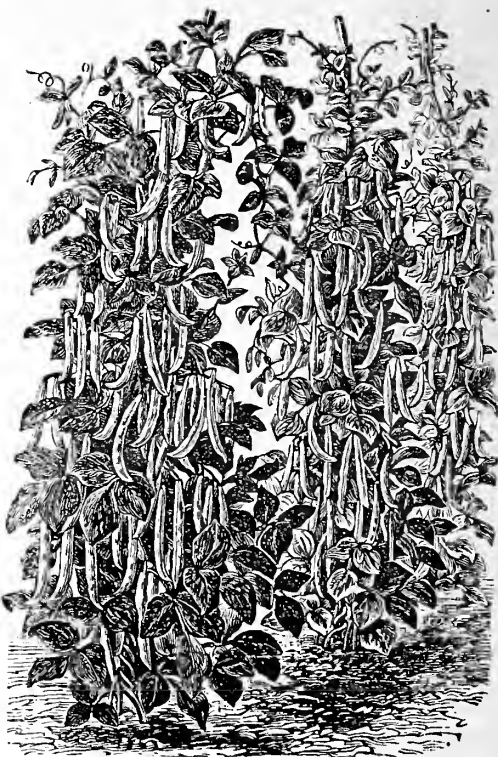

Red Speckled Cut Short, or Corn Hill—An old variety, very popular in the Central and Southern states for planting among corn. Pods short, fleshy and of good quality. Price the same as Creaseback.

Southern Prolific—Pods long, green, very fleshy and tender when not too old, but if allowed to remain on vine too long get tough and stringy. Price the same as Southern Creaseback.

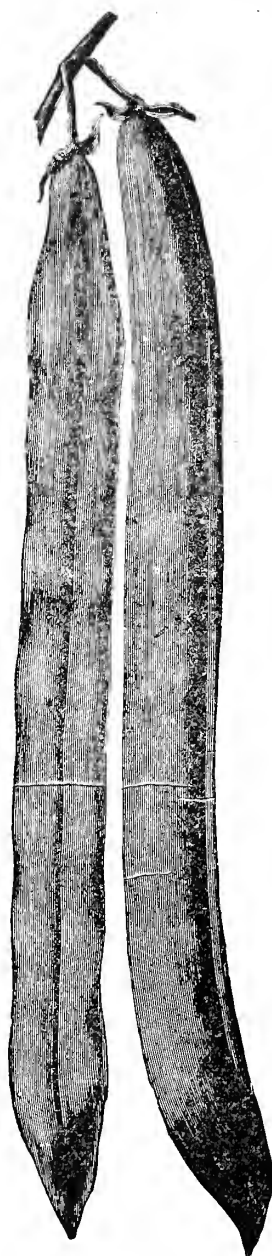

Horticultural, or Wren's Egg (Sometimes called the October Bean, Cornfield Bean, etc.)—The pods are green with dashes of red, and mature in about seventy-five or eighty days. It is very hardy and enormously productive, making very large and luxuriant vines and yielding pods about six inches in length. The appearance of the bean when dry is large, almost round, plump, speckled, and resembles a wren's egg, hence its name. Price the same as Southern Creaseback.

Kentucky Wonder Wax—A vigorous growing, wax podded pole bean, similar, aside from color of pod, to the green podded Kentucky Wonder. Pods very long, broad, very fleshy and quite as stringless as snaps, while for green shells later in the season the pods are well filled with large beans of delicious flavor. Its earliness and hardiness commend it as a pole bean well adapted even for northern latitude. Its very large, golden yellow pods are certainly handsome in appearance and are unexcelled in quality by any wax podded bean of its class. Pt., 30c; qt., 50c; postage paid. By express, pt., 20c; qt., 35c; 4 qts., \$1.00; pk., \$1.75; bu., \$6.00.

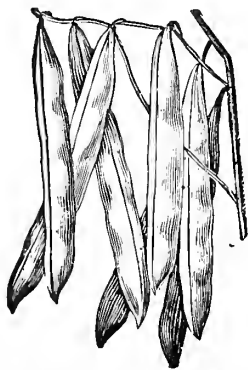

Asparagus or Yard Long Beans—A great curiosity, and withal a bean of excellent quality. It is a climbing variety of strong, vigorous growth and belongs to the Dolichos family. Pods usually are 13 to 24 inches, but frequently 30 inches, and sometimes 36 inches in length. An excellent table vegetable, the pods being tender and of a rich asparagus flavor. Pkt., 10c; ½ pt., 25c; postage paid.

Kentucky Wonder Pole Beans.

Scotia Cornfield Beans.

Southern Creaseback Pole Bean.

CUCUMBER.

Culture and planting directions sent free with all orders when requested.

One ounce will plant fifty hills; one to two pounds will plant one acre.

Packets of many variety listed below are 5c each, or 3 for 10c; postage paid.

Extra Long White Spine Cucumber.

Extra Long White Spine—Has not yet been surpassed as a desirable cucumber for the table or for the gardener. Its beautiful dark green color and long, symmetrical shape, together with its good flavor and crispness, makes it one of the most profitable. Oz., 10c; 2 oz., 15c; ¼ lb., 30c; lb., \$1.00; postage paid.

Giant Pera—An exceedingly large growing sort. Shape long, thick and smooth, having no spines. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.10; postage paid.

Klondyke—Dark green and very productive. Price the same as Extra Long White Spine.

Extra Early Long Green—One of the best general-purpose cucumbers in cultivation, the young fruit being very symmetrical in shape, deep in color, and very crisp. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.10; postage paid.

West India Gherkin—Oval-shaped; prickly; for pickling only. Pkt., 5c; oz., 20c; postage paid.

Cumberland—A distinct sort, which is especially desirable for pickling. The young cucumbers are of even size and regular form, thickly set with small spines, and are equally attractive for making small gherkins, medium-sized or large pickles. Price the same as Early Cyclone.

Hill's Forcing White Spine—A week earlier than the Early White Spine. Oz., 15c; 2 oz., 25c; ¼ lb., 35c; lb., \$1.10; postage paid.

Early Cyclone—Beautiful in shape and color and of the finest quality. The fruit is long, cylindrical, dark green, with very white, crisp and tender flesh. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.00; postage paid.

Improved Long Green—A fine bearer of superior quality. Oz., 10c; 2 oz., 20c; ¼ lb., 30c; lb., \$1.00; postage paid.

Long Green Turkey—An excellent variety. Dark green; flesh firm and solid. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; lb., \$1.00; postage paid.

Japanese Climbing—This is a strong and vigorous grower. Fine for pickling. Oz., 15c; 2 oz., 25c; ¼ lb., 35c; lb., \$1.25; postage paid.

Early Green Cluster—A very early variety, bearing in clusters. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 80c; postage paid.

Arlington White Spine—An improved strain of the White Spine; good for forcing or outdoors. Price same as Extra Long White Spine.

PRICE LIST STANDARD CUCUMBERS.

At a uniform price as follows: Pkt., 5c; any 3 pkts., 10c; 1 oz., 10c; 2 oz., 20c; ¼ lb., 25c; 1 lb., 85c; postage paid.

Early Frame. Imp. Early White Spine.

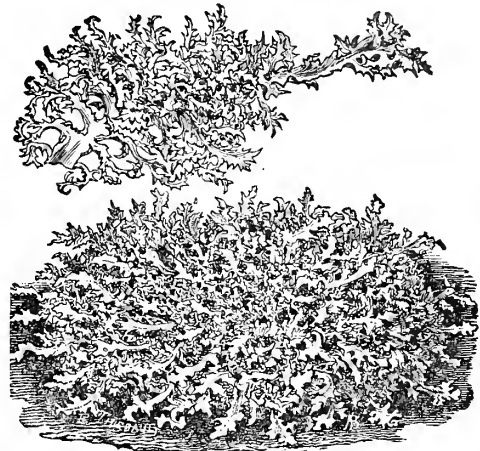

Everbearing. Fordhook Pickle.

Cool and Crisp.

ENDIVE.

One ounce will produce 1,000 plants.

Fringed or Oyster—A beautiful fringed kind, largely used. Pkt., 3c; ½ oz., 10c; 1 oz., 15c; 2 oz., 25c; ¼ lb., 45c; postage paid.

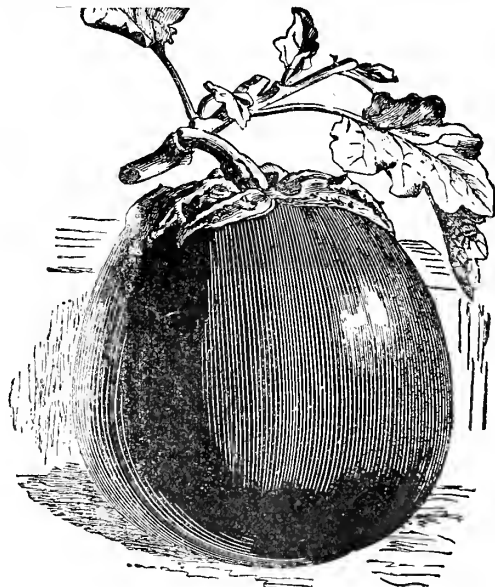

Large Green Curled Endive.

Large Green Curled—The standard late kind. Makes a delicious autumn salad. Pkt., 5c; ½ oz., 10c; 1 oz., 15c; 2 oz., 30c; ¼ lb., 50c.

EGG PLANT.

One ounce will produce about 1,000 plants.

Improved New York—Best variety in cultivation, a sure cropper and of fine quality. Fruit very large, oval and a deep purple color; flesh white and tender. Pkt., 5c; oz., 30c; ¼ lb., \$1.00; postage paid.

Black Beauty Egg Plant.

Black Beauty—Fruit symmetrical and uniformly of a rich dark purple color. Fruits mature a little earlier than Improved Purple, but are not quite as large. Pkt., 5c; oz., 35c; ¼ lb., \$1.25; postage paid.

Florida High Bush—A beautiful, rich purple color; oblong in shape; productive. Will stand more heat than any other variety. Bushes stand high up, holding the fruit well off the ground, thereby preserving the fruit better than other sorts during rainy weather. Pkt., 5c; oz., 40c; ¼ lb., \$1.25; postage paid.

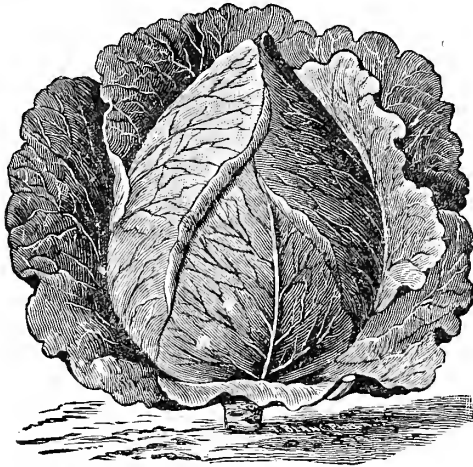

Egg Plants ready for transplanting April 20th. Price, 25c doz., hotbed; 50 per doz. in pots. By express only.

CABBAGE.**HIGHEST QUALITY AMERICAN GROWN.**

Free culture and planting instructions will be sent on request with all orders amounting to 25c or more. This is a valuable booklet, giving much information on growing all kinds of vegetables. Don't fail to ask for it.

We pride ourselves on having the best, purest and highest grade of cabbage seed that is offered, or at least it is surpassed by none. Compared with the cost of seed, there is more money in growing cabbage than in any other crop, and there is nothing that growers should be more particular about. One ounce of seed will sow 300 feet of drill; 6 ounces sown thinly should provide plants enough for one acre.

Price any variety of cabbage seed, 5c per pkt., 3 pkts. for 10c; postage paid.

Charleston Large Wakefield Cabbage.

EARLY VARIETIES.

Charleston or Large Wakefield—Large, solid heads, of good quality; a few days later than Early Jersey Wakefield. Specially recommended for market gardeners. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$1.75; postage paid.

Early Winnigstadt—Conical shape; quality very good. This variety is especially adapted for light soils, where it does better than other sorts. 1 oz., 20c; 2 oz., 35c; ¼ lb., 50c; 1 lb., \$1.70; postage paid.

Extra Early Eureka—This is a valuable extra early variety, coming into use as early as Wakefield. The heads are round, slightly flattened and very solid. 1 oz., 25c; 2 oz., 50c; ¼ lb., 75c; 1 lb., \$2.25; postage paid.

Early Jersey Wakefield—A leading variety and one of the best for private or market gardeners' use; conical shape. 1 oz., 25c; 2 oz., 50c; ¼ lb., 75c; 1 lb., \$2.00; postage paid.

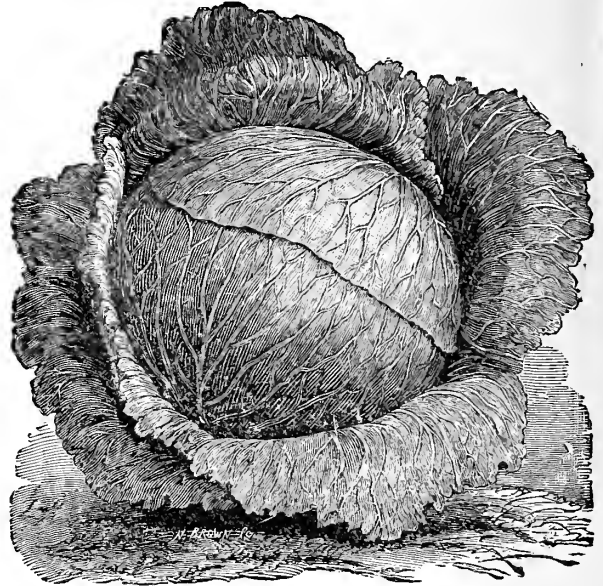

Extra Early Express Cabbage.

Extra Early Express—While not quite so large as Jersey Wakefield, it is several days earlier, and for a first early variety cannot be excelled. 1 oz., 20c; 2 oz., 35c; ¼ lb., 60c; 1 lb., \$1.75; postage paid.

SECOND EARLY VARIETIES.

Early Drumhead—A second early, large, round, solid-headed variety. This we consider the best for following Charleston Wakefield; it matures about ten days later. 1 oz., 20c; 2 oz., 35c; ¼ lb., 50c; 1 lb., \$1.60; postage paid.

Early Summer—A second early cabbage, which matures about ten days after the Jersey Wakefield. It makes a large, solid, flattish head. 1 oz., 20c; 2 oz., 35c; ¼ lb., 50c; 1 lb., \$1.50; postage paid.

Solid South Cabbage.

Solid South—A magnificent cabbage, resembling the Early Summer, but is earlier, larger, more uniform, has fewer outside leaves. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Fottler's Brunswick Cabbage.

Fottler's Brunswick—This variety produces large heads, weighing 15 to 20 lbs. The quality is good, and it can be grown either as a second early or late sort. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Succession—A good second early round-headed sort, heads very evenly. 1 oz., 20c; 2 oz., 35c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Selected All-Seasons—An early Drumhead Cabbage, yielding heads of the largest size. 1 oz., 20c; 2 oz., 35c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Early Flat Dutch—This is a grand second early cabbage, of large size and A No. 1 quality. Larger than Early Summer. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

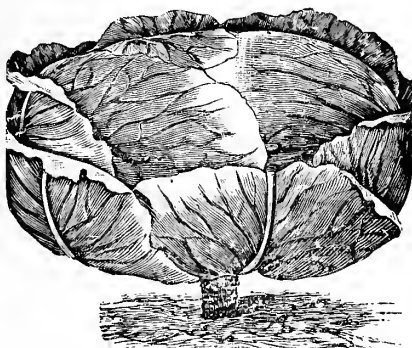

Danish Giant Cabbage.

CABBAGE.

LATE VARIETIES.

Danish Giant Winter—This excellent variety is entirely distinct in character and color, makes a very hard head and has a short stem. It is medium late and perfectly solid at maturity, and does not crack. Color of foliage dark green. 1 oz., 35c; 2 oz., 50c; ¼ lb., 75c; 1 lb., \$2.50; postage paid.

Schwill's Ideal Winter Cabbage.

Schwill's Ideal Winter—A favorite late winter cabbage. The heads are very satisfactory as to size, weight, quality, smallness of heart, sure-heading and long-keeping qualities; withstands drouth better than most varieties. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Danish Ball Head (Hollander)—This extra hard-heading variety of cabbage originated in Denmark. It is a medium or late variety, but is used mostly as a winter cabbage. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Schwill's Matchless Late Flat Dutch—This is the finest strain of Late Flat Dutch Cabbage on the market. The heads are flat, and grow remarkably large, even, very solid, and are of fine texture; stems grow short and the quality of the cabbage is very fine. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Long Island Market Savoy—Of superior quality; the largest solid-heading Savoy; and possesses the rich flavor of the cauliflower. The plants are strong and vigorous, and withstand the ravages of the cabbage worm better than other sorts. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Louisville Drumhead—Large size, solid, and a good keeper. 1 oz., 20c; 2 oz., 30c; ¼ lb., 50c; 1 lb., \$1.75; postage paid.

Schwill's Frost-Proof Drumhead Cabbage—A sort which stands out in the open fields all winter without the slightest protection. It is by far the hardiest of any cabbage grown. Frost-proof, has a short stem and makes a deep blue and wide leaf, making a broad, flat, hard head, all very uniform in size. 1 oz., 50c; 2 oz., 75c; ¼ lb., \$1.25; postage paid.

CABBAGE PLANTS READY MARCH 10th.

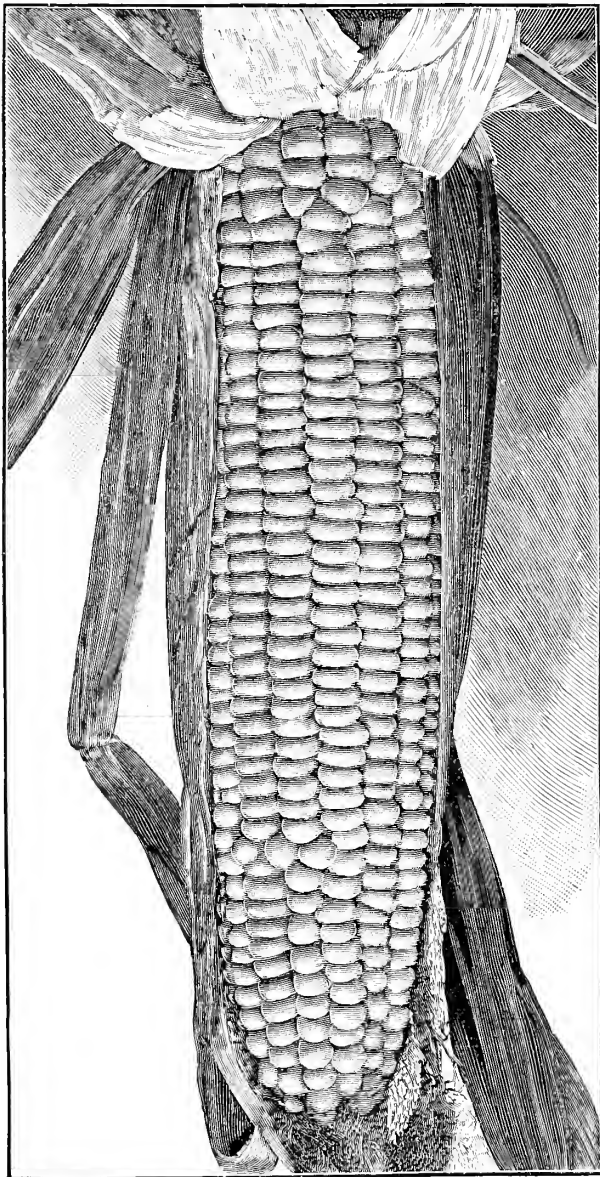

Price, 35c per 100; \$2.50 per 1,000; by express only.

Varieties as follows: Early Wakefield, Charleston Wakefield, Early Summer, Succession, Early Flat Dutch, Early Drumhead, Solid South, Late Drumhead.

SWEET AND GARDEN CORN.

One quart will plant 200 hills; one peck will plant an acre in hills.

Price, any variety, large pkts., 10c each; pt., 20c; qt., 35c; postage paid.

Schwill's Early Surprise Corn.

Schwill's Early Surprise—Every trucker should plant well of this splendid corn. It is always a money-maker. Just the sort for market gardeners, coming in right when the Adams Early Corn is gone, with large, handsome ears, which are always tender and of most excellent quality. By express, qt., 25c.

Extra Early Burlington—One of the earliest. Extremely valuable to market gardeners for first early. By express, qt., 25c.

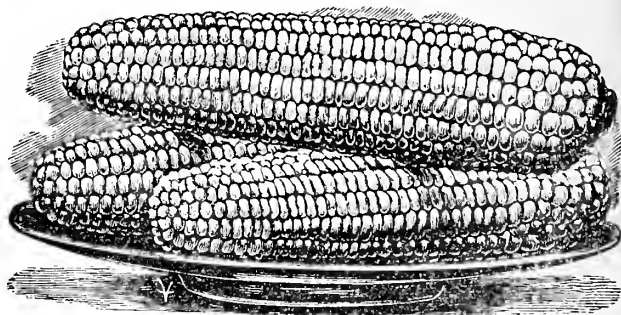

Early or Large Adams—One of the most profitable varieties for early market. Ears good size, sweet and tender. By express, qt., 20c.

Adams Extra Early—The very earliest variety, and brings good prices when first offered to the market. By express, qt., 20c.

Schwill's Improved Large Adams—Larger than Adams Early, and very nearly as early. Fine for market. By express, qt., 25c.

Schwill's Early Market—Very large ears; grows rapidly; used both as garden and field corn. By express, qt., 20c; 4 qts., 40c; pk., 75c.

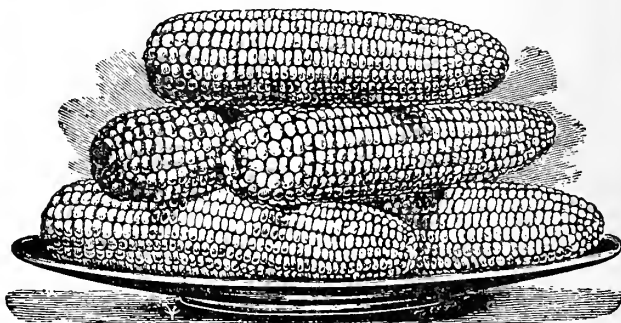

Banana Cream—A valuable new second early sweet corn. The ears grow to a tremendous size; kernels pure white, sweet and tender. By express, qt., 25c; 4 qts., 50c; pk., 90c.

Stowell's Evergreen Sweet Corn.

Stowell's Evergreen—Large ears, medium early; remains tender and sweet a long time. By express, qt., 20c.

Mammoth Sugar—The largest eared variety, sweet and delicious; matures late, but its immense ears are the finest of any variety. By express, qt., 20c.

Country Gentlemen Sweet Corn.

Country Gentlemen—Deepest grain of any; small cob; a superb late variety. By express, qt., 25c.

Clark's None Such Sugar—This variety is one of the finest sweet corns in cultivation. Medium early, of extra strong growth, grains white, ears large. By express, qt., 25c; 4 qts., 60c; pk., \$1.00.

Schwill's Delicious—An early large sweet corn. Produces ears twelve inches long in sixty-five days. Kernels are pure white, very sweet and tender. By express, qt., 25c; 4 qts., 60c; pk., \$1.00.

Peep o' Day—A good extra early; described as the "earliest on earth." Originated in Minnesota; ears 5 inches long, perfectly formed and well filled. The corn is very tender and sweet. By express, qt., 25c; 4 qts., 60c; pk., \$1.00.

We can also supply the following varieties at the uniform price, viz.: Pkt., 10c; pt., 20c; qt., 35c; postage paid. By express, qt., 25c; 4 qts., 50c; pk., \$1.00.

Black Mexican.
Crosby's Ex. Early Sugar.
Mammoth White Cory.

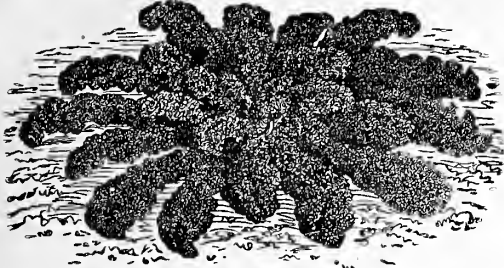

Large White Flint.
Wood's Delicious.
Early Yellow Canada.

SURPRISE ROSE COLLECTION.

This collection contains 25 beautiful ever-blooming roses, for \$5.00; express prepaid. These varieties are all different colors and shades and constant bloomers during all summer. Only clean, healthy plants will be sent.

KALE OR BORECOLE.

One ounce to 150 feet of row. Broadcast; sow two pounds per acre.

Dwarf German Curled Kale.

Dwarf German Curled—Very hardy; leaves curled. Oz., 5c; 2 oz., 20c; ¼ lb., 20c; 1 lb., 50c; postage paid.
Tall Green Curled Scotch—Taller than the German. 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.
Emerald Isle Long Standing Kale—A beautifully curled and crimped sort, of strong, vigorous habit, perfectly hardy, attractive appearance, and a bright green color. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.
Thousand-Headed Kale—Sow early in April or any time thereafter until midsummer. It is greatly relished by hogs, cattle and sheep. The plant is not affected by drouth, and flourishes in all kinds of soil. Sow 3 lbs. to the acre. Oz., 10c; ¼ lb., 20c; 1 lb., 70c; postage paid. By express, 5 lbs., \$2.50; 10 lbs., \$4.50.

KOHL-RABI.

White Vienna Kohl-Rabi.

One ounce will produce 2,000 plants.

White Vienna—This is the best and earliest variety for table use. Pkt., 5c; oz., 20c; 2 oz., 35c; ¼ lb., 60c; lb., \$2.00; postage paid.

GARLIC.

The sets should be planted in well enriched soil early in spring, the rows one foot apart, and about three inches between the plants in the row. Harvest same as Onions.
Selected Bavarian—This is a particularly fine strain of Garlic. It is larger and more even than ordinary garlic, keeps longer and is snowy white. Lb., 40c; 3 lbs., \$1.00; postage paid. By express, lb., 30c; 4 lbs., \$1.00.

Dutchmans Pipe—Pkt., 10c.	

HORSE RADISH SETS.

Roots will produce good radish fit for use in one season's growth. Plant the set small end down, so that the top will be 2 inches under the soil.

Large White—The standard market variety. Doz., 25c; postage paid. By express, doz., 20c; 100 for 75c.

New Bohemian Horse Radish.

New Bohemian Horse Radish—An introduction of the U. S. Department of Agriculture. A much earlier and better producer than the common sort. The roots grow larger and whiter, and the quality is superior. Doz., 35c; postage paid. By express, doz., 25c; 50 for 60c, 100 for \$1.00.

Martynia, for Pickles—The young and tender seed pods make a very fancy pickle. These pods are of curious shapes and bear abundantly. They should be gathered when less than half grown. Pkt., 10c; ½ oz., 20c; 1 oz., 35c.

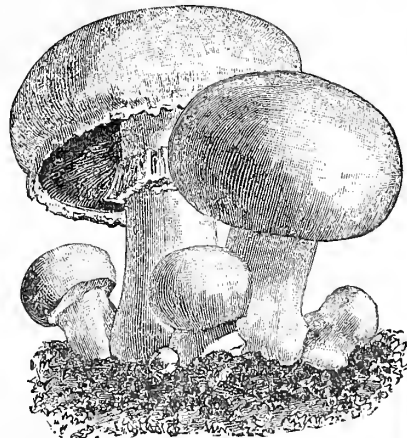

HERB SEEDS.

In making up your assortment of seeds for the year, don't neglect to order a few varieties of herbs. Sow seeds in shallow drills a foot apart, and when up thin out and transplant to a few inches apart.

Anise—Seeds aromatic and carminative. Pkt., 5c; postage paid.
Borage—Largely used as a salad. Pkt., 5c; postage paid.
Basil Sweet—For flavoring soups. Pkt., 5c; postage paid.
Catnip—Has medicinal qualities. Pkt., 10c; postage paid.
Chicory—Makes a delicious salad. Pkt., 5c; postage paid.
Coriander—Seeds aromatic. Pkt., 5c; postage paid.
Dill, Mammoth—Used for flavoring pickle. Pkt., 5c; postage paid.
Horehound—Used medicinally. Pkt., 10c; postage paid.
Lavender—For oil and distilled water. Pkt., 5c; postage paid.
Marjoram, Sweet—Used in seasoning meats. Pkt., 5c; postage paid.
Mint Seed—Pkt., 10c.
Rosemary—Aromatic leaves are used for seasoning. Pkt., 5c; postage paid.
Savory, Summer—Used as a culinary herb. Pkt., 5c; postage paid.
Savory, Winter—Hardy; also used for flavoring. Pkt., 5c; postage paid.
Sweet Fennel—Seeds aromatic; flavoring. Pkt., 5c; postage paid.
Sage, Broad Leaved—A popular flavoring plant. Pkt., 5c; postage paid.
Thyme—Much used for seasoning. Pkt., 5c; postage paid.
Tansy—Used for making bitters. Pkt., 10c; postage paid.
Wormwood—Much used medicinally. Pkt., 5c; postage paid.

MUSHROOM SPAWN.

Mushrooms can be grown in cellars, in sheds, in hotbeds, or sometimes in open air. Fermenting horse manure at a temperature of about 70 degrees, mixed with equal weight of fresh sod loam, is made into beds the size required, 8 inches deep. See to it that the bed is packed very solidly and evenly. In this bed plant the broken pieces of spawn, 6 inches apart, covering the whole with 2 inches of light soil, and protect from cold and rain. The mushrooms will appear in about 6 weeks. Water sparingly with luke-warm water. Full cultural directions free with order if requested.

Poultry Supplies

If you are interested in Incubators and Brooders or any other poultry supplies, write for our poultry supply catalogue.

We have not space in this catalogue to describe everything

Best English—Fresh. Prices, by mail, postpaid: In bricks of about 1¼ lbs., each, 40c; not prepaid, 25c per brick.
Pure Culture Spawn—One brick, 45c; 3 bricks (4 lbs.), \$1.25; postage paid. Not prepaid, 1 brick, 25c; 3 bricks, 60c. Special prices on larger quantities.

LETTUCE.

One ounce will sow about 100 feet and produce 3,000 plants. Planting directions free on request.

Price of any of the following varieties: Per pkt., 5c; 3 pkts. for 10c; ½ oz., 10c, postage paid.

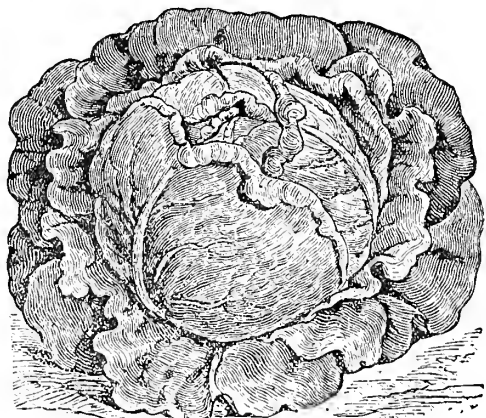

Big Boston Lettuce.

Big Boston.—Most desirable either for forcing in cold frames or open ground planting. Popular with market gardeners and truckers because it always produces large, solid, salable heads, which are crisp and tender. 1 oz., 15c; 2 oz., 30c; ¼ lb., 50c; 1 lb., \$1.35; postage paid.

Hanson.—Heads grow to good size, are sweet, tender and crisp. For outdoor culture it is unequaled. 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.10; postage paid.

St. Louis Market.—An excellent variety for early spring and summer use or for winter forcing. Heads silvery white, very firm and compact. 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

Schwill's Hard Head Lettuce.

Schwill's Hard Head.—An excellent spring, summer and fall variety, forming large, compact heads, light green color and fine quality. 1 oz., 20c; 2 oz., 35c; ¼ lb., 60c; 1 lb., \$1.50; postage paid.

Mignonette.—Small, solid heading, crumpled leaves, edged with reddish brown. The flavor is fine and the leaves crisp. 1 oz., 15c; 2 oz., 30c; ¼ lb., 50c; 1 lb., \$1.35; postage paid.

Iceberg.—Quick growing and of exquisite flavor. The large, curly leaves which cover the outside of the solid heads are of bright, light green, with a slight reddish tinge on the edges. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.25; postage paid.

Large White Summer Cabbage.—A large, early head lettuce, with but few outside leaves, heads about 10 inches across and perfect. Of extra fine quality, tender, crisp, succulent and sweet; and attractive and appetizing when served. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.00; postage paid.

Black-seeded Simpson.—Produces a compact mass of leaves, light color, nearly double size of ordinary Simpson. 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.10; postage paid.

May King Lettuce.

May King.—This variety is hardy and will stand much cold, damp weather. Can be planted out of doors or under glass, and in either case will produce fine heads much sooner than any other variety. The outer leaves are yellowish-green, tinged with brown, while inside is rich golden yellow. 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

Golden Queen.—This variety forms close, hard heads, even in an early stage of growth. Color yellowish green, quality very fine. 1 oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$1.70; postage paid.

Money Maker Lettuce.

Money Maker.—It is equally good for forcing and open ground, and has proven of the finest quality at all seasons. It is the earliest and one of the largest of the heading varieties. The head blanches to a fine rich, buttery yellow tint, and stands longer than any other early variety before going to seed. Pkt., 10c; oz., 30c; 2 oz., 50c; ¼ lb., 75c.

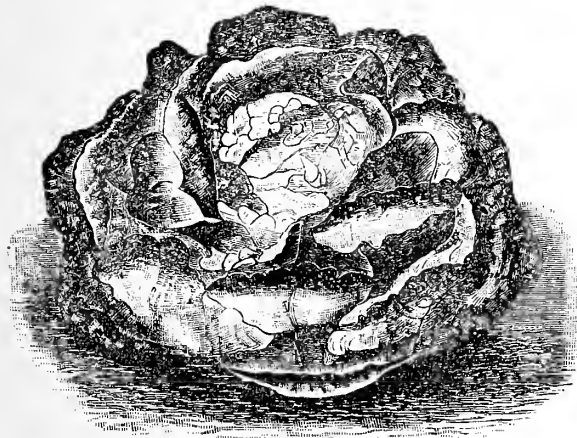

LETTUCE.

Deacon—A good summer cabbage sort; very crisp, large and light in color. A good sort to grow for market. Oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.00; postage paid.

Mammoth Black Seeded Butter—A cabbage headed lettuce of beautiful green color; forms large-sized, compact, tender heads. 1 oz., 20c; 2 oz., 35c; ¼ lb., 50c; 1 lb., \$1.50; postage paid.

Imperial Cabbage—One of the best, all head lettuces, standing the hot sun better than any other sort. Slow to seed. Handsome; enormous size; color, light green. 1 oz., 20c; 2 oz., 35c; ¼ lb., 60c; 1 lb., \$1.75; postage paid.

Hubbard's Market—Matures quickly, large size, handsome appearance; crisp and tender. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.10; postage paid.

California Cream Butter Lettuce.

California Cream Butter—A splendid variety for summer. Produces a very large and white head, and it will stand extreme heat. Oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.10; postage paid.

Early Curled Simpson (Silesia)—This does not head, but forms a close, compact mass of leaves; very early, excellent for forcing. Oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.00; postage paid.

Prizehead—Forms large, solid heads, with leaves crimped and curled; those outside being variegated dark green and bronze, the inner portion blanching to a rich, creamy yellow. Oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.00; postage paid.

Wonderful Lettuce.

Wonderful—The large, white heads resemble cabbage in their solidity, and frequently weigh two and three pounds each. The quality is superb, being crisp, rich and tender. It withstands the heat well. 1 oz., 20c; 2 oz., 35c; ¼ lb., 50c; 1 lb., \$1.50; postage paid.

LETTUCE PLANTS READY MARCH 15.

Price, 35c per 100, \$2.50 per 1,000, by express only.

Deacon Head.

Hubbard Market.

Calif. Cream Butter.

Big Boston

St. Louis Market.

Large White Cabbage Head.

ROMAINE, COS, OR CELERY LETTUCE.

These are distinct from the ordinary Lettuce, and much liked on account of their crisp, tender quality and delicate flavor. They produce long, narrow leaves, which are blanched by drawing in the outer leaves and tying.

White Cos—Forms long, upright heads of narrow leaves, which are crisp and refreshing, withstanding the summer heat. Pkt., 5c; oz., 20c; 2 oz., 35c; ¼ lb., 50c.

Trionon Self-Folding—A self-blanching Cos Lettuce, very crisp and tender, and of excellent flavor. If the leaves are tied up the plant soon forms a solid head and bleaches to a pure white. The leaves get stiff and crisp like celery, and can also be eaten prepared like salad. Pkt., 5c; oz., 20c; 2 oz., 35c; ¼ lb., 50c.

Conway, Miss., Sept. 22, 1910.

Otto Schwill & Co., Memphis, Tenn.

Gentlemen: I write to let you know how well pleased I am with the Cleveland Big Boll cotton seed that I ordered from you last spring. It has proven to be the best cotton in my neighborhood, notwithstanding the very poor season; first it almost drowned out and then the extreme dry weather. I will get one bale per acre. I want to sell you the seed of this splendid cotton.

Signed, J. P. CHIPLEY.

LEEK.

Large American Flag—A variety which has become very popular with some market gardeners on account of its being larger than the London Flag. Pkt., 5c; 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

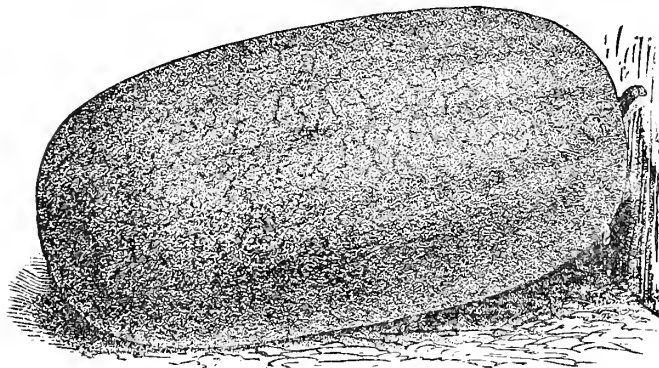

London Flag.

London Flag—Broad leaves, of strong and vigorous growth. Pkt., 5c; 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

MELONS—WATER.

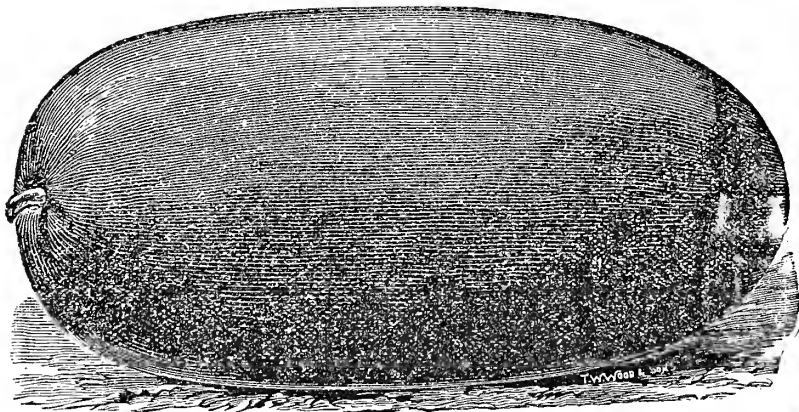

One ounce to forty hills; 2 or 3 pounds to the acre. How to Grow Watermelons free with orders.

Price of any of the following varieties: Per pkt., 5c; 3 pkts., 10c; postage paid.

Bradford Watermelon.

The Bradford—A fine flavored, large, shipping melon, oblong in shape with rather square ends. The skin is very dark green with darker stripes. The flesh is very tender and solid. Dark red in color, and of excellent flavor. 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 90c; postage paid.

Tom Watson Watermelon.

Tom Watson—The Watson Watermelon originated near Augusta, Ga., a few years ago. It is of the long green variety and very prolific. The melons are uniformly large, running from 40 pounds to 60 pounds. The flesh scarlet, of extra fineness and sweetness, entirely stringless, fairly melts in your mouth. The rind is exceptionally strong, making it an excellent shipper. 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; lb., \$1.25; postage paid.

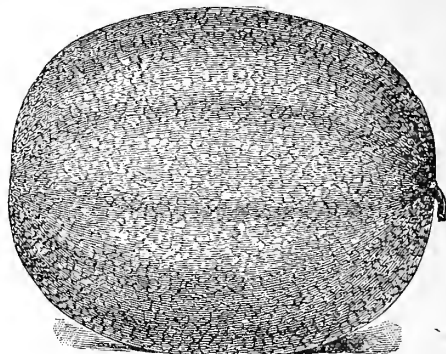

Florida Favorite—A splendid melon of largest size and excellent quality; fruit long, dark green mottled and striped with lighter shade; rind thin but firm; flesh very bright, deep red; very sweet, tender and excellent. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Alabama Sweet—A very large, long melon of fine quality; very popular in the South, where it is grown extensively for shipping; rind firm, rather dark green, slightly striped; flesh bright red. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 70c; postage paid.

Mammoth Ironclad—Excellent; of large size and weight, averaging nearly 50 pounds each. The flesh is deep red and of a delicious rich flavor. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

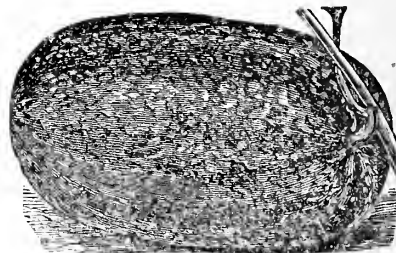

Halbert's Honey—A large and attractive melon, oblong shape; rind dark green, flesh crimson; very sweet and tender. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; lb., 75c; postage paid.

Jordan's Gray Monarch—Of the largest of melons. It is long in shape, with skin of mottled gray color and bright crimson flesh. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 55c; postage paid.

Sweetheart Watermelon.

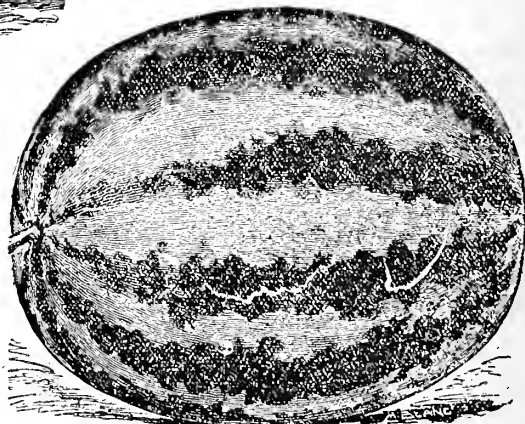

Sweet Heart—Fruit large, oval, uniformly mottled, light and dark green; rind thin, but firm; flesh red, solid, melting and sweet. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 60c; postage paid.

Halbert Honey Watermelon.

Spray your trees in winter if you want to rid them of San Jose scale

Lime, Sulphur Mixture (California Wash)
Better than whale oil soap, kerosene emulsion or crude oil. One gallon makes 25 by simply adding water. **Quart 35c.. Gallon 75c.**

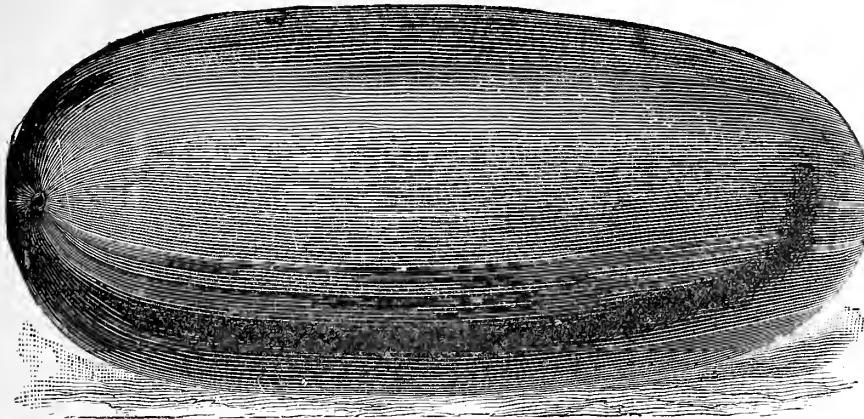

Black Diamond Watermelon.

Black Diamond—Immense size; grows to average 75 to 90 lbs.; rich, dark green, uniform, round to oval shape; flesh deep red, of fine quality. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

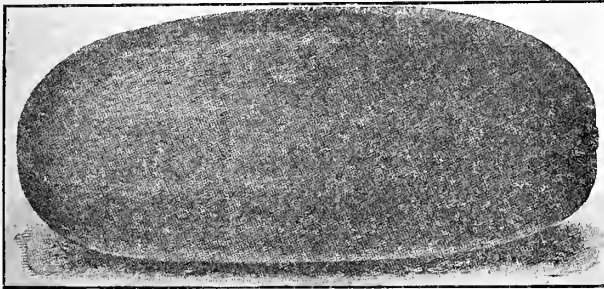

Especial attention is called to the very superior quality of the nursery stock we supply. It is first-class in every respect, smooth, straight, handsome. We list only varieties such as are suitable to the Southern states and this section.

MELONS—WATER.

Girardeau's New Favorite Watermelon.

Arkansas Traveler—A large, long melon. Rind dark green, with waving stripes of black; interior always solid, the edible portion extending within half an inch of the skin; flesh brilliant red, sweet, tender, crystalline, very juicy. 1 oz., 15c; 2 oz., 25c; ¼ lb., 50c; 1 lb., \$1.50; postage paid.

Branch's Superb Georgia Rattlesnake Watermelon.

Branch's Superb Georgia Rattlesnake—One of the finest strains of melon ever introduced. It is quite superior to the old original Rattlesnake Melon. Rind green, with darker green stripe. Georgia grown seed. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., 85c; postage paid.

Kleckley Sweets Watermelon.

Kleckley Sweets—The best melon grown. Oblong, very large, dark green, faintly striped, very sweet, entirely stringless; very prolific; we cannot recommend this melon too highly. 1 oz., 10c; 2 oz., 20c; ¼ lb., 35c; 1 lb., \$1.25; postage paid.

Striped Georgia or Rattlesnake—Oblong shape, skin mottled and striped; medium early; flesh crimson and fine flavor. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 55c; postage paid.

Long Light Icing—A variety of Icing Watermelon, producing large, oblong melons. Color of skin very light green. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c.

Cole's Early—A fine, extra early melon, of medium size, almost round in shape, mottled with various shades of green; flesh very dark red; very sweet, tender and delicious; adapted to our locality. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 55c; postage paid.

Girardeau's New Favorite—Resembles the Florida Favorite, but is larger. It is early, productive, tender and crisp; has bright red, very sweet flesh. Oz., 10c; 2 oz., 20c; ¼ lb., 30c; 1 lb., \$1.00; postage paid.

Lem Green—One of the sweetest melons grown, medium size, striped; flesh red. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 85c; postage paid.

Headquarters for Bee Supplies.

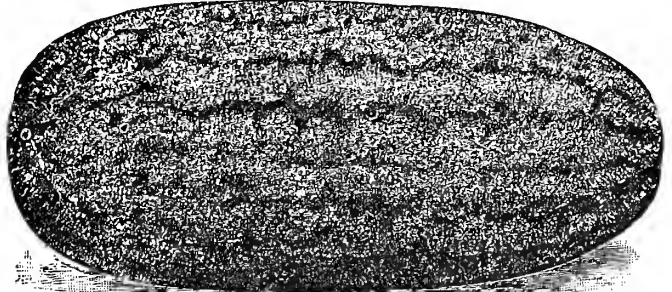

We handle a full line of the Lewis Bee Ware—Sections, supers, frames, hives, etc.; in fact, can supply everything that a beekeeper needs. Send for circular and price list.

New National—The earliest large variety ever introduced. The flesh is a rich pink, crisp, tender and very sweet. 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., 90c; postage paid.

Jones' Jumbo—A large variety, meat red, very sweet; seed large, white, with black ring around edge. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; lb., 60c.

We can also supply the following standard varieties, descriptions of which are well known. Prices as follows, postage paid: Any variety, 5c pkt.; 3 pkts., 10c.

	1 oz.	2 oz.	¼ lb.	1 lb.

Jackson Watermelon.

Jackson—Oblong in shape and fair size. The skin is mottled green and white, flesh bright red, heart large and very sweet. Oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.25; postage paid.

Pryorsburg, Ky., Sept. 3, 1910.

Otto Schwill & Co., Memphis, Tenn.

Gentlemen: Please send me your fall seed catalogue. I want to order some Rye, Winter Turf Oats and other seeds. I have ordered seeds of you before and found your seeds all O. K.

Yours for business, W. C. TURNBOW.

Columbia, Tenn., Oct. 8, 1910.

Otto Schwill & Co., Memphis, Tenn.

Gentlemen: The Aster seed procured from your firm the past spring gave fine results. The blooms were marvels of beauty and were the admiration of many of my neighbors, who want your catalogue.

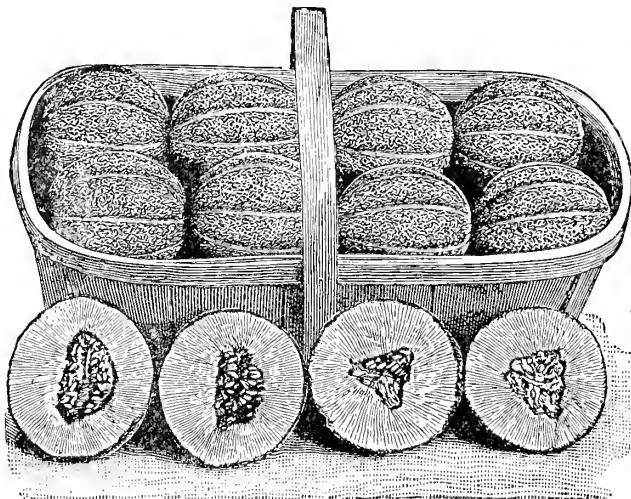

Signed, MRS. J. N. MOORE,
38 West Sixth Street.

MELON, CANTALOUPE.

One ounce of seed will plant 50 to 60 hills. One to two pounds to the acre. Free culture and planting directions with all orders. Ask for them.

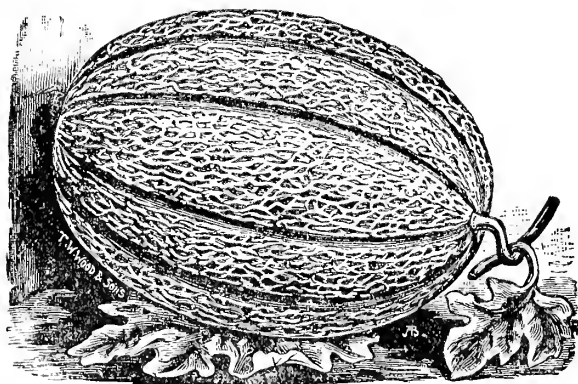

Price of any of the following varieties: Per pkt., 5c; 3 pkts. for 10c, postage paid.

Hoodoo—It is similar in shape to the Rocky Ford, but slightly flattened from stem to blossom end. The ribs are thickly covered with netting; the skin is tough; flesh salmon color and of delicious flavor. Oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

Ebbett's Rockyford Cantaloupe.

Ebbett's Thoroughbred Rocky Ford Cantaloupe—This is without doubt the finest strain of Rocky Ford on the market. Every melon is subjected to a rigid examination before being selected for seed, and they must conform to a standard set down by what the originator claims is the embodiment of an ideal melon. Oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

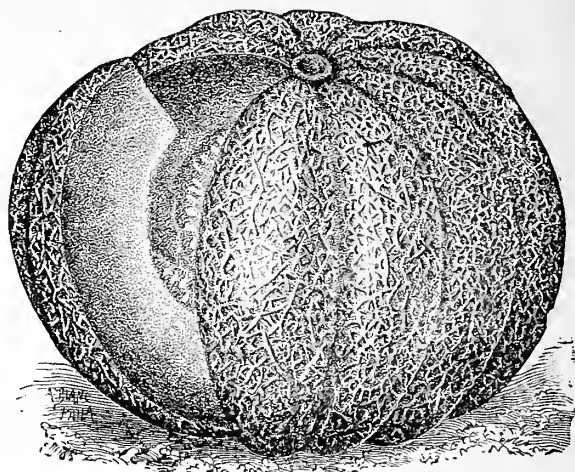

Imp. Large Baltimore Cantaloupe.

Imp. Large Baltimore—This is one of the best of large Cantaloupes for main crop. The flesh is thick, of a beautiful deep rich green color, and of excellent flavor. It is well ribbed and thickly netted; a splendid cantaloupe, whether for home use, market or shipping. Oz., 15c; 2 oz., 25c; ¼ lb., 50c; 1 lb., \$1.50; postage paid.

Banana—An entirely distinct variety, bearing long, slender, banana like fruit; skin creamy white and entirely free from netting. Flesh deep salmon color, thick and of good quality. Oz., 15c; 2 oz., 25c; ¼ lb., 50c; 1 lb., \$1.50; postage paid.

Burrell Gem—Orange-fleshed and medium size. It is thick and meaty, having a very small seed cavity, and is very sweet. Oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

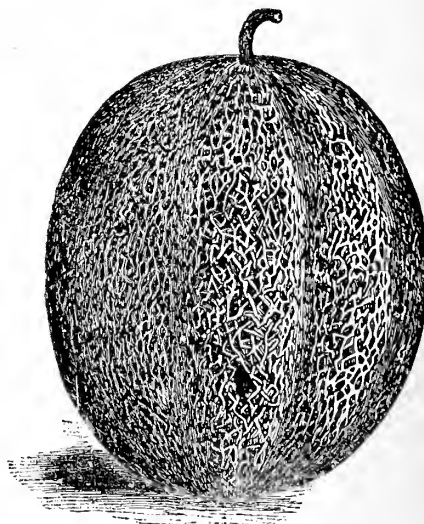

Early Hackensack Cantaloupe.

Early Hackensack—Flesh light green and of delicious flavor. Oz., 10c; 2 oz., 15c; ¼ lb., 30c; 1 lb., 90c; postage paid.

Montreal Market—A very large, green nutmeg type, almost round, heavily netted, thick, luscious flesh; late. Oz., 10c; 2 oz., 20c; ¼ lb., 30c; 1 lb., \$1.00; postage paid.

Rocky Ford—One of the most popular. Just right size for restaurants and hotel service. Flesh green, thick, lusciously sweet. It is netted and ribbed and ripens early. Oz., 10c; 2 oz., 20c; ¼ lb., 30c; 1 lb., 80c; postage paid.

Acme, or Baltimore—Early; oblong, pointed; light green flesh. A fine shipper. Oz., 10c; 2 oz., 15c; ¼ lb., 30c; 1 lb., \$1.00; postage paid.

Early Netted Gem Cantaloupe.

Netted Gem—Early; good quality, very attractive; flesh very sweet. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 80c; postage paid.

ONIONS.

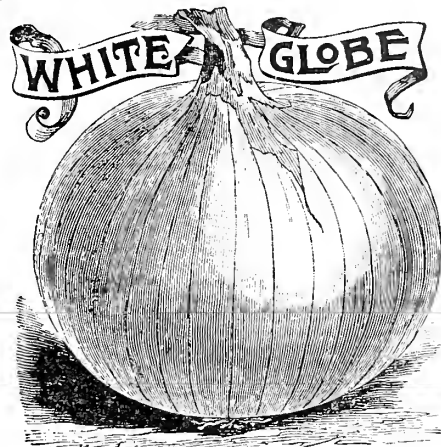

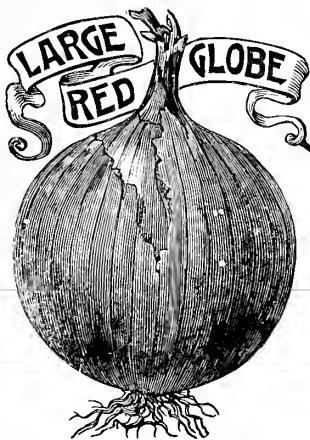

One ounce will sow 100 feet of drill; 3 to 4 pounds to the acre. Free culture directions will be sent with all orders. Price, any variety: Pkt., 5c; 3 pkts. for 10c, postage paid.

Southport Red Globe—Beautiful globe shaped; of medium size and a good keeper and of superior quality. This variety is very popular in some sections. Oz., 20c; 2 oz., 30c; ¼ lb., 50c; 1 lb., \$1.75.

Australian Brown Onion.

Australian Brown—The bulbs grow to a good marketable size, and are very hard and solid; beautiful brown color and mild flavor. Oz., 15c; 2 oz., 25c; ¼ lb., 50c; 1 lb., \$1.60; postage paid.

El Paso, or Large Mexican—Bulbs of large size and beautiful form, with white skin. Under good cultivation large onions can be raised in a single season from seed, weighing from one to one and one-half pounds. Oz., 25c; 2 oz., 40c; ¼ lb., 75c; 1 lb., \$2.50; postage paid.

Dark Red Italian—A splendid variety, of delicate flavor; bulbs large and globular in shape; skin bright red; weighing 2 to 3 pounds. Oz., 25c; 2 oz., 40c; ¼ lb., 60c; 1 lb., \$2.00; postage paid.

Prizetaker Onion.

Crystal White Wax—A very early onion of the Bermuda type; pure white in color and of mild flavor, especially adapted for fall planting for the early market. Oz., 25c; 2 oz., 50c; ¼ lb., 90c; 1 lb., \$3.00; postage paid.

Red Bermuda—An early variety resembling the White Bermuda, except in color, which is a pale red; flesh crisp and mild in flavor. A fine market Onion. Oz., 25c; 2 oz., 40c; ¼ lb., 70c; 1 lb., \$2.60; postage paid.

PARSLEY.

One ounce will sow 150 feet of drill.

Pkt., 5c; 3 pkts., 10c, any variety; postage paid.

Champion Moss Curled—Beautifully curled and crimped, and extra dark green color. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 70c; postage paid.

Double Curled Parsley.

Double Curled—Leaves crimped or curled, used principally as a garnish for the table. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Plain or Single—Stronger in flavor than the double varieties. 1 oz., 7c; 2 oz., 12c; ¼ lb., 15c; 1 lb., 45c; postage paid.

PARSNIP.

One ounce will sow 200 feet of drill; 5 pounds required for one acre.

Sugar or Hollow Crown—Roots very long, white, smooth, tender. Pkt., 5c; 1 oz., 7c; 2 oz., 12c; ¼ lb., 20c; 1 lb., 50c; postage paid.

Long, Smooth—Roots very long, sugary and of most excellent flavor; very hardy. Pkt., 5c; 1 oz., 7c; 2 oz., 12c; ¼ lb., 20c; 1 lb., 50c; postage paid.

MUSTARD.

Culture—Largely grown in the Southern states, as salad, or boiled with meat for greens. Sow in the fall, winter or spring, in rows 6 inches apart. Sow 1 oz. to 80 feet of drill.

**Elephant Ear Mustard.**

Elephant Ear—A single plant fills a bushel basket; leaves tender at all times; it's a cook's delight to get hold of such an easy dish to prepare. Your garden won't be complete unless you try some of this new mustard green. Pkt., 5c; 1 oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., 75c; postage paid.

Southern Giant Curled—Very popular in all sections of the South. Pkt., 3c; oz., 5c; 2 oz., 10c; ¼ lb., 20c; 1 lb., 50c; postage paid.

Ostrich Plume—Very popular; leaves large, crisp and tender. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Chinese Mammoth or Smooth Leaf Mustard—This is a valuable addition to our list; has broad, smooth leaves that are very crisp and tender. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Fordhook Fancy—A distinct variety; darkest green leaves of immense size and finely curled. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

White or Yellow London—Oz., 5c; ¼ lb., 15c; 1 lb., 40c.

Brown or Black—Oz., 5c; ¼ lb., 15c; 1 lb., 40c.

OKRA.

One ounce will plant 100 hills, or 60 feet of row, 3 to 4 pounds to the acre.

**White Velvet Okra.**

Dwarf White Velvet Okra—This is a distinct and beautiful okra. The pods are much longer than any other variety, perfectly smooth and covered with a fine fiber resembling velvet. It is one of the finest sorts grown, either for canning or table use. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

French Market Dwarf Prolific—One of the earliest and most productive of all okras. It is a cross between the Tall Growing and the Winter Velvet varieties; commencing to bear when 6 inches high, producing a pod at the stem of each leaf, and continues bearing until the plant reaches its maximum height, seven feet. Pods are light green, nearly round, and smooth. Pkt., 5c; oz., 15c; 2 oz., 25c; ¼ lb., 35c; 1 lb., \$1.00; postage paid.

SEED POTATOES FOR FALL CROP.

These are the old crop Triumph Potatoes, kept in cold storage to keep them sound, and if planted early in August they will come up at once and make a fine fall crop. Our sales have increased rapidly each succeeding year, and we recommend very strongly to our customers the desirability and advantage of growing the late crop potatoes from the seed supplied by us. Let us book your order in time. Write for terms and prices.

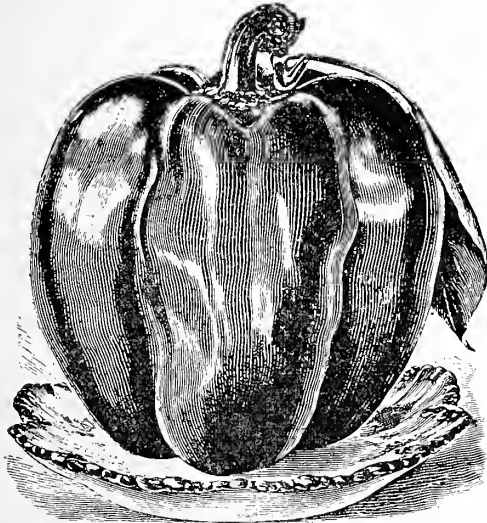

PEPPER.

One ounce will produce 1,000 plants; 4,000 plants will set an acre. Culture directions supplied free with orders.

Sweet Salad Upright Pepper—The fruits of this new pepper are as large as Ruby King and are all borne upright clear of the ground. The color is bright scarlet, flesh thick, mild and very sweet. Pkt., 10c; ½ oz., 30c; 1 oz., 50c; 2 oz., 80c; ¼ lb., \$1.25; postage paid.

Large Bell, or Bull Nose—Early, sweet and of good flavor. Pkt., 5c; ½ oz., 10c; oz., 20c; 2 oz., 35c; ¼ lb., 60c; postage paid.

Magnum Dulce—A genuine sweet pepper. The fruit can be eaten raw, like a tomato. Peppers immense in size and flesh is meaty and thick. Pkt., 5c; ½ oz., 20c; 1 oz., 35c; 2 oz., 60c; ¼ lb., \$1.00; postage paid.

Chinese Giant Pepper.

Chinese Giant—The most desirable variety of recent introduction; of extremely large size, single specimens averaging 10 to 15 inches in circumference. On account of its size it is highly valued for mangoes. The flesh is thick, tender, mild and sweet. Pkt., 5c; ½ oz., 25c; 1 oz., 50c; 2 oz., 75c; ¼ lb., \$1.50; postage paid.

PUMPKINS.

One ounce will plant about 15 hills. One quart will plant an acre, every fifth row in corn.

Price, pkt., 5c, or 3 pkts. for 10c, any variety.

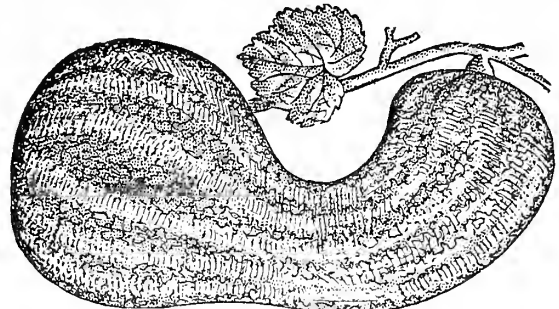

Golden Cheese Pumpkin.

Golden Cheese—A fine, large, flattened pumpkin of splendid quality. Excellent for cooking. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; lb., 70c; postage paid.

Striped Cushaw—This is one of the finest pumpkins in existence; a long, crooked neck, terminating in a round or oblong end, enclosing a very small seed cavity. The neck is absolutely solid, rivaling the finest sweet potatoes for baking, or as a pie sort it has no equal. Oz., 15c; 2 oz., 25c; ¼ lb., 40c; lb., \$1.00; postage paid.

King of the Mammoth—A giant variety, enormous in size. Try a few if you want to take a prize at your county fair. 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.25; postage paid.

Kentucky Field—Splendid for stock feeding. Grows to a large size; round, and of yellow color. Oz., 5c; 2 oz., 10c; ¼ lb., 15c; lb., 50c; postage paid.

Tennessee Sweet Potato Pumpkin.

Tennessee Sweet Potato—Of medium size; creamy white, with light green stripes; flesh quick, fine grained, dry, brittle, and of excellent flavor. Unsurpassed for pies and custards. Pkt., 5c; oz., 10c; 2 oz., 20c; ¼ lb., 30c; lb., 85c; postage paid.

PEAS.

One quart to 100 feet of rows, 2 to 3 bushels to the acre, 4 feet apart.

Special planting and culture directions supplied free on request with all orders.

Large packets of English Peas, any variety, sent by mail for 10c each, ½ pint package, 15c each, postage paid. All varieties marked * are wrinkled sorts and should not be planted until ground is warm, about March 1st.

EXTRA EARLY PEAS.

Schwill's Extra Early Market Peas.

Schwill's Extra Early Market—This makes one of the largest podded and most productive of all the smooth-seeded extra early peas. The vines grow about 30 inches in height, and can all be gathered in two pickings. The pods are remarkably well filled, and the peas sweet and fine flavored. A most satisfactory, prolific early sort, both for the market gardener and the home garden. Pt., 30c; qt., 50c; postage paid. By express, pt., 20c; qt., 35c.

Alaska—The earliest blue pea, very uniform in growth. The dark green color of the pods makes it extremely desirable; 2 feet. Pt., 25c; qt., 40c; postage paid. By express, pt., 15c; qt., 30c.

First and Best—One of the earliest market sorts, exceedingly sweet and tender. Prices same as Alaska.

Rural New Yorker—Extra early, fine bearer. Prices same as Alaska.

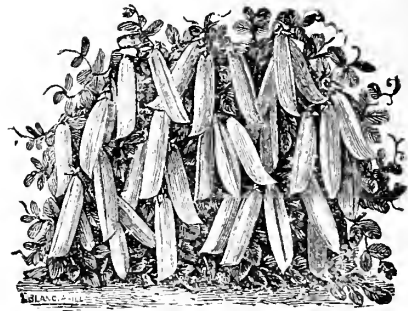

Early May—An old favorite variety; extensively grown for market. Price the same as Alaska.

EXTRA EARLY DWARF PEAS.

***Gradus**—This is the earliest large-podded Pea in cultivation. The peas are tender, sweet, of extra large size; pods average four to four and one-half inches long and contain from eight to ten peas of enormous size and excellent quality. Pt., 30c; qt., 50c; postage paid. By express, pt., 20c; qt., 35c.

***McLean's Little Gem**—One of the best dwarf wrinkled marrows grown. Price the same as American Wonder Peas.

***Nott's Excelsior**—Pods large, well filled with peas, which are far superior to any of the other extra early varieties. Price the same as American Wonder Peas.

American Wonder Peas.

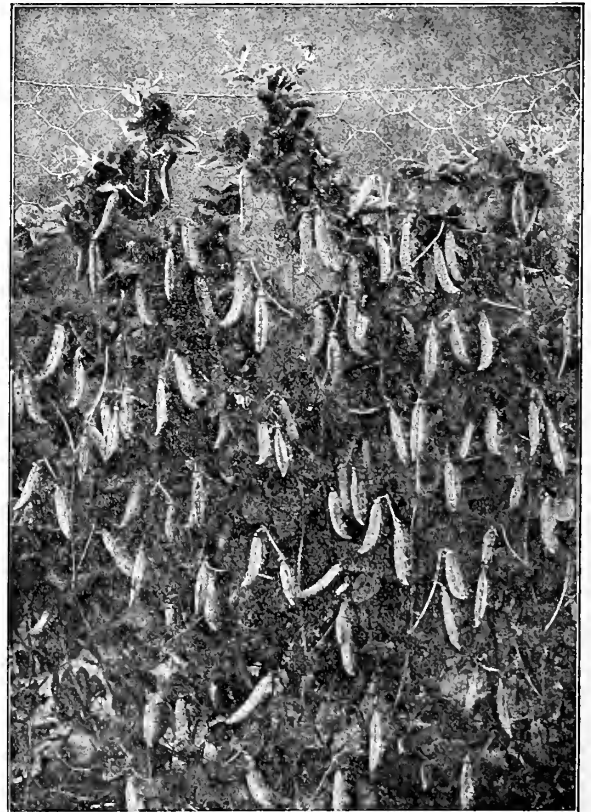

***American Wonder**—One of the best and most desirable dwarf varieties grown. It grows about 15 inches in height, of compact habit and a large cropper. Pt., 25c; qt., 45c; postage paid. By express, pt., 15c; qt., 30c.

***Thomas Laxton**—A strong grower and as productive as the well-known Gradus. The pods are of a dark green color, filled with large peas of superb flavor; 2½ feet. Price the same as Gradus Peas.

***Early Surprise**—Extra early wrinkled variety. Price the same as Gradus.

***Potlach Big Dinner**—This is the finest extra early Pea that has yet been introduced. The pods are of a deep green color and are produced in immense quantities; 2½ feet. Price the same as Gradus.

Tom Thumb—This is a very desirable sort; extra early and prolific. Price the same as American Wonder Peas.

Large Podded Alaska Peas.

Large Podded Alaska—A new and valuable strain of the popular Alaska pea, the distinctive superiority being that it makes much larger pods and is more prolific. The vines grow about the same height, but the superiority in size of pods and yield makes it a most valuable acquisition. Pt., 35c; qt., 60c; postage paid. By express, pt., 25c; qt., 50c; 4 qts., \$1.50; peck, \$2.50.

PEAS.

MEDIUM CROP PEAS.

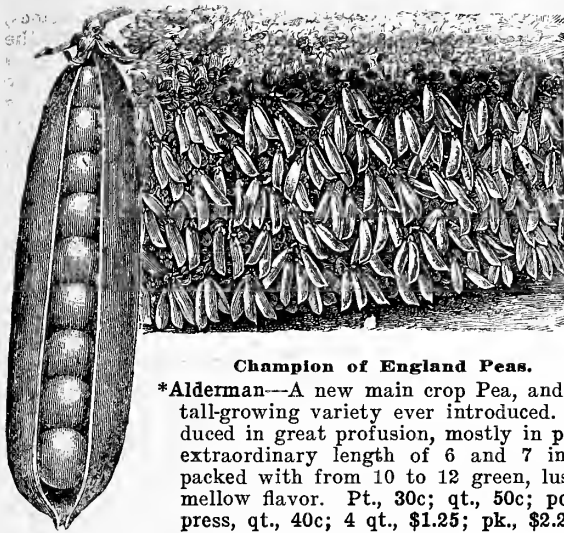

Fill Basket—A variety for the family garden; big cropper, continuous bearer, fine quality; sweet, tender and delicious flavor; vine 34 inches. Long pods and well filled. It is second early, and can be recommended for the use of market gardeners, being very prolific. Pt., 25c; qt., 40c; postage paid. By express, qt., 25c.

***Profusion**—Medium early, green wrinkled variety, with long, well-filled pods; quality excellent; 2 feet. Price the same as Fill Basket Peas.

***Bliss' Everbearing**—Roundish pods, containing six to eight large wrinkled peas of excellent quality; 2 feet. Price the same as Fill Basket Peas.

Fill Basket Peas.

Champion of England Peas.

***Alderman**—A new main crop Pea, and the largest-podded, tall-growing variety ever introduced. The pods are produced in great profusion, mostly in pairs, and attain the extraordinary length of 6 and 7 inches, being mostly packed with from 10 to 12 green, luscious peas of most mellow flavor. Pt., 30c; qt., 50c; postage paid. By express, qt., 40c; 4 qt., \$1.25; pk., \$2.25.

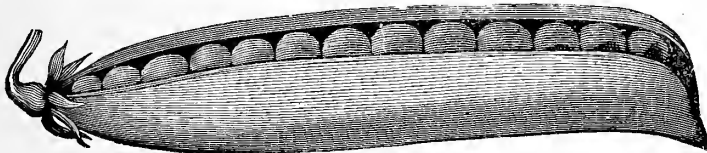

LATE VARIETIES.

***Telephone**—The favorite late variety for the market gardener. Extra large pods. This Pea has proved to be a most valuable introduction. Vine large, coarse leaves, height about 4 feet. The pods are very large and filled with immense peas, which are largest of any. Tender, sweet and of splendid quality and flavor. Pt., 30c; qt., 50c; postage paid.

***Champion of England**—Green, wrinkled, great favorite; unsurpassed in quality and productiveness; 4 to 4½ ft. Pt., 25c; qt., 40c; postage paid. By express, pt., 15c; qt., 25c.

Large White Marrowfat—Pt., 20c; qt., 35c; postage paid. By express, pt., 10c; qt., 20c.

Large Blackeye Marrowfat—Price the same at White Marrowfat.

Improved Sugar Marrow Pea.

Improved Sugar Marrow—Much better than the old Marrowfat; pods larger, well filled and of the true marrow flavor. Pt., 25c; qt., 45c; postage paid. By express, pt., 15c; qt., 30c. All wrinkled Peas weigh 56 lbs. to the bushel; smooth varieties, 60 lbs.

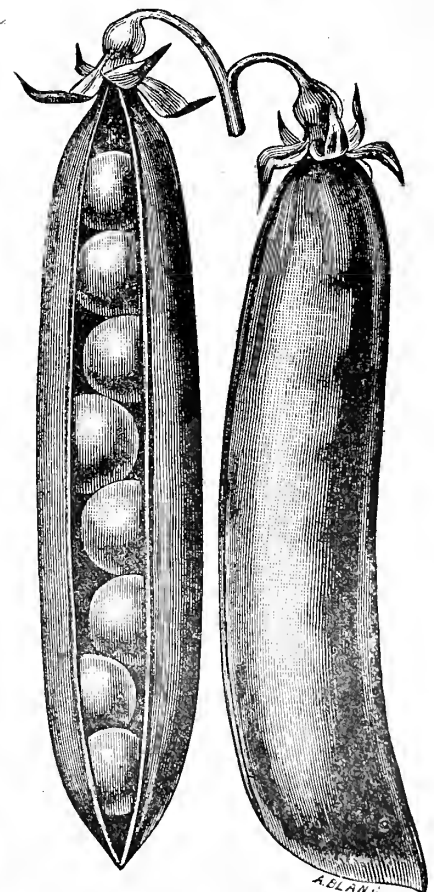

SUGAR EDIBLE POD PEAS.

Mam. Melting Sugar—They are used in the same way as snap or string beans. The best of these edible podded sorts is the Melting Sugar, of which we offer a very fine strain. Vines 3 to 4 feet high. Pt., 35c; qt., 60c; postage paid. By express, pt., 25c; qt., 45c.

Dwarf Sugar—The old variety of the edible-podded sort, and is used in no other way. Grows about 2 feet high, and is remarkable for its earliness. Pods are broad, flat and crooked and contain 5 to 6 peas. Pt., 35c; qt., 60c; postage paid. By express, pt., 25c; qt., 45c.

Tall Sugar—Grows 3 feet tall, edible pods. Price the same as Dwarf Sugar Peas.

If packets of Peas are ordered by express or freight we furnish any 10c packets at 5c; 15c packets at 10c each.

Telephone Peas.

Warren, Arkansas, October 6th, 1910.

Messrs. Otto Schwill & Co., Memphis, Tenn.

Gentlemen: The several hundred pounds of seeds purchased of your house in the past several months for the Experimental Farm have given general satisfaction in every respect. The germinating per cent. was greater than other seeds used, and I cheerfully recommend to the Southern farmer the purchase of seeds from your house in preference to more northern houses, as they are more thoroughly acclimated to the soil of the South.

Respectfully,

B. COLBERT,

Manager Experimental Farm, Warren, Ark.

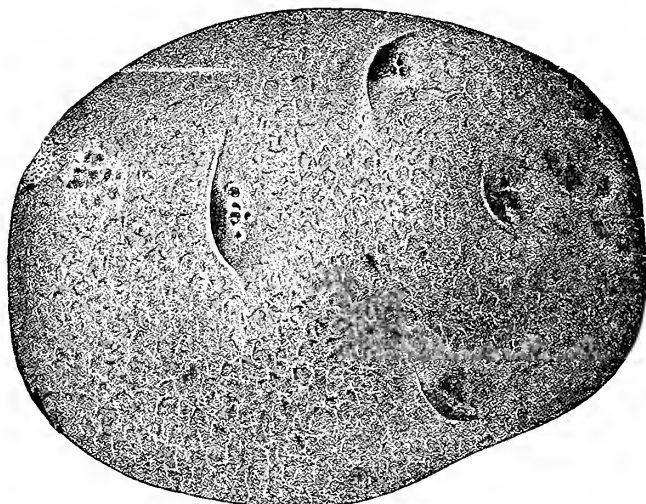

SELECTED SEED POTATOES

One peck will plant 125 hills in drills; 10 to 12 bushels per acre.

The potato, like all robust-growing vegetables, can be grown with varying success on soils of all kinds and in all conditions of fertility, but the soil best suited to it is a sandy loam. Plant as early in spring as the ground can be had in fair working order, in hills or ridges, about three feet apart, cover lightly with soil, about four inches deep.

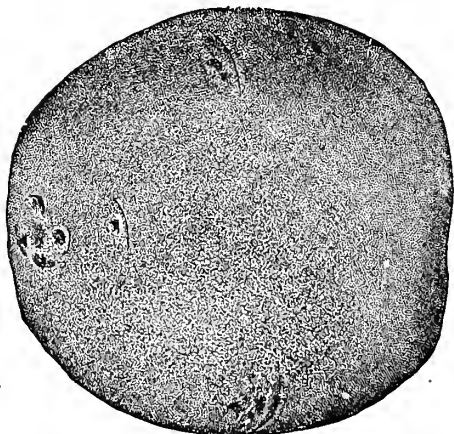

Fertilizer for Potatoes—Stable manure gives splendid results with potatoes. This application may be made in the furrow before planting, provided the manure is not too fresh, otherwise it should be broadcasted. If stable manure is not to be had, one should use at least four hundred pounds of high-grade complete fertilizer in drills to the acre. In addition to this, fifty to one hundred pounds of muriate of potash or two hundred pounds of kainit should be mixed with the fertilizer. Potatoes require a great amount of potash, and it has been proven that it can be economically applied.

All transportation charges must be paid by the buyer.

Irish Cobbler Potato.

Irish Cobbler—This has become one of the general favorites in all localities for early as well as late planting. When it was first sent out it was not claimed to be particularly early, but extensive growing in this locality proves it is fully as early as any variety. The particular features which impress our many growers are the general thriftiness of the vines, combined with a remarkably large yield of fine, large, most attractive, pure, white-skinned potatoes. The tubers are round in shape, eyes somewhat deep, and tubers of both fine appearance and quality. Pk., 50c; bu., \$1.80; 2½ bu. bag, \$4.25.

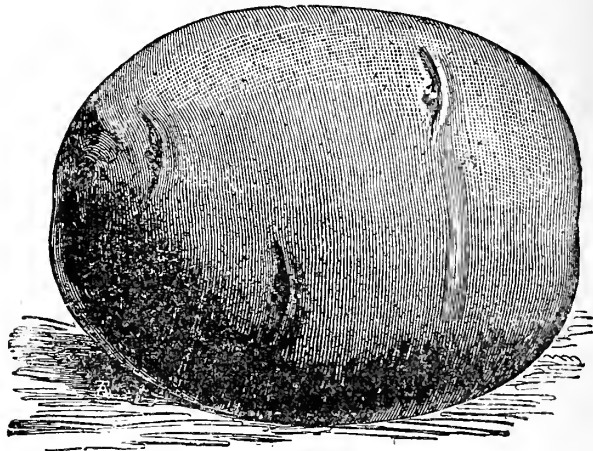

Red Triumph Potato.

Bliss' Early Red Triumph—One of the best early potatoes, combining the productiveness of the Peerless with the excellent qualities of Early Rose. It is more prolific than the former and much earlier than the latter. Tubers are medium in size, round and very uniform in shape; eyes slightly depressed and color of a beautiful light red and is a standard variety. Northern seed, pk., 50c; bu., \$1.50; 2½ bu. bag, \$3.50. Tennessee second crop seed, pk., 75c; bu., \$1.75; 2½ bu. bag, \$4.00.

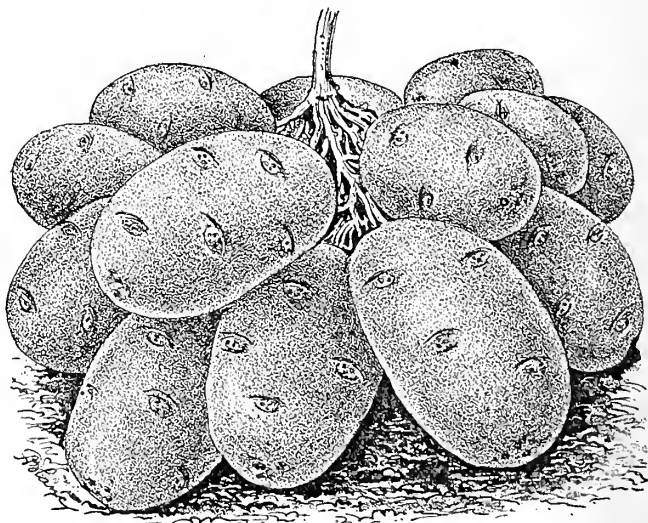

UNCLE GIDEON'S QUICK LUNCH.

Our New Extra Early—Is a seedling of the Peachblow type, very early, round in shape, making a good crop of marketable tubers, which have pink eyes and small splashes of the same color on the white skin; is destined to become the leading market extra early potato. By express or freight, pk., 75c; bu., \$2.50; 2½ bu. bag, \$4.50.

Early Ohio Potato.

Early Ohio—A favorite variety among gardeners everywhere, and particularly well suited to light or loamy soil, though it succeeds well nearly everywhere. The tubers are oval, have few eyes, smooth skin, color white, slightly flushed with rose, and is of excellent quality. Pk., 60c; bu., \$1.80; 2½ bu. bag, \$4.00.

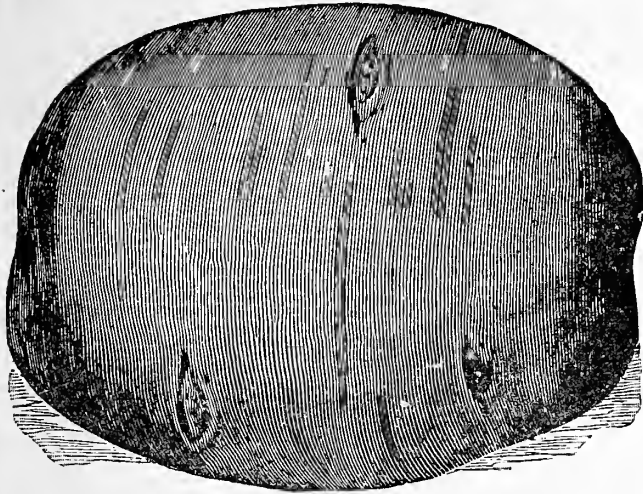

Green Mountain Potato.

Green Mountain (Second Early)—An oval shape white potato; very prolific, and an excellent cooker and keeper. Tubers white, and grows a white blossom. Many farmers contend that they get a more certain yield from this than any other second early or late potato. It is the potato that commands highest price throughout the East, and is more extensively grown in Maine for a market crop than any other variety. Good flavor; very large, mealy, magnificent eater. Pk., 75c; bu., \$1.80; 2½ bu. bag, \$4.00.

SEED POTATOES.

White Bliss Triumph—An excellent extra early potato; shape similar to the Red Bliss Triumph; color white, with pink eyes. Pk., 75c; bu., \$1.75; 2½ bu. sk., \$4.00.

New York Peerless.

N. Y. Peerless—Specially adapted for light and medium soils. Pk., 40c; bu., \$1.00; sk., \$2.40.

New York Early Rose—Matures early; excellent quality. Pk., 40c; bu., \$1.00; sk., \$2.40.

New York Burbank—Late; long, white; good table qualities. Pk., 40c; bu., \$1.00; sk., \$2.40.

Potatoes in Barrels—We also supply potatoes in barrels at an additional cost of 25 cents above prices made in sacks. They keep just as well in sacks, however, and ship just as well, and saves the expense of the barrels.

Special Prices on Potatoes—Potatoes fluctuate so in value that it is best to ask for special prices when you want to buy in quantity.

USE BUG DEATH FOR THE BUGS.

Bug Death is being very largely used on potatoes, both as an insecticide and preventive of blight. It makes a strong and healthy growth of vines and larger yields of potatoes.

SWEET POTATO PLANTS.

Ready April 20th.

	100	1,000
Genuine Yellow Yam.....	.30	\$2.50
Southern Queen30	2.50
Early Yellow Strasburg30	2.50
Red Wonder30	2.50
Pumpkin Yam30	2.50

BUNCH YAM POTATO SLIPS.

Ready April 20th.

	100	1,000
Spanish Bunch Yam35	\$2.50
Vineless Yellow Yam35	2.50
Gold Coin Bunch Yam.....	.35	2.50

Send cash with orders. All plants must go by express at purchaser's expense. We cannot send them by mail. If the weather is cool, don't set out sweet potato plants before May 1st.

Note—All of the so-called Vineless Bunch Yam Sweet Potatoes, if planted in rich soil, make a slight vine. They do not grow erect, bush form. We get the best, purest stock obtainable; we make no guarantee whatever on same.

Howell, Ark., Sept. 24, 1910.

Otto Schwill & Co., Memphis, Tenn.

Dear Sirs: Your catalogue is appreciated by every lady that has seen it. I planted your seed here in the spring. I think every seed came up. I will use no other seed as long as I can get them from your house, as I think they are ahead of any other brand.

As ever yours,

MAGGIE CHESTNUT.

SEED SWEET POTATOES.

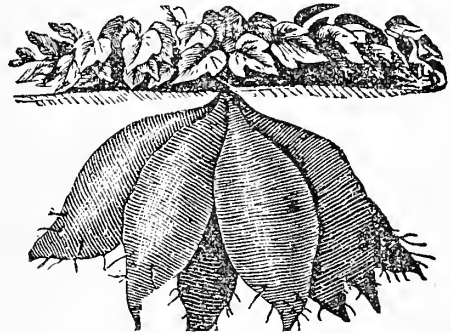

All prices given here are packed f. o. b. cars Memphis. Purchaser must pay carrying charges.

We will ship all orders by express, thus avoiding any delay, and they will be in good condition when they reach you. Complaints have been so frequent, customers stating that they were decayed and damaged on arrival, which is caused by the slow method of transportation. Sweet Potatoes rot easily, and they must be moved quickly.

All Seed Sweet Potatoes are packed on same day order is to be shipped, and we take every precaution to see that they are in good condition when they leave here, but we will not be responsible for any loss from decay or otherwise after delivery to transportation company.

We will ship about the 20th of March, as weather before that time is entirely too cold, and potatoes will rot when handled or bedded too early. Your order will be booked and shipped at the proper time.

Early Triumph Sweet Potato—Flesh bright light yellow, of good size, oblong; very prolific, and three weeks earlier than the medium late potato; a remarkably valuable potato; very large, smooth skin; cook soft. The originator says: "Skin russety white, flesh creamy yellow, fine quality. Tubers large, oval oblong, and very attractive. Enormously productive and keeps late." Pk., 75c; bu., \$2.50.

Vineless or Yellow Bunch Yam Potato.

Vineless or Yellow Bunch Yam—Fine stock, much improved over the ordinary stock; finest quality, yellow skin and flesh. Pk., 75c; bu., 45 lbs., \$2.00.

Spanish Bunch Yam—Early, productive; good for market. Pk., 60c; bu., 45 lbs., \$1.75.

Gold Coin Bunch Yam—Dark yellow flesh; fine keeper. Pk., 75c; bu., 45 lbs., \$2.00.

Genuine Yellow Yam—The old reliable running yam. Pk., 60c; bu., 45 lbs., \$2.00.

Southern Queen—Matures very early; very productive. Pk., 60c; bu., 45 lbs., \$1.60.

Early Strasburg—The best early sort for market. Pk., 60c; bu., 45 lbs., \$1.75.

Pumpkin Yam—Oblong in shape, color of skin cream pink; meat pumpkin, red, quality rich sugary. Pk., 75c; bu., 45 lbs., \$2.25.

RECLEANED SEEDS.

Sow seeds without weed seed or cheat. If you have no cheat on your land and sow no cheat with your oats, wheat or other grains, you will never see a cheat plant in the field.

It pays to buy our Bluff City Brand of Seeds, which are always thoroughly re-cleaned, every particle of foreign material and light grain taken out by our special new and modern cleaning machines that we have installed in our new warehouse.

They cost a little more than the ordinary grade, but it stands to reason they are cheaper in the end. Remember, if you sow cheat it must be in the seed and you will reap cheat. Try Schwill's Bluff City Brand Seeds this season and see the difference.

RADISH.

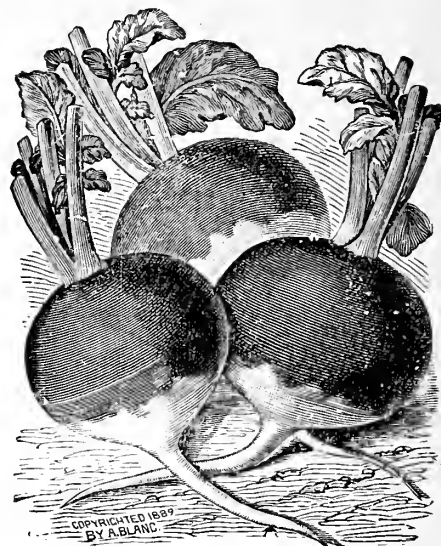

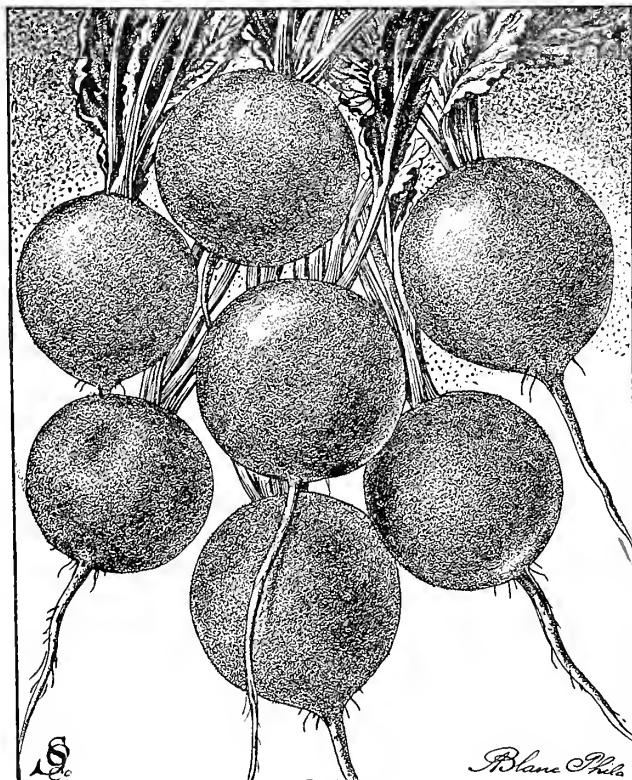

One ounce for 100 feet of drill; 8 to 10 pounds for an acre.

Pkt., 5c; 3 pkts., 10c, any variety; postage paid.

TURNIP-SHAPED RADISHES.

Early Bird Radish—Market gardeners' improved strain. It makes a small top and forms bright, round scarlet roots. Sown in the open ground in early spring, will produce beautiful radishes in 21 days. 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 65c; postage paid.

Rosy Gem—Perfectly round, deep scarlet color on top, and pure white at the bottom. It is exceedingly tender, crisp and very delicious. 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 60c; postage paid.

Early Scarlet Turnip White Tipped Radish.

Early Scarlet Turnip, White Tipped—One of the handsomest of the turnip radishes and a great favorite. Roots slightly flattened on the under side; color very deep scarlet with a distinct white tip; flesh white and of the best quality. 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 50c.

Non Plus Ultra Forcing—Round, deep scarlet, crisp and tender, short-leaved. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Yellow Turnip—A splendid summer variety, remarkable for its endurance of heat and drouth. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

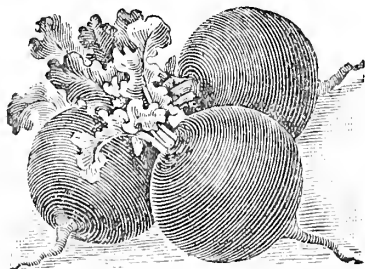

French Breakfast—Scarlet, with white tip, shape nearly oval. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 55c; postage paid.

Golden Globe—Bright deep yellow, fine for summer and late fall. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 55c; postage paid.

Early White Turnip—Pure white, fine for early use. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Crimson Giant Radish.

Crimson Giant—Suitable for forcing or early planting out of doors. A remarkable feature of this Radish is that it will grow larger than the other round red forcing Radishes and remain solid longer. Shape is round to oval. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 60c; postage paid.

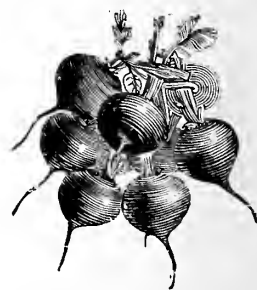

Extra Early Scarlet Globe Radish.

Early Scarlet Turnip—A well-known and highly esteemed variety, extensively grown for market. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 50c; postage paid.

Extra Early Scarlet Globe—One of the best selling and most attractive Radishes on account of its bright scarlet color and handsome shape. Is ready in 28 days. 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 65c; postage paid.

French Breakfast Radish.

Early Bird Radish.

FARMOGERM.

A preparation of high-bred, nitrogen-gathering bacteria in sealed bottles, ready for use, with water added according to directions. Bottles contain enough Farmogerm to inoculate the seed for one acre. Prepared for the following crops:

White Clover, Red Clover, Crimson Clover, Alsike Clover, Alfalfa Clover, Burr Clover, Vetches.

Price, per acre, \$2.00. State for what crop Farmogerm is wanted when ordering.

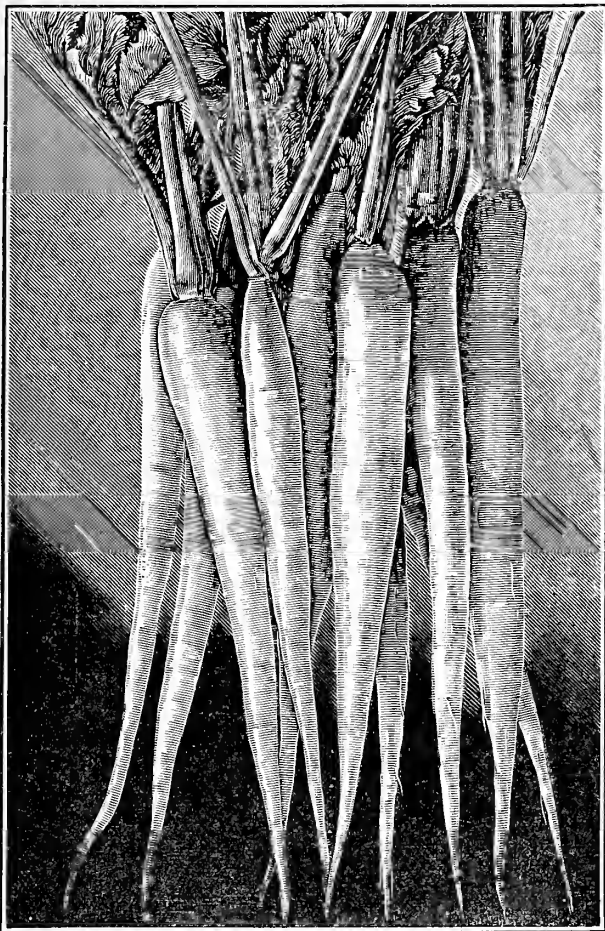

RADISH.

LONG RADISHES.

Any variety, 5c per pkt., 3 pkts. for 10c, excepting where noted otherwise.

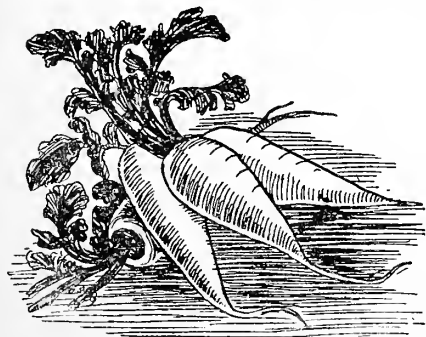

Cincinnati Market—This is a selection of the Long Scarlet, with exceedingly small tops, and grows from 6 to 7 inches long; of a beautiful bright scarlet color with a very delicate skin; one of the best and most attractive market varieties. Oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 60c; postage paid.

Half Long Deep Scarlet—A half long deep scarlet Radish. Is much grown in the South for early shipment. In quality it is brittle and juicy. 1 oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 55c; postage paid.

White Vienna Radish.

Long White Vienna—Snow white, very brittle and crisp. A beautiful long handsome Radish of rapid growth. 1 oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 55c; postage paid.

California Mammoth White Radish.

SULPHO-TOBACCO SOAP

Kills bugs, insects, mealy bugs, red spiders, rose insects, etc.

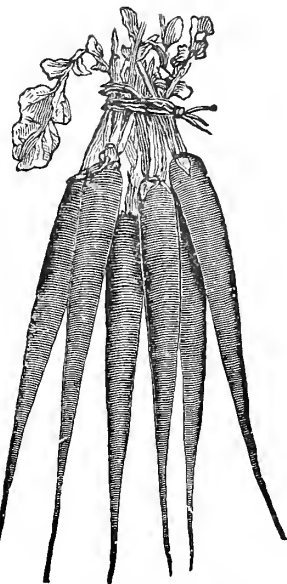

Full directions with every cake. 8-oz. cake, 20c; by mail, post-paid, 30c.

Long Brightest Scarlet
White Tip—Vivid scarlet, tipped pure white; rapid grower. Oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 55c; postage paid.

Long Scarlet Short Top—Very long and crisp, valuable for open ground. Oz., 10c, 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 50c; postage paid.

Chartier—A long Radish, deep crimson colored at the top, shading off lighter until at the bottom it becomes white. Oz., 10c; 2 oz., 20c; $\frac{1}{4}$ lb., 30c; 1 lb., \$1.00; postage paid.

White Strasburg—A desirable summer variety. Pure white, firm and brittle, and of excellent quality. It grows to a large size. Oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 55c; postage paid.

Long Scarlet Short Top Radish.

WINTER VARIETIES.

Rose China Winter—Bright rose color, flesh firm. Oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 60c; postage paid.

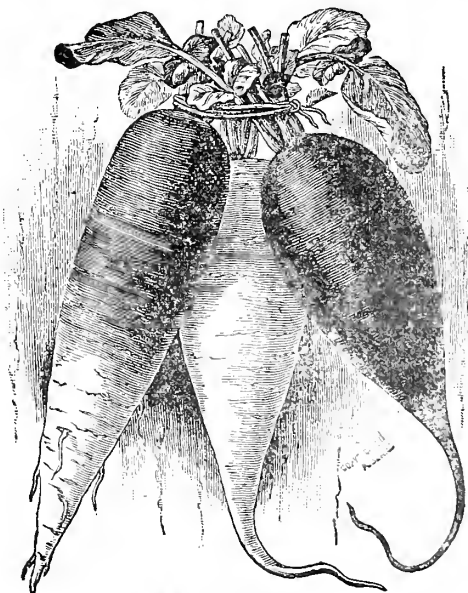

California Mammoth White—A winter sort introduced into California by the Chinese; 8 to 12 inches long and 2 inches in diameter; flesh white, firm and of excellent flavor. Oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 65c; postage paid.

Long Black Spanish—One of the hardiest and best for winter use. Oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 60c; postage paid.

Round Black Spanish—Fine for winter. Oz., 10c; 2 oz., 15c; $\frac{1}{4}$ lb., 20c; 1 lb., 55c; postage paid.

Sakurajima (Mammoth Japan)—Sow early in rich soil; the largest sort in cultivation. In Japan it grows as much as 21 inches long and 43 inches in circumference. Pkt., 10c; oz., 25c; $\frac{1}{4}$ lb., 75c; 1 lb., \$2.50; postage paid.

Radish Mixture—A superb mixture of all kinds of Radishes, early, medium, fall, winter, Chinese, etc. Sow a row of it, and it will furnish you delicious Radishes throughout the year. 1 oz., 10c; $\frac{1}{4}$ lb., 15c; 1 lb., 50c; postage paid.

Mixed Radishes.

RHUBARB OR PIE PLANT.**Rhubarb or Pie Plant.**

Sow in spring in seed bed, in drills one foot apart. Cultivate well during the season, and in the autumn or following spring transplant into deep rich soil, from three to four feet apart. The stalks should not be cut before the third year. For immediate use order the roots, which come into use at once.

Victoria Rhubarb—Good standard variety; has large stalks. Pkt., 5c; oz., 25c.

RHUBARB ROOTS.

Crimson Winter—This wonderful vegetable was recently introduced by Mr. Luther Burbank. The stalks are of medium size, well-grown ones averaging twelve to eighteen inches in length and about three-fourths of an inch in diameter. One year seedling roots, each, 20c; doz., \$2.50; postage paid. By express, doz., \$1.50; 2-year strong roots,

each, 25c; doz., \$2.50; by express only.

Victoria—1 year seedlings, doz., 60c; by express only.

Victoria—2 year clump, each, 20c; doz., \$1.50. By express.

SORREL.

This plant is considered valuable for its acid properties; mixed with salads, it imparts an agreeable and refreshing flavor. Sow in shallow drills 12 inches apart, and thin out the young plants to six inches.

Large Leaved French—Pkt., 5c; oz., 15c; ¼ lb., 40c; lb., \$1.25.

SPINACH.

One ounce for 100 feet of drill; 8 to 10 pounds broadcast for an acre.

Price, per pkt., 3c; 1 oz., 5c; 2 oz., 10c; ¼ lb., 15c; any variety. Postage paid, excepting where noted otherwise.

Long Standing—A very dark green, crumpled variety, in general appearance similar to Savoy Leaved, but much larger and broader in leaf, and very much longer standing. One of the very best for early spring and successful planting, and of excellent quality. 1 lb., 50c; postage paid. By express, 1 lb., 35c; 5 lbs., \$1.25.

New Victoria—A splendid variety, with heavy, broad, dark green leaves. Unequaled for spring sowing, as it remains in prime condition two or three weeks after other varieties have run to seed. 1 lb., 35c; postage paid. By express, 1 lb., 25c; 5 lbs., \$1.00.

**Bloomsdale Savoy-Leaved Spinach.**

Bloomsdale Savoy-leaved—A valuable variety with wrinkled leaves, resembling the Savoy Cabbage; it is very hardy and prolific. 1 lb., 35c; postage paid. By express, 1 lb., 25c; 5 lbs., \$1.00; 10 lbs., \$1.60.

Broad Leaved Flanders—One of the most vigorous and strong-growing varieties. The leaves are nearly round, uniformly deep green, quite thick and slightly crimped in the center. 1 lb., 35c; postage paid. By express, 1 lb., 25c; 5 lbs., 90c.

New Zealand—Grows 1½ feet high, and if transplanted two by three feet will produce an abundant crop in the hot weather when the ordinary spinach cannot be had. Pkt., 5c; 1 oz., 10c; ¼ lb., 30c; 1 lb., \$1.00.

Prickly—An exceedingly hardy and productive variety, adapted for fall sowing. 1 lb., 35c; postage paid. By express, 1 lb., 25c; 5 lbs., \$1.00.

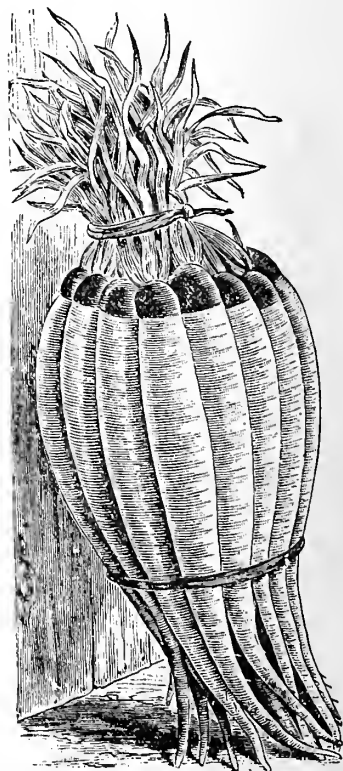

SALSIFY OR OYSTER PLANT.

One ounce will sow 50 feet of drill; 6 to 8 pounds to an acre.

Mammoth Sandwich Island—This variety is large, strong growing and less liable to branch than the other sorts. Pkt., 5c; 1 oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.00.

Unless You Have Good Seeds

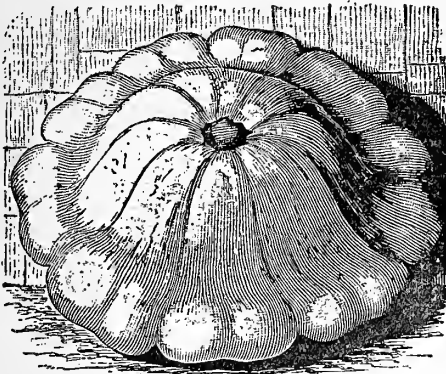

You are sure to fail. If the seeds are poor, likewise your crop will be poor and you have a hard time disposing of it at any price. Now, we have only one kind of seeds, **GOOD ONES**. We have all the varieties, and large stocks of them, too. If you are now buying of us, you will say this is true. If you are not buying of us now, we ask you to test them. Our prices are at least 10 per cent. less than you can buy the same quality elsewhere.

**Mammoth Sandwich Island Salsify.**

SQUASH.

One ounce will plant 40 to 50 hills; 3 to 4 pounds to the acre.

Pkt., 5c; any 3 pkts. for 10c.

Mammoth White Bush Squash.

Mammoth White Bush, Scalloped—An improved variety of the well known White Bush Squash, growing 12 to 25 inches across; of uniform shape, of a beautiful white color, very early and prolific. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Early White Bush—Extremely early; one of the best for summer use. Fruit white, with scalloped edges. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Golden Custard Bush—Not quite so early as White Bush. Quality fully equal; color, light yellow. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 65c; postage paid.

Livingston's Pie Squash—Rich, sweet flavor; makes good pies without eggs; fine size; great yielder. The color of the skin is similar to that of the Golden Russet Apple; flesh yellow and very thick. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Boston Marrow—Much esteemed variety, coming in about ten days later than the bush sorts. Color, rich orange. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Livingston's Improved Cushaw—Beautiful in appearance; a distinct mottled green, white striped. Fruit solid; average 15 to 25 pounds. Flesh yellow, fine grained, sweet and excellent for pies. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

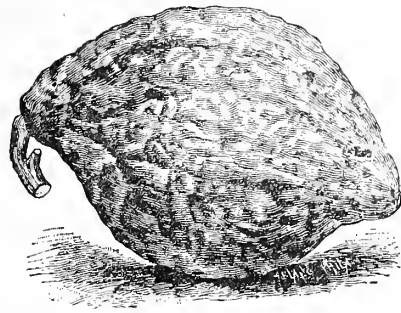

Hubbard—Skin deep olive green, flesh orange yellow; sweet, rich flavored; keeps well through the winter; boils or bakes dry. Oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Giant Yellow Summer Crook-neck Squash.

Giant Yellow Summer Crook-neck—Double the size of the ordinary Crook-neck and very warty, but similar in other respects. 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Yellow Summer Crook-neck—Early, productive and of good quality; skin orange yellow. Oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

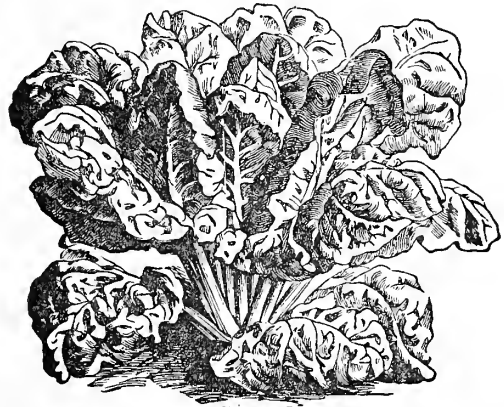

Hubbard Squash.

SWISS CHARD.

SILVER BEET, OR CUT AND COME AGAIN SPINACH.

This beet produces leaves only, excellent as greens. Cultivate same as spinach, sowing the seed in early spring, in drills 1½ feet apart. Good cultivation will increase the delicacy and tenderness of the leaves.

Swiss Chard, or Cut and Come Again Spinach.

Swiss Chard—Pkt., 5c; 1 oz., 10c; ¼ lb., 25c; 1 lb., 75c; postage paid.

TREE SEEDS.

We list the leading varieties used in the South.

Catalpa Speciosa—Oz., 15c; ¼ lb., 40c; lb., \$1.50.

Osage Orange—Oz., 10c; lb., 60c; postpaid.

Russian Mulberry—Oz., 20c; lb., \$1.75; postpaid.

Black Locust—Oz., 10c; lb., 50c; postpaid.

Honey Locust—Oz., 10c; lb., 50c; postpaid.

Box Elder—Oz., 10c; lb., 60c; postpaid.

TOBACCO.

Culture—Tobacco can be grown in this vicinity as well as in the West, as our soil is better and yields about double the amount per acre. Tobacco can be grown by any one that can grow cabbage. The seed should be sown on a well prepared seed bed in the spring and a piece of canvas stretched across the top to protect against the weather. When plants are about six inches high, set out two feet apart in rows three feet apart; spray with Paris green to keep the insects off.

Havana—Grown from seed imported from Vuelta de Abajo. Pkt., 10c; oz., 40c; postage paid.

Connecticut Seed Leaf—An old well-known variety. Pkt., 5c; oz., 25c; postage paid.

Kentucky White Burley—This strain is much superior to the regular White Burley. Pkt., 10c; oz., 40c; postage paid.

TOMATOES.

One ounce for 1,500 plants; 2 oz. per acre; 4 to 5 feet each way.

GOOD TOMATO SEED.

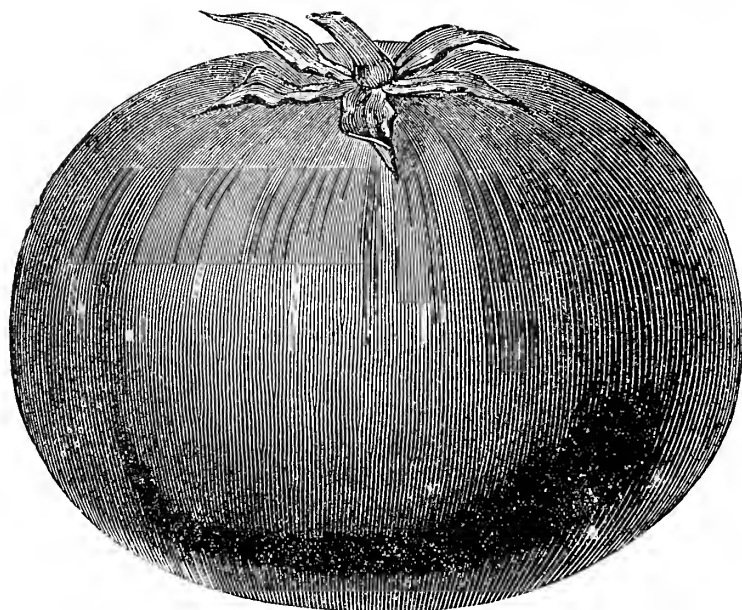

There is probably no garden plant in which more rivalry is displayed by market gardeners and others to produce an early and good crop than the Tomato, for the reason there is always a greater demand for this desirable vegetable than for any other, and at good prices. We offer carefully selected stocks from the best plants and not the refuse or "culls," as is often the case of the market patch. Planting instructions supplied free with orders.

Red Rock—110 days from seed sowing to ripe fruit. A trucker's variety, extraordinarily solid, smooth as an apple, red as it is possible to be. No sort is its superior in texture or flavor. Undoubtedly one of the finest large red tomatoes now in use. Pkt., 5c; $\frac{1}{2}$ oz., 15c; 1 oz., 25c; $\frac{1}{4}$ lb., 75c; postage paid.

Earlibell—This is the largest and best formed of the early red sorts. The fruit is of good size throughout; heavy, firm and smooth. It has an unusually long season for so early a variety and is excellent for shipping. Pkt., 5c; $\frac{1}{2}$ oz., 25c; 1 oz., 40c; $\frac{1}{4}$ lb., \$1.00; postage paid.

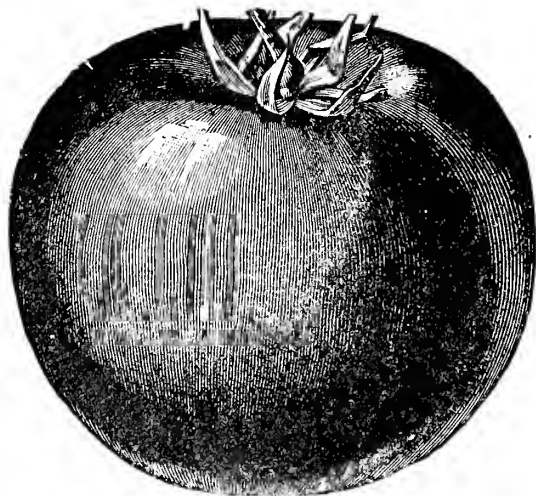

Acme—Hardy, vigorous and productive; fruit large, smooth, round; color pink. An old and well-known sort. Pkt., 5c; $\frac{1}{2}$ oz., 10c; 1 oz., 20c; $\frac{1}{4}$ lb., 60c; postage paid.

Perfection—Larger than Acme, fully as early; perfectly smooth, solid, almost round; deep red in color. Pkt., 5c; $\frac{1}{2}$ oz., 10c; 1 oz., 20c; $\frac{1}{4}$ lb., 60c; postage paid.

Earlibell Tomato.

Dwarf Stone—Of stout upright and compact growth. The fruit is as large as the late Stone, and of the same color, a bright red, while it is as early as the other dwarf varieties, and like them, may be planted much closer. Pkt., 5c; $\frac{1}{2}$ oz., 15c; oz., 25c; $\frac{1}{4}$ lb., 80c; lb., \$2.75; postage paid.

Earliana Tomato.

Earliana—Very early. Habit of vine dwarf and compact. Fruit ripens in 85 or 90 days after germination of seed. Fruit borne in clusters of from 10 to 15 in a bunch. A remarkable variety, and one which is in good favor among market gardeners, ripening in about 100 days. Pkt., 5c; $\frac{1}{2}$ oz., 15c; 1 oz., 25c; $\frac{1}{4}$ lb., 70c; postage paid.

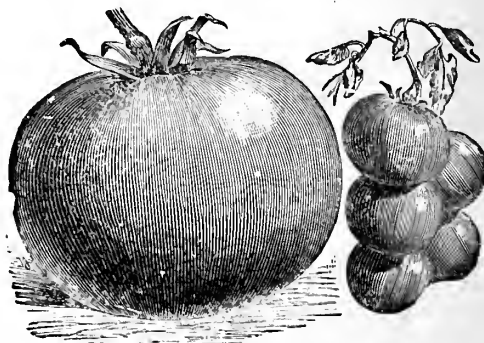

Crimson Cushion—Large size, sometimes weigh one pound. Nearly round and of very good quality, being free from acid taste; color bright scarlet. Pkt., 5c; $\frac{1}{2}$ oz., 20c; 1 oz., 35c; $\frac{1}{4}$ lb., \$1.00; postage paid.

Matchless—Large, smooth and symmetrical. Color bright red. It is solid and meaty, and of excellent flavor, and ripens well to the stem. Pkt., 5c; $\frac{1}{2}$ oz., 10c; 1 oz., 25c; $\frac{1}{4}$ lb., 75c; postage paid.

Stone—A fine Tomato for main crop for market or canning. The fruit is perfectly smooth, of a beautiful red color and very large. Pkt., 5c; $\frac{1}{2}$ oz., 10c; oz., 20c; $\frac{1}{4}$ lb., 60c; lb., \$2.00.

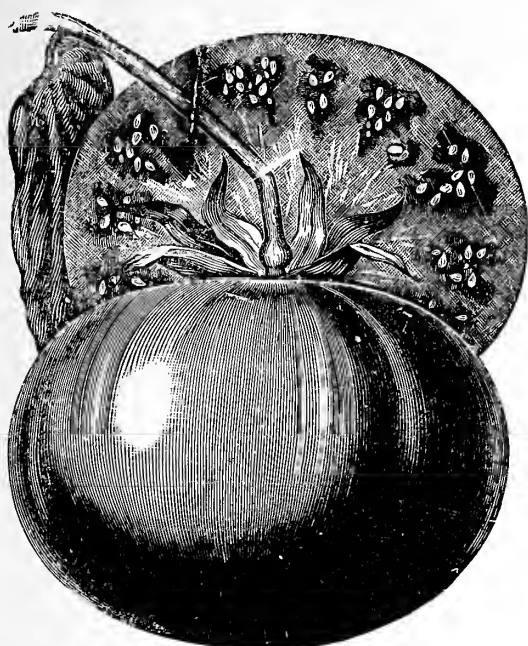

Beauty—Color purplish red; fruit large, very heavy and meaty; a very prolific and profitable variety; a good shipper. Very showy. Pkt., 5c; $\frac{1}{2}$ oz., 10c; 1 oz., 20c; $\frac{1}{4}$ lb., 60c; postage paid.

Red Rock Tomato.

TOMATOES.

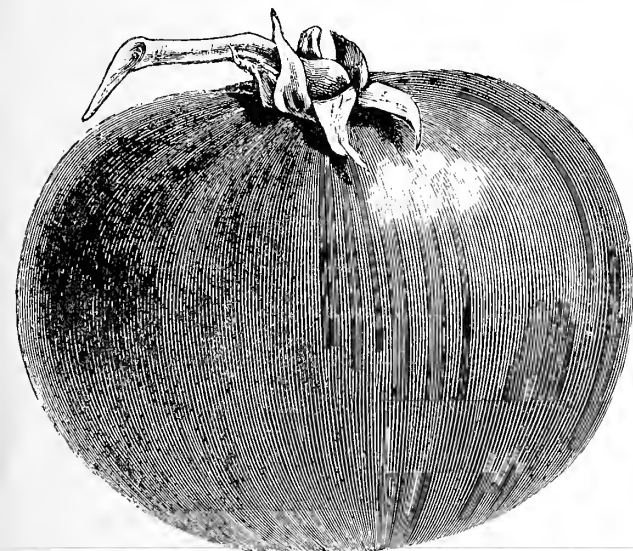

Ponderosa Tomato.

Ponderosa—Probably the largest of all Tomatoes. Color a bright crimson; fruit smooth and regular in shape; a favorite sort for the home garden. Pkt., 5c; ½ oz., 20c; 1 oz., 35c; ¼ lb., \$1.00; postage paid.

Livingston's Globe—In shape this Tomato is distinct from all others, being a beautiful globe. It ripens evenly through and through; a fine glossy rose in color, tinged with purple; very productive. Pkt., 5c; ½ oz., 20c; 1 oz., 35c; ¼ lb., 85c; postage paid.

Livingston's Coreless—This Tomato is almost round, being of about the same diameter each way. Clusters of 4 to 7 fruits are produced at 6 to 8 inches apart along the stem, and all are of good size, many quite large. A grand, good slicing variety, the seed cells being surrounded by bright red, heavy, meaty and delicious flesh. Pkt., 5c; ½ oz., 20c; 1 oz., 35c; ¼ lb., \$1.00; postage paid.

Trucker's Favorite Tomato.

Trucker's Favorite—A large and handsome variety. Fruits purple, thick-meated and fine flavor. One of the best for shipping; larger than Beauty. Pkt., 5c; ½ oz., 15c; 1 oz., 25c; ¼ lb., 75c; postage paid.

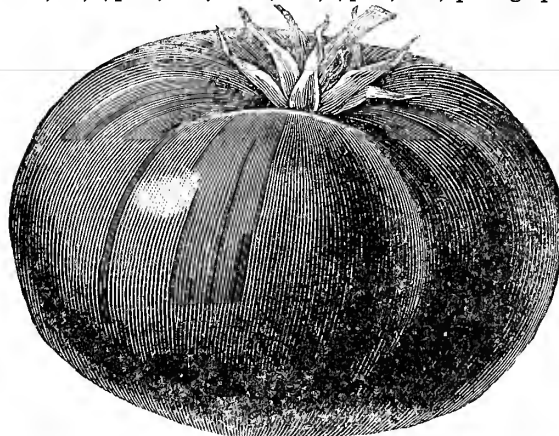

Imperial—Very large, solid and good flavor; fruit is purplish red. Pkts., 5c; ½ oz., 15c; 1 oz., 25c; ¼ lb., 70c; postage paid.

Magnus—This Tomato is the same color as Acme, being a glossy red. It is medium early, perfect form, grows large and attractive. Pkt., 5c; ½ oz., 15c; 1 oz., 25c; ¼ lb., 75c; postage paid.

Trophy—An old-time favorite. Large size, smooth, solid and excellent flavor. Pkt., 5c; ½ oz., 10c; 1 oz., 25c; ¼ lb., 70c; postage paid.

Golden Queen—A very handsome yellow Tomato; resembles the Paragon in size, solidity and productiveness. Pkt., 5c; ½ oz., 15c; 1 oz., 25c; postage paid.

Royal Red—Deep scarlet, a first-class main crop variety. Pkt., 5c; ½ oz., 15c; 1 oz., 25c; ¼ lb., 75c; postage paid.

Baltimore Queen Tomato.

Baltimore Queen—Color a rich glossy pink; a very heavy cropper; fruit large, firm and heavy. It averages 8 to 10 fine tomatoes in a cluster; ripens evenly up to stems; not subject to blight. An excellent sort for late summer and early fall. Pkt., 5c; ½ oz., 15c; 1 oz., 25c; ¼ lb., 75c; postage paid.

PRESERVING TOMATOES.

5c per pkt.; 6 pkts. for 25c; postage paid.

Yellow Pear Shape.

Yellow Plum Shape.

Yellow Peach.

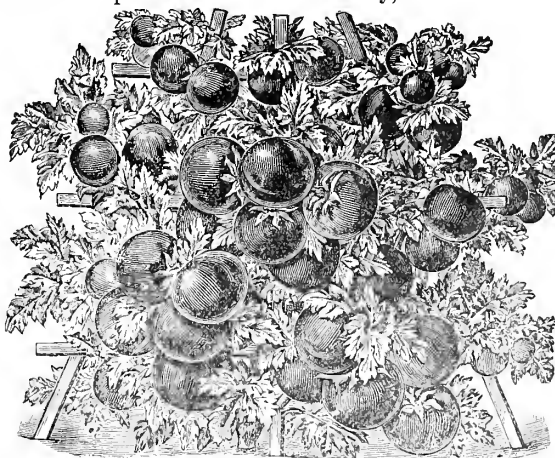

Red Pear Shape.

Red Plum Shape.

Red Peach.

Red Currant.

Strawberry, or Husk Tomato.

I. X. L. Tomato.

I X L—Extra early, good size and shape; very prolific. Shape nearly round, partly flattened at stem end; very thick through. Color a bright scarlet; grows in clusters of 4 to 6 in a cluster. Pkt., 10c; ½ oz., 50c; 1 oz., 75c; postage paid.

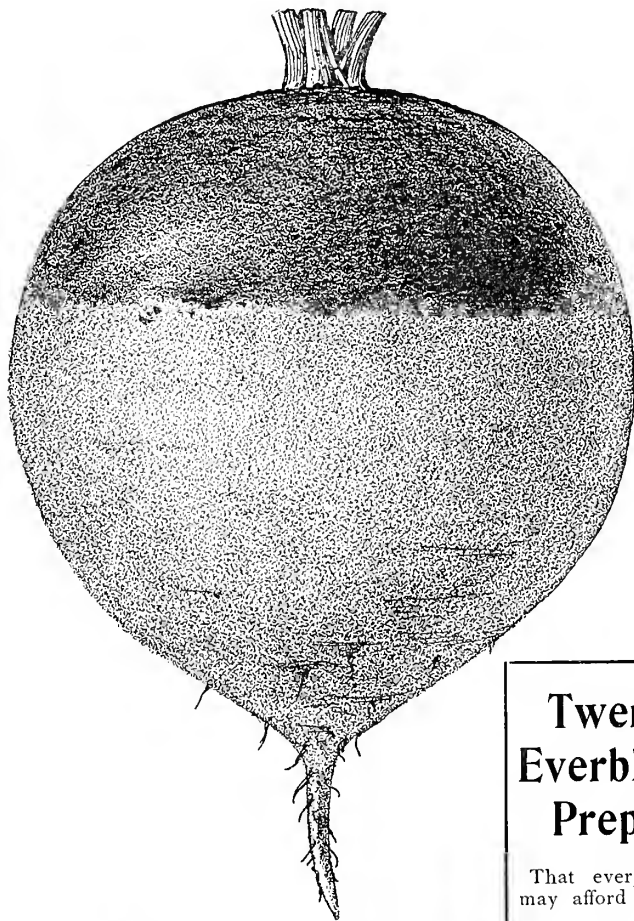

TURNIP.

One ounce will sow 100 feet of drill; 2 pounds per acre, broadcast. Planting and cultural directions free with orders.

White Spring—This is similar to the White Flat Dutch; not quite so large, but round in shape. The tops are large, it is early, a good quality, and best adapted for spring planting. Pkt., 5c; 1 oz., 10c; 2 oz., 15c; ¼ lb., 20c; 1 lb., 60c; postage paid.

Extra Early Purple Top Milan—The Milan is the earliest of all turnips; white with purple top; very desirable planting. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Extra Early White Milan—Pure white; as handsome as Early Purple Top Milan; flesh sweet and tender. Pkt., 5c; oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

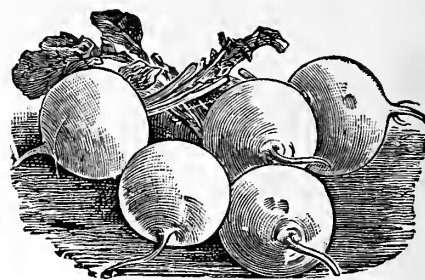

Mammoth Purple Top White Globe Turnip.

Mammoth Purple Top White Globe—The popular variety for market or home use. Flesh white and of excellent quality; shape is nearly a globe; skin white at bottom, purple at top, making a very attractive appearance. 1 oz., 5c; 2 oz., 10c; ¼ lb., 15c; 1 lb., 50c; postage paid.

American Red Top White Globe Turnip—This variety has been grown and improved for years to meet the wants and trade of the most critical market gardeners. It is of fine form, bright red top, perfect globe shaped, round and smooth. If you grow for market, you want it. Pkt., 5c; 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 60c; postage paid.

Large White Globe—This is selected from the Pomeranian White Globe. It is smoother and handsomer in shape; good to plant early in spring. It is a very salable turnip in the market. 1 oz., 5c; 2 oz., 10c; ¼ lb., 15c; 1 lb., 45c; postage paid.

Twenty Beautiful Everblooming Plants Prepaid for \$1.00

That every flower lover in America may afford a collection of greenhouse plants, we have grown these twenty kinds in large quantities, so that we can send this large number for this very low price. They are all choice plants, suitable for either house culture, outdoor vases or beds. They are all to be our selection of varieties, as we can not allow you to select at this price.

Colossal Ruta Baga.

Colossal—A handsome yellow Ruta Baga, fine grain, perfection in form; does not make any necks. Pkt., 5c; 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 60c; postage paid.

The above prices are postage paid. When ordering seeds by express or freight, you may deduct from these prices 10c per pound.

SWEET PEAS

Of late years Sweet Peas have been greatly improved in type, size of flowers and beauty of colors, adding very much to their popularity. The Spencer or Orchid flowering type has appeared in many new shades, outclassing some of the standard sorts of similar colors by their large, bold and wavy flowers. The blooms, often measuring two inches across, are borne three and four on long, stiff stems. We have discarded many of the older varieties, to give place to the new and larger flowering sorts of similar colors, and the list offered below we can recommend with every confidence.

Cultural Directions—Sow in the spring as soon as the ground can be prepared in a deep, rich soil and for succession until the middle of April. Open a drill 4 to 5 inches deep, and cover the seed from 2 to 3 inches. As the vines grow up, draw the soil up against them for support. A row of brush or wire netting should be placed between them for the vines to trail on. Pick flowers closely and do not allow to go to seed.

Schwill's Superb Mixed Sweet Peas—This superb mixture is blended by us with extraordinary care from named varieties of the most approved large flowering type, including recent American and European novelties, as well as a great many new hybrids as yet unnamed, insuring a gorgeous color effect. Pkt., 5c; oz., 10c; ¼ lb., 20c; ½ lb., 35c; lb., 60c; postage paid.

Eckford's Mixed—Composed of Eckford's varieties. Oz., 5c; ¼ lb., 15c; lb., 50c; postage paid.

Choice Mixed—A well-proportioned mixture of about 25 good varieties. Oz., 5c; ¼ lb., 15c; lb., 40c; postage paid.

Cupid Mixture—A splendid mixture of all the recently introduced cupids, which will make a most desirable combination. Pkt., 5c; 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c.

Bush Sweet Peas—Makes a compact, neat bush, requiring no support whatever; flowers good size. Per pkt., 5c; 1 oz., 10c; 2 oz., 15c; ¼ lb., 25c; 1 lb., 75c; postage paid.

Hardy or Everlasting Sweet Peas (Lathyrus)—Perfectly hardy and very handsome free-blooming climbers, with clusters of elegant sweet-pea-like blooms, which are produced in the greatest profusion. They come up year after year. Pkt., 5c; oz., 25c.

NAMED VARIETIES OF SWEET PEAS.

Prices for any of the following named sorts, except where otherwise quoted: Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 40c; lb., 75c; postage paid.

CHOICE FLOWER SEEDS

Embracing the choicest strains of standard sorts. All Flower Seeds sent by mail on receipt of price.

Size of Packets—Our packets are well filled, so much so that they usually contain sufficient for two or more sowings.

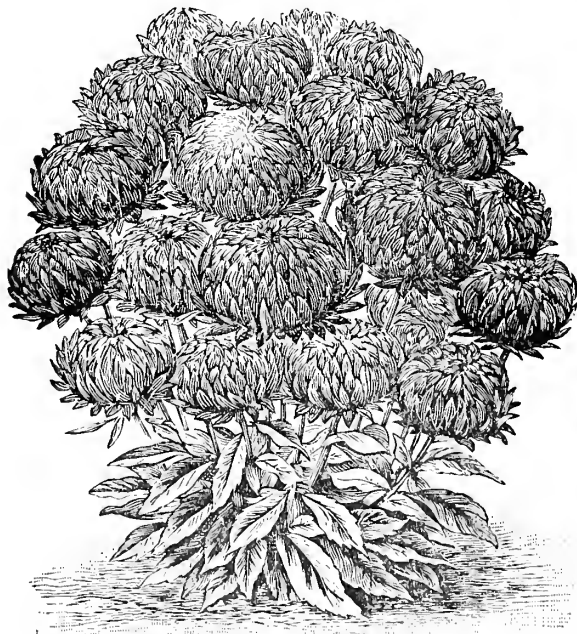

General Culture Directions—Most Flower Seeds germinate well in a rather light, sandy loam, exposed to the sun, while a few are benefited by partial shade, and some do best with an element of clay finely mixed with the soil. Nearly all the hardy seeds germinate better when planted in early spring, as soon as the soil can be worked fairly easy.

A general rule for the seed bed is to have the soil rich, level and worked very finely. Sow the seed evenly in the rows, cover with the finest of soil, about three times the diameter of the seed, and press the soil firmly over the seed. The soil should never become dry after the seeds have swelled, for if it does they will be pretty sure to fail. For this reason it is best to sow most small seeds in shallow boxes, two to three inches deep, and of any convenient size, that the surface of the soil may be kept properly moistened. After the seeds are up, care must be taken to give them plenty of air and moisture, and yet not too much water, or they will "damp off" (rot at the top of the ground). As soon as the second leaves are well out, they should be transplanted into pots or new boxes. When finally transplanted to the bed or border, they should be watered frequently until well established.

ASTERS.

This has become one of the most popular, beautiful and effective garden plants, growing from 10 to 24 inches high. Sow the seed early in the spring, under glass or in pots in the house, and transplant into rich soil.

Aster, Mixed—A general mixture of all colors. Pkt., 5c.
Aster, China, Mixed—Well-known, hardy variety. Pkt., 5c.

WILD FLOWER GARDEN MIXTURE.

These mixed Flower Seed embrace more than a hundred varieties of easy-growing and pretty flowers, suitable for forming a wild flower garden. They are very useful for woodland walks and for sowing alongside fences and untidy, bare spots of ground which are so frequently unsightly, and which, if properly cared for and kept free from weeds, can be made to produce a continual display of bloom during the summer. Pkt., 5c; ounce, 25c.

Extra Large Flowered Verbena.

New Crop Grass, Clover and Field Seeds

We make a specialty of farm seeds, and are at all times prepared to furnish the best varieties of seed grain, seed oats, seed corn, clovers and grass seeds at such prices that it will not pay anyone to plant poor seed.

PURE SEED LAW.

Complying with the Tennessee Pure Seed Law, effective June 1, 1909, and now in force, all seeds herein offered are fully tested for purity and germination, and all shipments in the state will be fully tagged and stamped.

RECLEANING SEEDS.

Our new seed warehouse is being equipped with complete modern cleaning machinery and separators; we realize the necessity of supplying the very best pure seeds, free from obnoxious weed seeds, and with our new buildings and special machinery, no firm in the South can furnish you with as good seeds as our Bluff City Brand. It will certainly pay you to pay the difference in price and get our pure recleaned seeds. Ask for Bluff City Brand Seeds.

Sowing the Seed—All grasses and clovers used in the South can be sown in the spring; also in the fall. Have your land well prepared, pulverized and in the best of order. It is important that grass seeds be covered carefully with a light harrow not more than half an inch. Clovers and large seeds about an inch. The ground should be well rolled; the seed will then germinate better.

Prices named in this Department are subject to important market changes. Quotations are net and are not subject to premium or discount, which is offered on other seeds. **Clover and Grass Seeds are constantly varying in value**, and we issue a price list daily during the busy season. Please write for quotations, sending list of requirements, when in need. Orders sent us will be given benefit of lowest prices on day order is received. Will take pleasure in mailing samples and quoting inside prices at any time on large orders. All prices named on Clover, Grass and Farm Seeds are f. o. b. Memphis. Where seamless cotton bags are used they will be charged for extra, 25c each.

GRASS SEEDS.

PERMANENT MEADOW MIXTURES.

The advantage of sowing grasses and clovers in mixtures has long been recognized, and the practice is increasing to a very remarkable extent wherever grasses are sown, practical experience having conclusively proven the great advantages of sowing a large number of grasses together, both for hay and pasturage.

We send out the No. 1 mixture when not otherwise ordered, as it is adapted to medium or average soils. Sow about 22 lbs. (1½ bu.) per acre; or for top seeding, 10 to 15 lbs.

No. 1—For Medium Soils—Contains Meadow Fescue, Perennial Rye Grass, Italian Rye, Orchard Grass, Tall Meadow Oat, Timothy, Red Clover, Alsike, Sweet Vernal, etc.

No. 2—For High, Dry Land, Heavy or Clay Soils—Contains much the same as above, with the addition of Orchard Grass, Crested Dogtail and Bromus.

No. 3—For Moist and Rich Soil, or Land Subject to Overflow—Contains Water Meadow Grass, Meadow Foxtail, Perennial Rye Grass, Meadow Fescue, Red Top, Meadow Soft Grass, Alsike Clover, etc.

Prices—Any of the above Permanent Meadow Mixtures, per lb., 40c; 3 lbs., \$1.00; postage paid. By freight, not prepaid, per bu., 14 lbs., \$3.25; 2 bu. or more at \$3.00 per bu.

PERMANENT PASTURE MIXTURE.

Selected with a view to having a succession of grasses coming on constantly from earliest spring through the dry summer weather, and through the fall. It is permanent and keeps improving year after year. Sow about 22 lbs. (1½ bu.) per acre, or for top seeding, half the amount.

No. 4—For Medium Soils—Contains Kentucky Blue Grass, Meadow Fescue, Perennial Rye Grass, Orchard Grass, Tall Meadow Oat Grass, Hard Fescue, Alsike Clover, White Clover, Timothy, Red Clover.

No. 5—For High, Dry, Heavy or Clay Soils—Contains much the same as above, mixed in different proportions, with the addition of Alfalfa and Orchard Grass.

No. 6—For Moist and Very Rich Soils—Contains Perennial Rye Grass, Water Meadow Grass, Water Fescue, Meadow Foxtail, Orchard Grass, Meadow Soft Grass, Tall Meadow Oat Grass, Alsike, etc.

No. 7—For Orchards, Wood Pastures and Shady Places—Contains Wood Meadow Grass, Kentucky Blue Grass, English Blue Grass, Meadow Foxtail, Sweet Vernal, Red Clover, Alsike, etc.

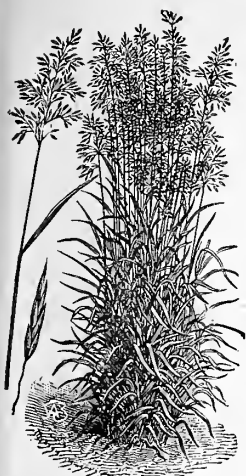

Permanent Hog Pasture—Ready to use the first year and many years thereafter. Will fatten the hogs quickly and keep them in good health. Much superior to a corn diet for them and helps keep hog cholera and similar diseases away. Contains Perennial Rye Grass, Orchard Grass, Italian Rye Grass, Clover, Timothy, Red Top, etc. On any ordinary soil sow 14 lbs. per acre. Per lb., 40c; 3 lbs., \$1.00; postpaid. By freight, per bu., 14 lbs., \$3.50; 3 bu. or more at \$3.25.

Prices—Any of the above Permanent Pasture Mixtures, per lb., 40c; 3 lbs., \$1.00; postpaid. By freight, per bu., 14 lbs., \$3.25; 2 bu. or more at \$3.00 per bu.

KNOWLEDGE OF SEEDS.

Did you ever realize the necessity of planting seeds especially adapted to the soil and climate in which they are to be planted? We make the seed business a study and sell only such seeds as are suitable for our Southern climate. Our seeds are being planted all over the State of Tennessee and the results have been highly satisfactory. We can furnish testimonials from hundreds of vegetable growers who have planted our seeds and testify as to their adaptability to our climate and as to final results. Bear us in mind before placing your orders with seedsmen who do not select seeds suitable to our climate. Your interests are ours; we want to furnish you seeds on their merits and ask you to give us your orders not because we are home people but because we will give you the best seeds at as low prices as any other seedsmen in the country.

GRASS SEEDS.

Red Top,
or Herds Grass.

Rep Top or Herds Grass—Probably the most useful and succeeding better on more soils than any other grass for the South. Does best on moist or wet soil, but grows well on nearly all upland soils. Where conditions are favorable, and on moist land, it will grow four feet high and produce sometimes $1\frac{1}{2}$ tons to the acre. Can be sown in either spring or fall, and it is best to use "Fancy Cleaned" Seed, which require 6 to 8 pounds to the acre. If using chaff seed, 2 to 3 bushels to the acre are required. Prices: Choice seed in chaff, 1b., 20c; postage paid. By freight, pk., 35c; bu., \$1.00; 5 bu., \$4.50. Fancy cleaned seed, 1b., 40c; postage paid. By freight, 10 lbs., \$2.50; 100 lbs., \$20.00.

VELVET OR MESQUITE GRASS.

Velvet, or
Mesquite Grass.

The use of this grass is increasing to a considerable extent in the South. It is very highly appreciated, particularly as a pasture grass. It starts early in the spring, being about the first grass to furnish pasturage, and it continues to furnish excellent pasturage up to June. Its growth starts again in August, and it furnishes very heavy grazing during the months of September and October. It is considered, however, an excellent grass to use mixed with other grasses; it catches well on nearly all soils and will hold and spread until plowed up. It is particularly well adapted for light and upland soils, and we recommend it in mixtures with Orchard and Tall Meadow Grass, particularly where it is desired to increase the yield of pasturage. Sow in March, 20 pounds to the acre. 1 lb., 50c; postage paid. By freight, 1 lb., 40c; 20 lbs., \$7.00.

Orchard Grass.

Orchard Grass—One of the most widely known of pasture grasses. Its properties are earliness, rapid growth and power to resist drouth. Will endure some shade. Flowers about the same time as red clover; $1\frac{1}{2}$ bushels to the acre. 1 lb., 35c; postage paid. By freight, 1 bu., 14 lbs., \$2.90; 5 bu., \$13.50.

Meadow Fescue,
or Randall Grass

Meadow Fescue (Randall Grass)—An excellent pasture grass, early, nutritious, and thrives well on all good soils. The long tender leaves are much relished by cattle. Sow 35 lbs. to the acre. 1 lb., 45c; postage paid. By freight, 1 bu., 10 lbs., \$3.50; 100 lbs., \$30.00.

Bermuda Grass—No grass will stand the sun better. It is also very valuable as a pasture and hay grass. Six lbs. will sow an acre. Should be planted in the spring, but can also be sown later. Under the most favorable circumstances it takes from 20 to 30 days to sprout; requires damp weather and hot sun, but when once up grows very rapidly. 1 lb., \$1.00; postage paid. By freight or express, 1 lb., 85c; 10 lbs., \$7.50.

Tall Meadow Oat Grass—For either hay or permanent pasture; a most valuable grass. Does well on any soil, but of special value on clay land. Grows 3 to 4 feet high; very desirable for meadow. Sow 30 lbs. per acre. 1 lb., 40c; postage paid. By freight, 10 lbs., \$2.00; 100 lbs., \$18.00.

English Perennial Rye Grass—It succeeds in almost any soil. Sow same as Blue Grass. Sown in the fall, produces fine winter pasture or a beautiful green lawn. 1 lb., 35c; postage paid. By freight, 10 lbs., \$1.50; 100 lbs., \$12.00.

Awnless, or Bromus Grass.

Canada Blue Grass.

Awnless Brome Grass (Bromus Inermis)—Will stand long drouths and produce heavy crops in dry sections where other grasses would perish. It has also proved one of the hardiest grasses. Will succeed in a wider range of temperature than any other grass. Sow 35 to 40 lbs. to the acre. 1 lb., 35c; postage paid. By freight, 10 lbs., \$1.80; 100 lbs., \$15.00.

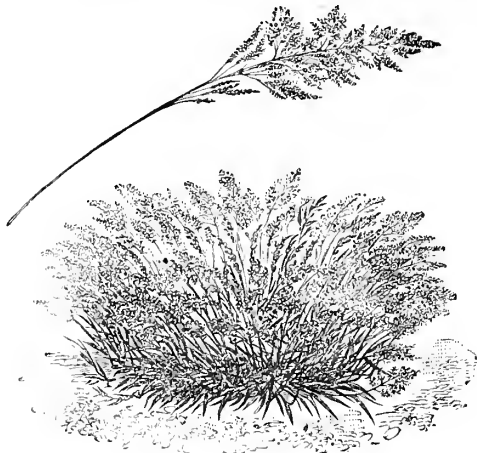

Italian Rye Grass—Especially recommended for pasture mixtures. Adapted for moist situations. Sow 40 lbs. to the acre. 1 lb., 25c; postage paid. By freight, 10 lbs., \$1.50; 100 lbs., \$12.00.

Timothy—More used than any other variety of tame grass. Succeeds well on good soil. Sow 15 pounds per acre. 1 lb., 30c; postage paid. By freight, pk., \$1.50; bu. of 45 lbs., \$5.25.

Canada Blue Grass—More creeping in habit, a little coarser but more hardy than the Kentucky blue. Sow 30 lbs. to the acre. 1 lb., 30c; postage paid. By freight, bu., 14 lbs., \$2.50; 100 lbs., \$16.50.

All quotations on Grass Seed are subject to market changes. Special quotations will be given at any time. State what quantity you wish.

PURE BONE MEAL FERTILIZER—One of the best and most lasting fertilizers. Good for most all crops, grasses, clovers; also fruit trees will respond to its use. 50-lb. sack, \$1.50; 100-lb. sack, \$2.50.

LAWN GRASS SEED.**Kentucky Blue Grass.**

Kentucky Blue Grass (Fancy Clean)—The famous grass of Kentucky; for lawns it has no superior; 2 to 3 bushels of seed per acre. 1 lb., 50c; postage paid. By freight, 5 lbs., \$1.50; bu., 14 lbs., \$4.00.

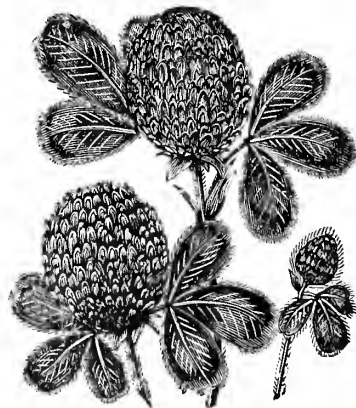

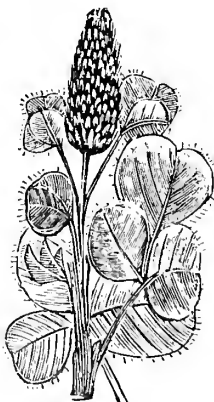

Emerald Lawn Grass Seed—A mixture of the finest grasses, such as produce thick, velvety lawns, and only the cleanest and heaviest seed is used, thus insuring purity and strong vitality. By mail, lb., 50c. By express, lb., 40c; 3 lbs., \$1.00; bu. of 14 lbs., \$4.00.

Imported English Lawn Grass Seed—Grows in sun or shade, in any climate. Lawns grown from it are veritable pictures of beauty. Imported English Lawn Grass Seed, and no weed seeds or coarse grasses. 1 lb., 50c; postage paid. By express, 5 lbs., \$1.75; 50 lbs., \$14.00.

DeSoto Park Lawn Grass Seed—A superior mixture of short, fine-leaved grasses, especially for our Southern soil. By mail, 1 qt., 40c. By express, 1 qt., 35c; bu. of 14 lbs., \$4.00.

Sunny South Lawn Grass—A mixture that stands extremes of heat and drouth well, and that are, therefore, peculiarly adapted to the South. Lb., 75c; postage paid. By freight, lb., 60c; 5 lbs., \$2.50.

Our price on Grass Seeds by freight does not include carrying charges. They will be sent at purchaser's expense.

CLOVER SEED.**Red Clover.****Crimson or Scarlet Clover.**

Georgia Burr Clover—Seed should be sown any time from August to October; 10 lbs. seed in the burr per acre. It is an annual plant, furnishing excellent winter grazing or a hay crop in May. Seed in the burr: By mail, 1 lb., 50c. By freight, 10 lbs., \$3.50; 50 lbs., \$13.50; 100 lbs., \$25.00.

Red Clover—This is regarded as far the most important of the grass family for the practical purpose of agriculture, being valuable not only as a forage plant, but also for its fertilizing properties. Enriches the soil and adds materially to the value of succeeding crops. Sow 10 to 15 lbs. to the acre any time during spring or fall. By mail, lb., 35c. By freight, 10 lbs., \$2.25; bu. of 60 lbs., \$12.00.

Bluff City Brand Re-Cleaned Clover—Per bu., \$12.50.

Mammoth, or Pea Vine Clover—This is a variety of red clover, of greater size and strength than the original type. Succeeds better on thin soils. By mail, lb., 35c. By freight, 10 lbs., \$2.25; bu., 12.50.

White Clover—Does well in almost all lands of the Central South. Sow any time in the spring, 5 to 6 lbs. per acre. By mail, lb., 50c. By freight, lb., 40c; 10 lbs., \$3.00.

Scarlet, Crimson or German Clover—Does well sown in the spring or fall. It makes a splendid pasture all during the winter. Sow 15 lbs. to the acre. By mail, 1 lb., 35c. By freight, 15 lbs., \$2.75; bu., 60 lbs., \$10.00.

**Alsike Clover.**

Alsike Clover—Highly valued as a permanent pasture. It is hardy in the South, and is the only variety which will produce a good crop and not kill out in low, wet land. The hay is finer and better than any other, therefore of special value for sowing with timothy. Height, 18 to 24 inches, and has round pink or flesh-colored heads. Seed is small and requires only 8 pounds per acre. By mail, 1 lb., 40c. By freight, 8 lbs., \$2.00; bu., 60 lbs., \$14.00.

Timothy and Alsike Clover Mixed—A satisfactory combination. Try Timothy and Alsike for the highest grade of mixed hay. They blossom at the same time, and are suited for the same soils. On low, moist lands where other grasses would fail they do especially well. They are beneficial to each other. The Alsike forms a thick bottom and greatly increases the yield of hay or pasture, cattle preferring the mixed grasses to Timothy alone. The Timothy acts as a protector to the Alsike through the winter months. A trial will convince you of the merits of this combination. Sow 15 lbs. to the acre. By mail, 1 lb., 40c. By freight, 15 lbs., \$3.00; 100 lbs., \$18.00.

BEE KEEPERS' SUPPLIES.

The G. B. Lewis Bee-Ware—We have added to our large stock a full supply of Bee-Ware Goods, manufactured by the G. B. Lewis Co. Buy the best; it is the cheapest in the end. We aim to keep a full stock of everything and can save you freights. We will sell at factory prices. Send for complete catalogue.

CLOVER SEED.

Prices on Clover and Grass Seeds are changing almost daily, so that we are unable to quote prices which will be invariable. We issue a price list each week from January to June. If you are in a hurry for the seed, you can order it, and we will send seed to full value of money sent on day order is received. The following are the prices we are selling at on the date this catalogue goes to press (December 20, 1910). We prepay postage at the pound rate; larger quantities shipped at purchaser's expense. Grain Bags 25 cents each extra.

Alfalfa or Lucerne Clover—Certainly one of the finest additions to the many forage clovers and grasses, and promises to outrival all others. It grows best on a light, sandy loam, underlaid by a loose and permeable subsoil. Alfalfa feeds heavily on lime, potash and phosphoric acid, and succeeds where these elements are in the soil. The seed may be sown broadcast or in drills. If sown broadcast, use 20 to 25 pounds of seed per acre; in drills, 15 pounds. Sowings made in the spring, March and April; or in the fall, September and October, are successful. A crop of hay may be secured the first season, and the field should be mowed several times; which, indeed, is an advantage, as the result will be that the plants will form a good root system, besides keeping down the weeds. When once established, will give four or five cuttings or from eight to ten tons of fine hay per acre each year. Stands the heat and drouth when once established, and will last for forty or fifty years.

Fertilizing—Use one thousand pounds of ground limestone, 400 pounds of acid phosphate, 16 per cent., or like amount, of pure bone meal, which gives 20 per cent. phosphoric acid broadcast to each acre. Applying a coating of well rotted stable manure will be beneficial. The lime and phosphates are necessary; if you have tried Alfalfa, and it died out, it was on account of need of these fertilizers. On old Alfalfa meadows use 400 pounds of bone meal to the acre, broadcast. It stimulates it wonderfully.

Inoculation—The proper bacteria is necessary for growing Alfalfa. Farmogerm will do it. Write for particulars on this new preparation.

When buying Alfalfa you want the best and purest seed obtainable. Cheap grades are apt to be adulterated with Yellow Trefoil, Burr Clover, Dodder, etc. We have the very best, cleanest grade seed that is grown. Samples on request. By mail, 1 lb., 40c. By freight, 20 lbs., enough for one acre, \$4.75; bu., 60 lbs., \$14.00; 100 lbs., \$22.50. Sacks, 25c each extra. Bluff City Brand Recleaned Alfalfa, per bu., \$15.00.

Turkestan Alfalfa—Is more hardy than the ordinary variety. Will stand extreme drouth, as it comes from a locality where the summers are dry and hot. By mail, 1 lb., 45c. By freight, 20 lbs., \$5.00; bu., \$14.50; 100 lbs., \$22.50. Sacks, 25c each extra.

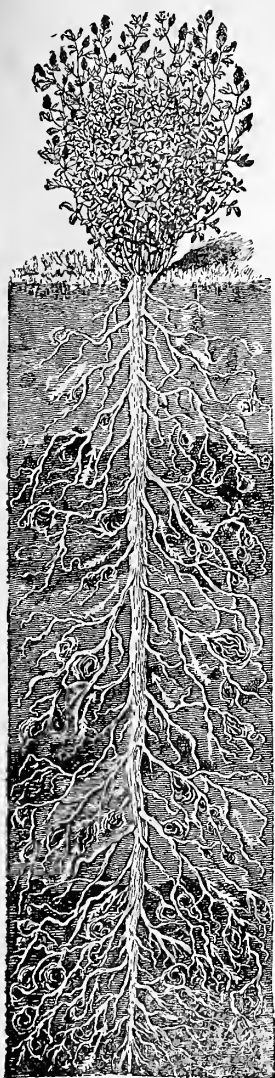

Japan Clover (Lespedeza Striata)—Grows anywhere; is tenacious in any soil; lasts always; well known in the South. Sow in spring in permanent pastures by scarifying surface with disc harrow. It may be classed among the most valuable hay and pasture plants of the Southern States; is eaten greedily by stock. When the land is well prepared and properly seeded Lespedeza affords a good cutting the first year and will re-seed the land, affording good crops for from two to three years, without any expense to the farmer except that of running a mower over the land once or twice during the summer to keep the weeds down. Lespedeza is the most easily cured of any hay that can be grown in the South, as far as we know. Cutting it after the dew is off in the morning it can be raked into windrows the same evening. The next day it should be put in cocks and allowed to remain a day or two longer, when it is hauled to rick or barn. After two weeks it is ready for the press and market. To obtain a stand, disc harrow your land, then scatter seed on top, roll the field; this will cover them enough. Sow in March or April. Seed weighs 25 lbs. per bushel. Sow 12 lbs. per acre. By mail, 1 lb., 50c. By freight, 12 lbs., \$3.00; 1 bu., \$5.00; 5 bu., \$23.50.

FREE—FREE.

Farmers' Record Books, a handy pocket memorandum book, both useful and helpful. Every customer can have one of them free if they request it when ordering any goods from us. We have only about 4,000 of them, so order your seeds as early as possible, that we can include one of the Record Books with your order.

HOW IS THE WEATHER?

We have for our friends an excellent Weather Thermometer and Barometer. Every customer ordering seeds or plants to the value of \$1.00 or more will get one of them, providing it is requested when the order is sent. Our stock of the thermometers is limited, and this offer holds as long as our present supply holds out.

Alfalfa or
Lucerne Clover.

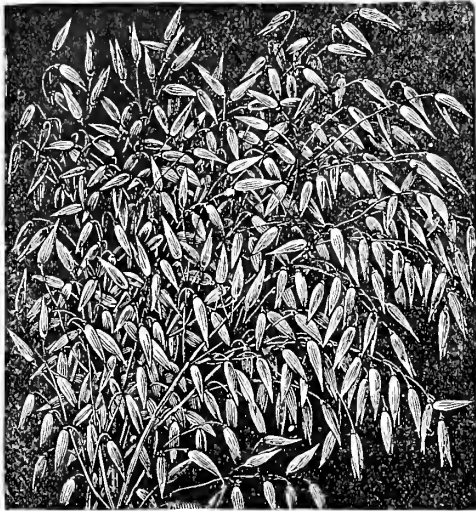

Japan Lespedeza.

Lime for Alfalfa—Try this if you want your Alfalfa to live. One thousand pounds of lime, four hundred pounds of phosphoric acid, mix and harrow in the soil any time during the fall. Inoculate your seed with Farmogerm bacteria, using twenty pounds of seed to an acre. Remember, liming your soil is the essential part. We can supply Ground Lime Dust at 75c per 100 lbs.; \$10.00 per ton. Car lots at special prices on request.

Melilotus or Bokhara, or Sweet Clover—A hardy perennial Clover, growing wild in many sections, particularly the prairie states. Will thrive and prosper wherever Blue Grass, Red Clover and Alfalfa grow. Flowers furnish abundant forage for bees. Sow 12 lbs. to the acre in March and April. Lb., 35c; postage paid. By freight or express, lb., 20c; 20 lbs., \$4.00; 50 lbs., \$8.00; 100 lbs., \$15.00.

SEED OATS.

Appler Oats—The finest oat, according to Experiment Station, Georgia, in the South. Rust proof. Matures about ten days earlier than native rust proof and a week or ten days later than Burt. Exceedingly prolific. Pk., 40c; bu., 85c; 10 bu., \$7.50. Recleaned Bluff City Brand Appler Oats, bu., \$1.00.

Early Burt Ninety-Day Oats.

Early Burt or Ninety-day Oats—The best for spring sowing. A fine, bright, clean oat, which matures quickly 15 days ahead of any other sort. Stands up well. Especially adapted to light soils. Pk., 35c; bu., 75c; 10 bu., \$7.00. Recleaned Burt Oats, bu., 90c.

Genuine Red Rust Proof Oats—A favorite spring variety in the South, particularly where the land is rich. Pk., 25c; bu., 70c; 10 bu., \$6.50. Recleaned Red Rust Proof Oats, bu., 85c.

Clay Oats—A fine spring oat; grows well on thin land; seldom rusts; very early. Pk., 35c; bu., 75c; 10 bu., \$7.00. Recleaned Clay Oats, bu., 90c.

Winter Turf Oats—For fall sowing. Sow $1\frac{1}{2}$ bushels per acre. Can also be sown in the spring, and they will make a fine oat for seed, as the spring planting never shows any cheat. Pk., 35c; bu., 85c; 10 bu., \$8.00. Recleaned Winter Turf Oats, bu., \$1.00.

MILLET.

There is nothing like millet for sowing to cover up short-ages in your hay crops. It can be sown any time from the middle of April up to the middle or end of July, and makes a valuable catch crop. Seamless grain bags, 25 cents each extra.

Tennessee or Big German—Sow one bushel to acre. Per lb., 25c; postage paid. By freight, pk., 60c; 1 bu., \$2.00; 10 bu., \$18.50. Recleaned grade, \$2.20 per bu.

Western German—Pk., 50c; bu., \$1.75; 10 bu., \$16.00. Recleaned grade, \$2.00 per bu.

Hungarian Grass—Sow one bushel to acre. 1 lb., 25c; postage paid. By freight, pk., 50c; 1 bu., \$1.75.

New Japanese Millet—Quick growing, drouth resisting variety of great merit. Grows 6 to 8 feet high and produces an immense crop, especially on moist, rich soils. Sow 15 lbs. per acre. 1 lb., 35c; 3 lbs., \$1.00; postage paid. By freight, 1 lb., 25c; 10 lbs., \$1.50; 100 lbs., \$8.00.

Pearl Millet—Quick growing and heavy cropping. This quick growing forage plant has been long known under the name East India or "Cat Tail" Millet. Sown in drills four feet apart and cultivated like corn, the plants attain a height of eight to ten feet, with slender, long-bladed leaves. Cut the stalk for green forage when about three feet high, and allow the plant to make a second growth for fall feeding or ensilage. Five pounds of seed are required per acre. 1 lb., 35c; postage paid. By freight, 5 lbs., \$1.00; 100 lbs., \$12.00.

Tennessee, or Big German Millet.

Early Amber Sorghum.

SORGHUM OR SUGAR CANE.

Sorghum is planted for feeding stock during the spring and early summer. For this purpose it should be sown as early in spring as possible in drills about two to three feet apart; one peck per acre. It makes excellent green fodder. As a forage plant for early cutting, to be fed to stock, we do not think that anything is equal to it. Plant at any time from April to last of July in rows 3 feet apart, 6 to 10 seed, 12 to 18 inches apart in row, or drill lightly; can be sown broadcast; 1 bushel per acre for hay.

Early Amber Sorghum—1 lb., 20c; postage paid. By freight, pk., 50c; bu., \$1.50. Recleaned grade, \$1.80 per bu.

Early Orange Sorghum—1 lb., 20c; postage paid. By freight, pk., 50c; bu., \$1.50. Recleaned grade, \$1.85 per bu.

Red Top Sorghum—1 lb., 25c; postage paid. By freight, pk., 60c; bu., \$2.00.

Texas Seeded Ribbon Cane—This cane gets its name from being a variety that closely resembles the true ribbon cane raised from cuttings. It makes the finest kind of syrup. 1 lb., 50c; postage paid. By freight, pk., \$1.50; bu., \$4.50.

White Kaffir Corn—Grows 4 to 5 feet high. The stems are very leafy and keep green and brittle, unlike other Sorghums, which harden. Makes excellent fodder, either green or dried. For grain, sow 10 pounds to the acre, in rows 3 feet apart. For fodder, sow from one-half to one bushel, either broadcast or in drills. Lb., 20c; postage paid. By freight or express, pk., 50c; bu., \$1.25. Recleaned, bu., \$1.50.

Red Kaffir Corn—1 lb., 25c; postage paid. By freight, pk., 60c; bu., \$1.50.

Yellow Milo Maize—1 lb., 25c; postage paid. By freight, pk., 75c; bu., \$2.00.

PEAS, CANADA FIELD.

Sown alone, $1\frac{1}{2}$ bushels to the acre; with oats, 1 bushel. These are extensively planted for green forage, generally with oats, but are sometimes sown with barley. They are also sown alone for plowing into the soil and for making into hay.

Prices variable, but always as low as the market will permit. Qt., 35c; postage paid. By freight, pk., 75c; bu., \$2.50.

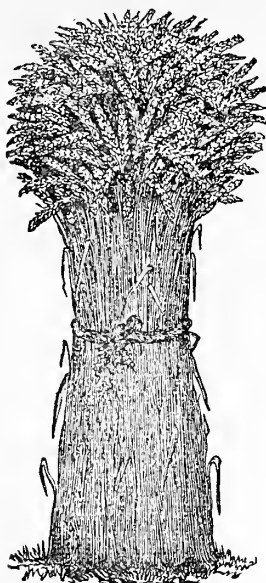

SPELTZ, OR EMMER.

THE VALUABLE NEW GRAIN FROM RUSSIA.

Matures as early as barley and grows as tall as rye, but is of better feeding value than either. It is tough and hardy and stands the drouth better than any other grain.

Soy or Soja Bean.

Speltz or Emmer.

It yields from forty to eighty bushels of grain and four to six tons of straw per acre. In the green state it furnishes excellent pasture. All the animals on the farm will eat it eagerly and flourish. Sow at the rate of 75 to 100 pounds per acre very early in the spring or fall. Do not let stand until it is too ripe, as it shells easily. Lb., 20c; 3 lbs., 50c; postage paid. By express or freight, 25 lbs., \$1.00; 50 lbs., \$1.50; 100 lbs., \$2.75.

SOY OR SOJA BEAN.

A VALUABLE CROP FOR THE FARMER.

Soy Beans have a double value. First, they contain a very large amount of protein and are great for feed; and, second, they are nitrogen gatherers and enrich the soil wherever grown. Sow just after corn planting, when the ground is warm, in drills 30 inches apart, and 3 or 4 inches apart in the drill. From one to two pecks will seed an acre. When desired for hay, cut when the pods are partly developed.

Mammoth Yellow—Makes a heavy growth and is desirable in every way. The best variety for the South.

Hollybrook Early—Makes a quicker growth and matures three weeks earlier than the Mammoth Yellow.

Ito-San—The earliest variety; especially good for late planting; very popular in the North, where the season is short.

Prices, all varieties, by mail: Pt., 20c; qt., 35c. By freight, qt., 20c; ½ pk., 60c; pk., \$1.00; bu., 60 lbs., \$3.50.

BROOM CORN.

Broom Corn will succeed in any good corn soil and will make a crop with little rain. Besides the brush, it will produce a large yield of grain equal in feeding value to oats. Six pounds of seed are required for an acre when drilled in rows three feet apart.

Improved Evergreen—A favorite in all sections. Grows to a good length, and if cut at the proper time retains a good color. Price, by mail, lb., 25c; by express or freight, pk., \$1.00; bu., \$3.00.

Dwarf Oklahoma—This variety grows only three or four feet high, and is much easier handled than the tall growing sorts. The brush is straight, smooth and of good quality. Price by mail, lb., 30c; by express or freight, pk., \$1.25; bu., \$3.50.

Russian Sunflower—It is immensely productive and can be raised cheaper than corn, as any waste piece of ground will suffice. It is the best egg-producing food known. By mail, 1 oz., 10c; ¼ lb., 15c; 1 lb., 25c. By freight, 10 lbs., 80c; 25 lbs., \$1.75.

EGYPTIAN WHEAT.

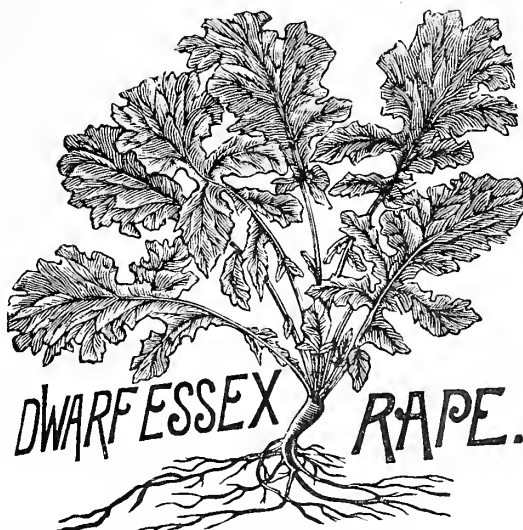

Belongs to the Sorghum family and should be planted like cane or milo, either for grain or hay. Broadcast, it makes from four to eight tons to the acre. In drills, it yields seventy-five to eighty-five bushels of grain per acre. The grain is white inside and has a light hull. The heads are large and heavy, the grain hanging on one side. All stock love it, and do well on it. With milch cows it is superior to cottonseed for milk and butter. It makes hens lay better than any poultry food. Plant in drills 3 feet apart, using ten pounds of seed per acre, or broadcast, using from two to four bushels. Lb., 25c; postage paid. By express, not prepaid, lb., 15c; 25 lbs., \$2.50; 50 lbs., \$8.00; 100 lbs., \$7.50.

GIANT BEGGAR WEED, OR FLORIDA CLOVER.

This plant will subsist on very thin, sandy land, attaining a marvelously rank growth where few other plants thrive. It may be sown broadcast like millet, or may be planted in drills. It will usually grow 2 or 3 feet high, but if put on good soil will grow much higher. Ten or fifteen pounds of seed are usually sown to the acre. Will afford splendid pasture for all classes of live stock. It produces excellent hay. Lb., 50c; postage paid. By freight or express, lb., 40c; 10 lbs., \$3.50.

RAPE.

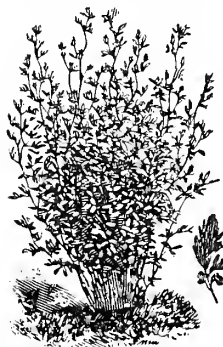

Dwarf Essex—A most profitable forage plant. We can think of no simple change which would do more to increase the profitableness of American farming than a more general use of Dwarf Essex Rape. It is an inexpensive crop, costing but little for seed or cultivation, is very hardy, can be made to take the place of some crop that has failed, and will yield an enormous crop of forage, or it can be sown after harvest as a cover crop. Many farmers are sowing Dwarf Essex Rape with their

wheat or other spring sowing crops, putting it right in the drills with the grains sown. The rape plants do not develop sufficiently to interfere with the growing grain, but after harvest come on rapidly. It does well to sow after the corn has been laid by and when the corn has been husked it furnishes the very best pasture, in connection with the stalks. Plant in March and April or in the fall in good soil; it will not thrive in poor ground. The seed should be used at the rate of 3 pounds per acre in drills, or 5 to 10 lbs. per acre broadcast. Lb., 20c; postage paid. By express or freight, not prepaid, 10 lbs., \$1.00; 25 lbs., \$2.00; 100 lbs., \$7.50.

VETCHES.

Hairy, or Winter (Vicia Villosa)—The greatest soil-renewing, hay and forage plant of the South. Should be sown from July to November, broadcast, at the rate of one peck to half bushel per acre, with three-quarters bushel of winter oats or one-half bushel of wheat. The oats or wheat support the vetches, enabling them to make better growth, and facilitating the harvesting and curing. Vetches are excellent for hay, which should be cut as soon as the oats or wheat which was sown with them begins to form heads. The hay is one of the richest and most nutritious feeds for cows, increasing the flow and quality of milk. Properly handled, vetches will re-seed themselves and need to be sown only once to afford a continuous crop for a number of years. 1 lb., 30c; postpaid. By express or freight, pk., \$1.50; bu., 50 lbs., \$5.75.

Oregon Vetch.

Oregon Vetch (Vicia Sativa)—Planted both in fall and spring, is very much like the preceding in growth and habit, and used for the same purposes. It is used in certain sections of the South, where the winters are mild, in preference to Vicia Villosa. The general directions given for Hairy Vetch apply to this sort also. Lb., 30c; postage paid. By freight or express, pk., \$1.50; bu., 50 lbs., \$5.50.

PENCILLARIA.

Pencillaria is a species of Pearl Millet. A yield of 95 tons per acre of green fodder is claimed, and 16 tons of good hay. The secret of it is it can be cut four or five times in one season. Grows to a height of 12 or 14 feet if left long enough, but should be cut when only half that height, as it is more tender. Sow about the 1st of May 5 lbs. per acre in drills 2 to 3 feet apart, or 15 lbs. per acre broadcast. Prices: Pkt., 10c; ¼ lb., 15c; lb., 45c; postage paid. By freight, lb., 35c; 5 lbs. at 25c; 25 lbs. at 20c.

COW PEAS.**EQUAL TO CLOVER AS A SOIL FERTILIZER.**

Green crops plowed under are one of the cheapest methods of enriching the soil. Cow peas are invaluable for the purpose, as well as providing a large amount of hay. They should be sown in May or June at the rate of 2 bushels to the acre.

Whippoorwill, or Speckled.	Red Ripper.
Clay.	Unknown or Wonderful.
Black.	Mixed.
New Era.	

WHITE TABLE PEAS.

California White, Black Eye.	Sugar Crowder.
White Rice or Lady.	White Brown Eye.
Large White Black Eye.	Purple Hull.

Market prices on Cow Peas change often. Write for prices when ready to buy, stating quantities wanted.

SEED RICE.

Honduras Rice—The most popular variety now being raised on the prairie lands in Arkansas with so much success. 1 lb., postage paid, 40c. By freight, pk., \$1.00; bu., 44 lbs., \$3.50.

Upland Rice—An early variety which can be grown on any ordinary land without irrigation, although it prefers a moist situation. Sow early in drills, 2 feet apart, and drop the seeds one inch apart in drills, covering about 1½ inches; one peck per acre. ¼ lb., 15c; 1 lb., 40c; 3 lbs., \$1.00; postage paid. By express or freight, ½ pk., 65c; pk., 11 lbs., \$1.40; bu., \$4.50.

BILLION DOLLAR GRASS.

Billion Dollar Grass.

Makes the finest hay. It is truly the most marvelous grower, the most luxuriant stooler that we have ever seen. If you sow early you will get from two to five tons of fodder, which you can put in your silo or cure for hay, and the Billion Dollar Grass will quickly spring up again and give you another yield. This can be cut again for hay; then the field will give you pasturage all fall long, and horses and hogs and sheep and cattle and poultry will eat it greedily. Sow 20 lbs. seed to the acre, broadcast. 1 lb., 25c; postage paid. By freight, 10 lbs., \$1.25; bu., 40 lbs., \$4.00.

FLAX SEED.

Thirty to 40 lbs. will sow an acre.

Lb., 25c; 3 lbs., 65c; postage paid. By freight, pk., 75c; bu., \$2.50.

BEARDLESS SPRING BARLEY.

It makes a quick growing crop of most excellent and nutritious feed, either to use green or to cure as hay. Sow 1½ to 2 bushels per acre. By mail, 1 lb., 20c. By express, pk., 50c; 1 bu., \$1.85.

MISCELLANEOUS.

Winter Rye—Plant August to November at the rate of 1¼ bushels per acre. Pk., 40c; bu., \$1.25.

Winter Wheat—Varieties and prices on request.

Tennessee Winter Barley—Plant in the fall 1½ bushels to acre. Pk., 40c; bu., \$1.25; 5 bu., \$6.00.

CHICKEN PASTURE MIXTURE.**A CHEAP GREEN FEED FOR CHICKENS.**

This will fill a long felt want. Many poultry raisers have been asking for something that will make an abundance of good green food, as they do not have permanent pasture. There are plots of ground close to your chicken houses and yards that can be utilized very profitably for growing this splendid feed. The following are some of the seed that constitute the mixture: Rape, Spinach, Kale, Teosinte, Japanese and Pearl Millet, Speltz, Rye, etc. By mail, 1 lb., 25c. By freight or express, 1 lb., 15c; 10 lbs., \$1.25; 20 lbs., \$2.00.

THOUSAND HEADED KALE.

A crop similar to Dwarf Essex Rape, and it produces tremendous masses of cut and curved leaves, which are large, rich and beautifully deep green color. Sow in drills or broadcast; if broadcast, sow 3 to 3½ lbs. per acre, or in drills, 1½ to 2 lbs. per acre. By mail, 1 lb., 80c; 3 lbs., \$2.00. By express, 5 lbs., \$3.00.

VELVET BEAN.

This new bean is becoming very popular in the South. It is very prolific, vines running over 12 feet long; both vines and pods are eaten by all kinds of stock. An excellent fertilizing plant for plowing under. Should be planted in rows about 4 feet apart and 1 foot apart in the row, putting 2 or 3 beans in each place. Pkt., 10c; lb., 30c; postage paid. By freight, ½ pk., 65c; pk., \$1.00; bu., \$3.50.

LOW PRICES ON FLOWER SEEDS IN PAPERS.

All 5c packets 3 for 10c; 8 for 25c; 17 for 50c; 35 for \$1.00. Postage paid.

All 10c packets 3 for 25c; 8 for 50c; 15 for \$1.00. Postage paid.

PEANUTS.

Spanish Peanuts.

and put two kernels to the hill. Cultivate thoroughly and keep the land as level as possible. When they mature, pull them up, turning the roots to the sun. In bright weather they will be cured sufficiently in twenty-four hours. After threshing, or picking the nuts, the vines make excellent hay. Three-fourths bushel of unshelled nuts will sow one acre."

Spanish—The earliest, but also the smallest variety grown. The nuts are solid and well filled, yielding large quantities per acre. The best sort for fattening hogs. One-half bushel shelled nuts or two bushels in the pod will plant an acre. Lb., 25c; postage paid. By freight or express, lb., 15c; 25 lbs., \$2.50; 50 lbs., \$4.50; 100 lbs., \$9.00; per bu., 22 lbs., \$2.00.

Tennessee Mammoth Red Peanut.

Tennessee Red—Especially adapted to our land. The nuts contain three large kernels each, and are enormously productive. Lb., 25c; postage paid. By freight or express, lb., 15c; 20 lbs., \$2.50; 50 lbs., \$5.00; 100 lbs., \$9.50; per bu., 22 lbs., \$2.00.

Virginia Improved—A very profitable sort, planted almost exclusively in the peanut-growing section of Virginia. It is the standard variety for roasting. 1 lb., 25c; postage paid. By freight or express, lb., 15c; 20 lbs., \$2.50; 50 lbs., \$4.50; 100 lbs., \$8.75; per bu., 22 lbs., \$2.00.

CHUFAS (EARTH ALMONDS).

A species of ground-nut, forming an abundance of small tubers on its roots, but near the surface. They are easily harvested, and furnish one of the most valuable fattening feeds for hogs and poultry. Plant in April and May in rows 2 to 3 feet apart, dropping the roots 4 inches apart. Give shallow cultivation. The tubers mature in September and can remain in the ground until needed. One peck will plant one acre. Pkt., 10c; lb., 30c; postage paid. By freight or express, pk., \$1.50; bu., 44 lbs., \$5.50.

BEANS.

Castor Beans—Lb., 25c; postage paid. By freight or express, lb., 15c; pk., \$1.00; bu., \$3.75.

Prolific Tree Beans—The beans are pure white, of small size. Sow in rows 1 bushel to the acre, about May 1. Pkt., 10c; ½ pt., 15c; qt., 40c; by freight, pk., \$1.25; bu., \$4.00.

White Marrow Beans—Used as dry shell beans. Price same as Prolific Tree.

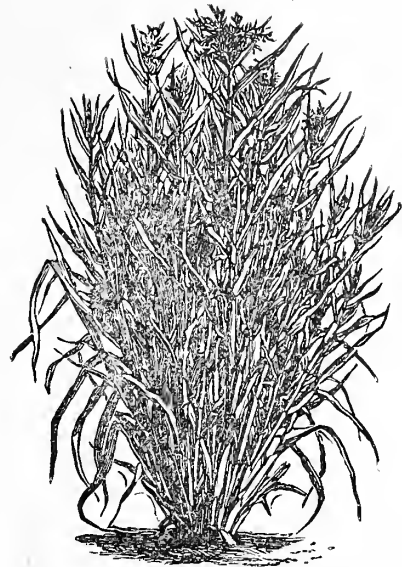

Red Kidney Beans—Very fine as dry beans. Price the same as Prolific Tree.

Whiteville, Tenn., March 22, 1910.

Otto Schwill & Co., Memphis, Tenn.

Gentlemen:—You will please send to my address your seed catalogue for 1910. I have tried your garden seed and like them very much. Respectfully,

MRS. W. M. HULL.

Teosinte.

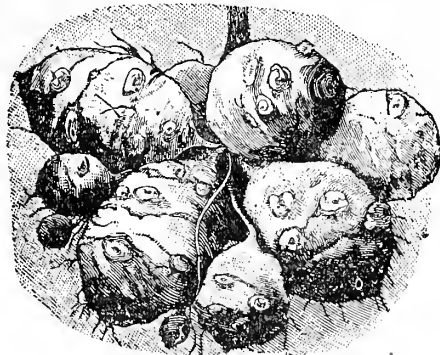

TEOSINTE (REANA LUXURIANS).

Yields enormous quantities of excellent forage. The plants grow from 10 to 12 feet high, but should be cut before they attain this size so as to stimulate the stooling habit. Single seeds have produced from twenty-five to forty stalks, thickly set with leaves, which are somewhat longer and broader than those of the Indian Corn. The forage is rich and tender, and is greedily eaten by horses as well as cattle and sheep. Sow in April, May or June in drills 3½ to 4 feet apart at the rate of three pounds to the acre. By mail, pkt., 5c; oz., 15c; ¼ lb., 35c; lb., \$1.10. By freight or express, lb., \$1.00; 10 lbs., \$8.50.

BUCKWHEAT.

Japanese—Makes a splendid flower food for bees and a large yield of grain. Sow from ½ to ¾ bushels per acre. By mail, 1 lb., postage paid, 30c. By freight, pk., 50c; bu., \$1.75.

Silver Hull—A superior variety. By mail, 1 lb., postage paid, 25c. By freight, pk., 50c; bu., \$1.85.

Jerusalem Artichoke.

ARTICHOKE.

White French, or Jerusalem—Produces enormous quantities of tubers, which furnish a highly nutritious and fattening feed for hogs. They grow in almost any soil, the richer the soil the larger the crops. Plant the same as Irish potatoes, cutting the tubers in pieces, one eye to each piece. Drop the pieces 15 to 20 inches apart in rows 3 to 3½ feet apart, covering with about 2 inches of soil. They may be planted from January until April. Four bushels will plant one acre. Lb., 25c; 3 lbs., 50c; postage paid. By freight or express, pk., 60c; bu., \$2.00.

SEED CORN.

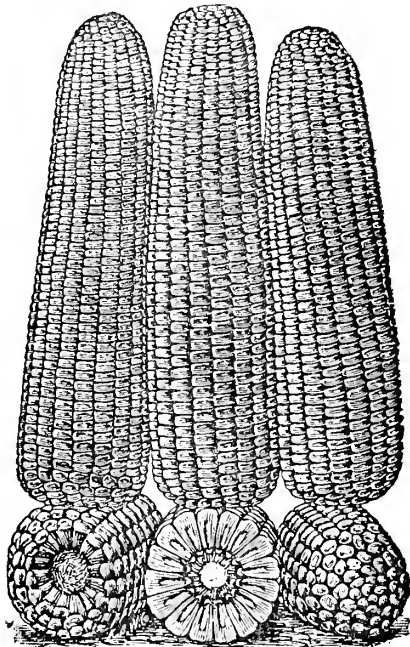

"The secret of good corn crops is largely in the seed. Only the best should be planted."—Prof. R. A. Moore, Wisconsin College of Agriculture.

The deep interest now taken by the farmer in securing the highest quality of seed corn has enthused new life in the professional seed grower and our growers have not lagged behind, but have produced this year a very choice lot of seed corn.

We are in better position this year to furnish you the best selected and graded seed corn and we know that you will never regret if you try it.

Prices on corn by the peck and bushel are f. o. b. Memphis, purchaser paying freight or express charges.

Any of the following varieties at 30c per quart, postage paid, unless otherwise stated:

Schwill's Prize Medal Corn.

WHITE VARIETIES.

Schwill's Prize Medal Corn—The largest white corn grown; matures in 120 days. It is vigorous, healthy, a rank grower and an enormous yielder. A deep gourd seed grain, sound as a dollar, ears a full foot long; no down corn, and a corn that will always over run in weight, either ear or shelled. On good land will make 60 to 75 bushels to the acre. A whacking big ear with a big stalk. Truly a Southern favorite. Price, per qt., 35c; postage paid. By express, qt., 20c; 4 qts., 50c; pk., \$1.00; bu., 3.50.

Tennessee White Red Cob—It has red cob, and large white grains; makes the finest meal, roasting ears and hominy, and is the finest quality of corn that grows. Splendid yielder. Ears medium size, 8 to 10 inches in circumference, with 16 to 18 rows to ear. Grains very large, being deep, wide and thick. Matures in 100 to 110 days. Pk., 60c; bu., \$2.00.

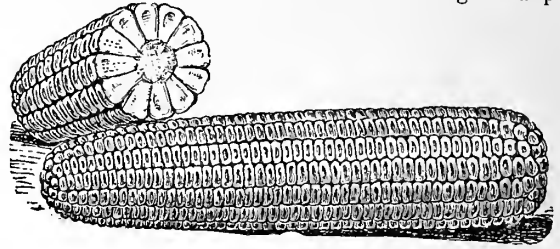

Hickory King—100 days—The cob is so small and the grain is so large that when an ear is broken in half one grain will cover the entire end of the cob. Nearly all of the stalks bear two ears. Price, per pk., 75c; per bu., \$2.50.

Schwill's Ninety-Day Early White Corn—One of the earliest. Planted on or about March 20, it will be ready to gather by July 1. Pk., 50c; bu., \$1.60.

Clark County Champion—A fine early 90-day white corn; quite a favorite with our growers. Pk., 50c; bu., \$1.75.

Iowa Silver Mine—A heavy yielding, large white corn; matures in about 90 days. Pk., 50c; bu., \$1.50.

Boone County White—Is a highly bred variety of white corn of extra large size, containing a high percentage of oil. In many places it is a great favorite. The ears are from 8 to 11 inches long, $7\frac{1}{2}$ to $8\frac{1}{2}$ inches in circumference, containing 18 to 24 rows, weighing from 12 to 18 ounces. The cob is medium large and pure

Boone County White Corn.

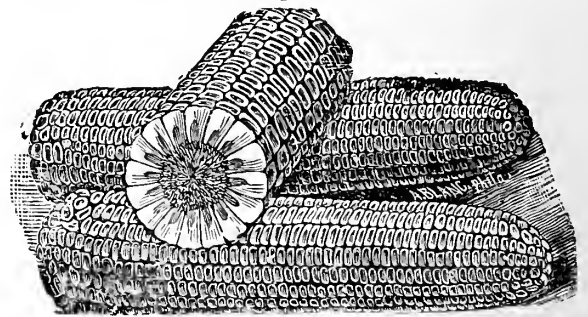

white in color. The ears are quite uniform in size, shape and appearance. We consider Boone County White a splendid corn for this section; one of the few that is always sound; you scarcely ever find a bad ear. Price, qt., 30c; postage paid. By express or freight, pk., 60c; bu., \$1.75; 2 bu., \$3.25.

Schwill's Early Surprise—A good, early white field corn. Planted about the middle of March, it will mature about the 1st of July. Early Surprise is the variety to plant if you want to be sure of a crop maturing before the drouth comes in August. Ears of good average size. Pk., 75c; bu., \$2.50.

North Carolina White Prolific—Southern grown seed; a fine variety of white field corn. It is very hardy and can be planted very early, as well as late. Pk., 75c; bu., \$2.25; 5 bu., \$10.00.

Champion White Pearl—A thoroughbred, pure 90-day white corn; long ear and heavy yielder. Ears 12 inches long and average one pound in weight. Uniform in weight, size and color. Pk., 50c; bu., \$1.50.

Marlboro Prolific—Produces two to five ears to the stalk, and is a very heavy yielder; one of the finest corns for the South. Stools freely, producing from one to three ears on the main stalk, and one or two ears on each side stalk. The ears are from 8 to 10 inches long, containing from 12 to 14 rows of deep kernels. Pk., 75c; bu., \$2.50.

Mosby's Prolific Corn.

Mosby's Prolific—An improved prolific corn, which has given splendid results. Pure white; very small white cob and deep, full grain; neither very hard nor very soft. Produces an average of two or three good-sized ears to the stalk. Pk., 75c; bu., \$2.25; 5 bu., \$10.00.

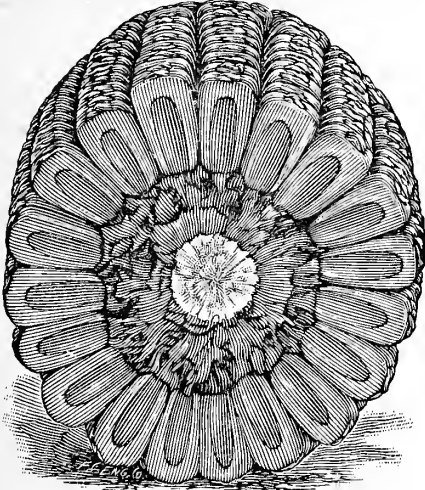

How to Get a Good Garden Drill Free—Any one sending us an order for garden and flower seeds only to the amount of \$3.00 at one purchase, in 5, 10, 15, 20, 25 and 35-cent packages, catalogue prices of 1911, we will give free as a premium an excellent Garden Drill. Bear in mind, this offer does not apply to any purchase of grain, clover, grass seeds, onion sets, seed potatoes, plants, trees, etc., only to garden and flower seed in size packages mentioned, and must be all in one purchase. The drill will be sent with goods or separately, as instructed, at customer's expense, by express or freight as desired. No discount is allowed either in seeds or cash on the \$3.00 order. You get the drill only as a premium. This splendid Seed Drill retails alone for \$1.50. You get it free on a \$3.00 order.

SEED CORN.
YELLOW VARIETIES.

Iowa Gold Mine—Large ears; grains a bright golden yellow; always sound and plump; matures in 90 days. Iowa Gold Mine is the largest of any of the 90-day varieties. Pk., 50c; bu., \$1.75.

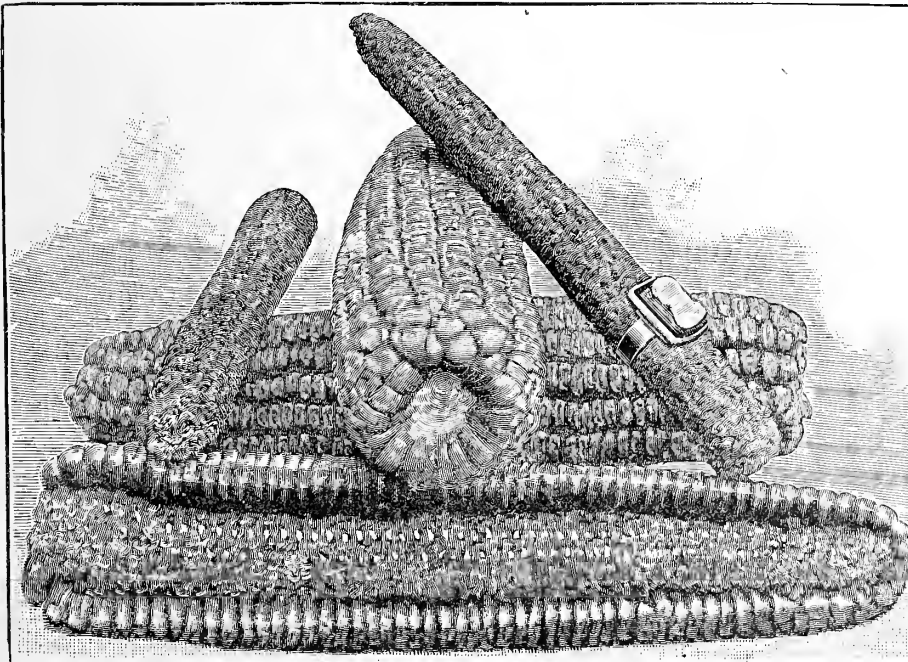

Bloody Butcher—Immense reddish and striped grains on large ears. A magnificent hardy variety, just adapted to our Southern climate. Pk., 75c; bu., \$2.00.

White Cap Yellow Dent—The best for thin land. We offer a large strain of this splendid variety. It is a very strong grower, with heavy fodder and large ears. The grain has white cap, with lemon-yellow body. An enormous yielder. Pk., 60c; bu., \$1.75.

Early Mammoth Golden Dent Corn.

Early Mammoth Golden Dent—This splendid yellow corn is one of the best and most reliable cropping yellow corns in cultivation. It makes a large sized ear, small cob; deep grains, which are of a bright, attractive golden yellow color. Produces two to three ears to the stalk; a first-class, large yielding yellow corn, particularly adapted to the South. Pk., 75c; bu., \$2.00.

Mexican June Corn.

Four Year Old Large Pear Trees—These are extra fine, strong, heavy trees. Price, \$1.00 each; 12 for \$10.00.

Early Butler Dent—90 Days—An early yellow Dent corn, maturing in this climate in 90 days. An excellent corn for stock and is quite prolific, very often yielding two ears to the stalk. Deep, soft grain. Pk., 60c; bu., \$1.75.

Schwill's Ninety-Day Early Yellow Corn—A standard variety of yellow corn; quick maturing and large yielding. Pk., 50c; bu., \$1.40.

Improved Yellow Leaming—90 Days—Ears large and handsome, with deep, small grains; orange yellow color. Pk., 50c; bu., \$1.50.

Tennessee Mammoth Yellow—A mammoth native variety; large grains, heavy ears, very strong grower; one of the finest corns. Pk., 60c; bu., \$2.00.

Golden Beauty—100 Days—This variety is a very large-grained and handsome yellow corn. The ears are of perfect shape, with from ten to fourteen straight rows of brightest golden yellow, with grains of remarkable size, small cob, filled out completely to the extreme end. Pk., 50c; bu., \$1.60.

Bushnell's Gate Post Field Corn—This is a deep grain, yellow color, medium early and a wonderful yielder. Recently 100 pounds of ears shelled 90 pounds of corn; one of the handsomest corns ever grown, recommended for field culture. Pkt., 75c; bu., \$2.50.

POP CORN.

White Rice—Very easily popped and very sweet, tender and white; the best for market.

White Pearl—A fine variety; clear white and productive.

Queen's Golden—A beautiful golden color; pops large.

Red Beauty—A new variety; fine flavor; pops well.

Price for any kind of Pop Corn, postage paid: 2 pkts., 5c; ½ lb., 15c; 1 lb., 25c. Not prepaid: 1 lb., 15c; 5 lbs., 60c; 10 lbs., 85c.

ENSILAGE AND FODDER CORN.

Red Cob White Ensilage—Broad, dark green leaves; heavy tall stalks, for ensilage; the very best sort. Pk., 50c; bu., \$1.70.

Evergreen Sweet Fodder Corn—A fodder grade of Evergreen Sweet Corn. Stalks are very sweet, rich and tender, producing the best fodder. Prices: ½ pk., 35c; pk., 60c; bu. (measured), \$2.00.

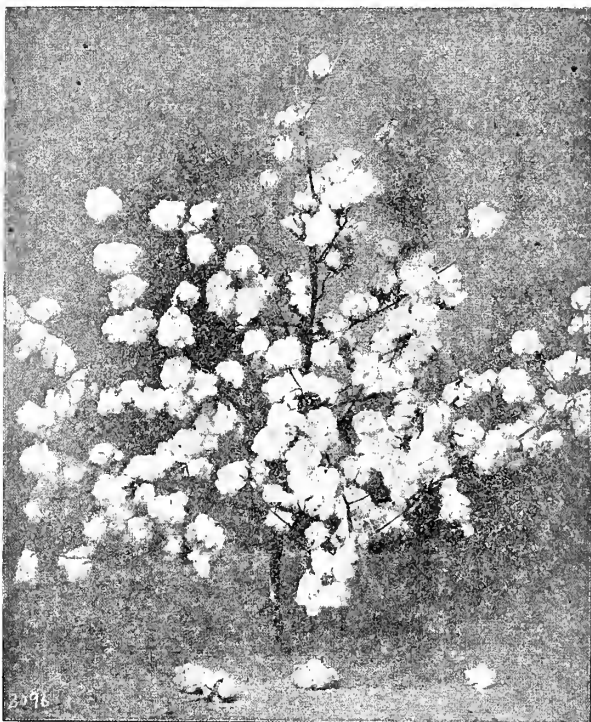

MEXICAN JUNE CORN.

A pure white corn of excellent quality and flavor; the ear is medium size, with a husk so closely adhering as to be practically worm and weevil-proof. The usual length of the ear is about 8 inches; well-developed stalks will generally produce two or more ears. The stalk is rather short, seldom growing more than 7 feet high. The roots run deep and spread, so that it is a splendid drouth-resister. Can be planted any time from April 1 to July 20 in this section and make good crop. Can be planted after an oat crop, or where other crops have failed, and mature before frost. Its germinating power is great, and consequently it will make a stand even in dry weather. There may be other varieties of corn for a standard crop that equal Mexican June, but for late planting, extreme drouth, and especially for poor, sandy uplands, we have found it superior to anything we have tried. This corn has produced

splendid crops in Tennessee and Mississippi, and we advise our customers to plant largely of this variety. ½ pk., 50c; pk., 75c; bu., \$2.50.

IMPROVED COTTON SEED.

The importance of planting seed that will produce an increased production largely exceeding the increased price in the cost of seed is too apparent for comment, and in no other seed have the improvements been greater than in cotton. Our stocks come from the most reliable sources, and we commend them to our customers. The good times have come again when this, the most important crop of the South, is on a boom, and we expect it to remain so for some years to come. Plant pure seed. The standard weight of cottonseed by the bushel is 30 pounds, and the following prices are based on that weight.

**Cleveland's Big Boll Cotton.****BIG BOLL VARIETIES.**

Cleveland Big Boll—Plant vigorous, thrifty, with low, close-jointed basal fruit limbs; large bolls, easily picked; medium sized seed, grayish to greenish; 34 to 38 per cent. lint, $1\frac{1}{8}$ to $1\frac{1}{4}$ inches long, fine and strong. Earliest and most prolific at experimental stations. Especially recommended for sections where boll weevil is present. Pk., 50c; bu., \$1.50; 5 bu., \$7.00; ton, \$75.00.

Russell Big Boll—Big boll late variety. Seed both green and white. Strong, vigorous grower, but very late and should not be planted in any section where earliness of crop is desired. Seed grown from original stock. Pk., 50c; bu., \$1.40; 10 bu., \$12.50.

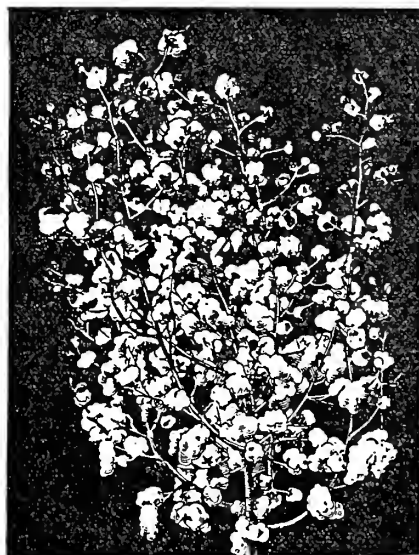

**Columbia Big Boll Cotton.**

Columbia—A long staple upland variety. Plant low, compact and having several long branching basal limbs, vigorous and prolific; bolls large, opening very wide, mainly five-locked; seeds large, fuzzy, white or greenish; lint very strong, from $1\frac{1}{8}$ to $1\frac{1}{4}$ inches in length, fine, silky and very uniform in length; 30 to 33 per cent. lint, medium early. Pk., 75c; bu., \$2.50; 5 bu., \$10.00; ton, \$100.00.

Keenan—Plant robust, vigorous and prolific with several long basal branches and a central stem with short lateral branches; bolls large and long, mainly five-locked, opening well; seeds medium large, fuzzy, grayish, well covered; lint fine, white, $1\frac{1}{8}$ to $1\frac{1}{4}$ inches long, 31 to 32 per cent. lint; season medium early. Pk., 75c; bu., \$2.00; 5 bu., \$9.00; ton, \$90.00.

Cook's Big Boll—Bolls large, round, plump; 5 locks, opens well, matures early, good producer; 38 to 40 per cent. lint. Pk., 50c; bu., \$1.50; 5 bu., \$7.00; ton, \$75.00.

Triumph—Plant strong and thrifty, beginning to fruit near the ground, close to the stalk, of storm-proof type; limbs short-jointed; bolls pendulous when mature, large ovate, blunt-pointed, 5-locked, opening wide and easy to pick; seeds medium size, fuzzy or tufted, well covered; lint white, one inch to $1\frac{1}{4}$ inches long and of good quality; percentage of lint 37 to 49, season of maturity medium early. Pk., 50c; bu., \$1.50; 5 bu., \$7.00; ton, \$75.00.

PROLIFIC VARIETIES.**Simpkins' Early Prolific Cotton.**

Simpkins Early Prolific—Short staple. Resembles the King's. The superiority of this cotton consists in its extreme earliness and heavy fruiting, has long limbs, which come out at the ground; has close joints and small seed, and yields 40 per cent. lint at the gin. Pk., 50c; bu., \$1.60; 10 bu., \$15.00.

King's Improved—Owing to its peculiar branching habit it is a very prolific variety. With its small seed will give more lint than any other sort; extra early and can be planted as late as July 1; will mature good crop. Pk., 50c; bu., \$1.25; 5 bu., \$6.00.

Hardin's Prolific—Short staple. Early maturing; easily picked; clusters well around stalks, with few large limbs near bottom; grows tall, with long tap root. Will withstand drouth better than other varieties. By freight, pk., 50c; bu., \$1.50; 5 bu., \$7.00.

LONG STAPLE VARIETIES.

Sunflower Long Staple—Yield fully equal to short staple variety. For four years brought in Mississippi highest price of any cotton, viz., $14\frac{1}{2}$ c to $15\frac{1}{2}$ c per lb. Almost as early as King cotton. Plant medium, vigorous, sugar loaf in form; bolls medium, 4 to 5 locked, opening well; seeds medium to small, covered with white fuzz; lint fine, strong, length $1\frac{1}{2}$ inches. By freight, pk., 75c; bu., \$2.50; 5 bu., \$12.00; ton, \$100.00.

Florodora Long Staple—Rapid, vigorous growth, branching freely and fruiting heavily; fine silky lint, staple will average $1\frac{1}{2}$ inches long; succeeds well in this section. Pk., 50c; bu., \$1.50; 5 bu., \$7.00; ton, \$75.00.

We can supply other standard cottonseeds, such as "Poor-man's Friend," Excelsior Prolific, World's Wonder, Toole's Prolific. Price the same as Simpkins' Prolific.

FERTILIZERS.

year's work counts for naught.

The prices given below are net cash and f. o. b. Memphis. Special prices on car lots and larger quantities delivered at your depot will be given on application.

SCHWILL'S SPECIAL BRANDS.

Schwill's Truck Grower—Made especially for vegetables and garden crops. Analysis: 10 per cent. phosphoric acid, 4 per cent. potash, 4 per cent. nitrogen. Per 100 lb. bag, \$2.00; per ton, \$35.00.

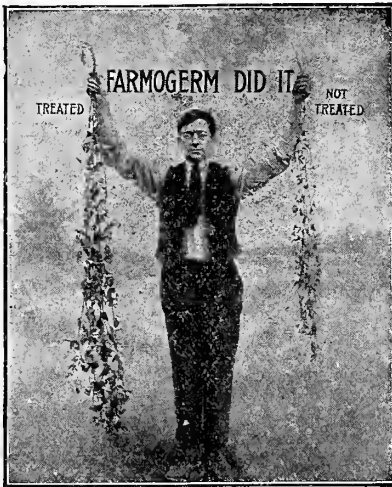

Schwill's Corn Grower—Prepared to give increased yield on corn crop. Analysis: 12 per cent. phosphoric acid, 1 per cent. potash, 1 per cent. nitrogen. Per 100 lbs., \$1.50; per ton, \$26.00.

Schwill's Cotton Grower—Especially recommended for cotton, which needs plenty potash. Analysis: 10 per cent. phosphoric acid, 2 per cent. potash, 1 per cent. nitrogen. Per 100 lbs., \$1.50; per ton, \$27.00.

FARMOGERM.

(HIGH BRED NITROGEN-GATHERING BACTERIA)
"MAKES POOR SOIL GOOD SOIL."

Farmers' Bulletin, dated January, 1908, of Department of Agriculture, states: "It is worse than useless to attempt to grow any leguminous crop without being certain of the presence of the bacteria which enable the plants to fix free nitrogen. Certain regions are practically devoid of the right kind of bacteria, and unless some artificial means of inoculating the germs is resorted to, the crop will be a failure."

The use of Farmogerm, high-bred nitrogen-gathering bacteria, on the seeds of clovers, alfalfa, vetch and all other legumes means an earlier and bigger crop and a large amount of nitrates added to the soil to benefit future crops of other kinds. Prepared for alfalfa, alsyke clover, cow peas, burr clover, red clover, crimson clover, vetch, in acre sizes, \$2.00 per acre, by mail, postage paid. In garden size packages, 50c each, postage paid.

In ordering state what legume you wish to plant. Write for thirty-two page booklet on Farmogerm, free.

RAW CHEMICAL MATERIAL.

German Kainit—Guaranteed 12 per cent. potash. 100 lbs., \$1.25; ton, \$21.00.
Muriate of Potash—Guaranteed 38 per cent. potash. 100 lbs., \$3.50; ton, \$60.00.
Pure Bone Meal—Guaranteed 20 per cent. phosphoric acid. 100 lbs., \$2.25; ton, \$32.00.
Pulverized Sheep Manure—Very high in nitrogen. 25 lbs., 50c; 100 lbs., \$1.50.
Land Plaster—100 lbs., \$1.00; 200 lbs., \$1.25; ton, \$11.00.
Walker's Excelsior Plant Food—Produces rich, green growth and profusion of flowers. Pkt., 20c; by mail, 30c.

NITRATE OF SODA.

This is the most soluble and quickly available form of Nitrogen or "Ammonia." It is of great benefit in forcing a strong, luxuriant growth in plants. It is especially valuable for cabbage, cauliflower, beets, carrots, onions, potatoes and similar crops, as well as for grass, grain, fruits and flowers. It can be advantageously used as a top dressing after plants are up. It is immediately available to the plants when applied.

It is completely soluble in water and may be applied to plants by dissolving in water at the rate of about a tablespoonful to a gallon of water. Applied in this way it will greatly stimulate the growth of plants in frames, pots and in the open ground. Guaranteed analysis: 95 to 97 per cent. pure nitrate of soda, containing 15½ to 16 per cent. nitrogen, equal to 18 or 19 per cent. of ammonia. 25 lbs., \$1.25; 100 lbs., \$4.00; per ton, \$65.00.

HOSKINS' WEED KILLER AND LAWN FERTILIZER.

KILLS EVERY WEED THAT GROWS—GROWS EVERYTHING BUT WEEDS.

Sift Hoskins' Weed Killer and Lawn Fertilizer on your lawn, and see the result. You will have a thick, heavy, close turf—and no dandelions, plaitain, shepherd's purse—no noxious weeds of any kind.

One pound of Hoskins' Weed Killer and Lawn Fertilizer "fixes" forty square feet of lawn. 1 lb. can, with sift top, 35c; 5 lb. box, including can with sift top, \$1.25.

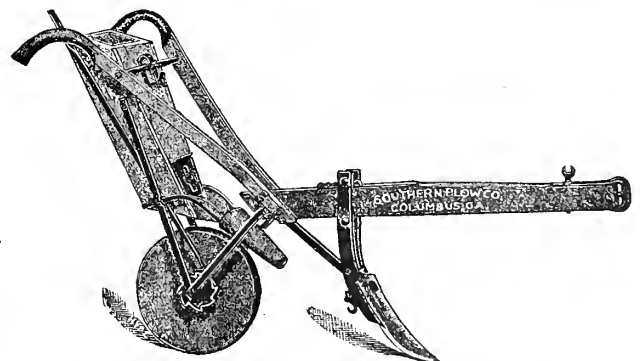

GROUND LIMESTONE.

Use ground lime dust on your alfalfa, red clover and grasses, and you will get results. Sow broadcast, then plow or disk harrow in one to two thousand pounds of it on an acre of land about two weeks before sowing seed. 100 lbs., 75c; \$10.00 per ton. Sacked f. o. b. Memphis. In car lots we can make very low prices. Write us.

ROBINSON'S FERTILIZER AND GUANO DISTRIBUTER.

THIS IS THE MACHINE THAT WILL PUT FERTILIZER DOWN RIGHT UNDER YOUR COTTON.

Will fit or can be attached to any plow stock. Will put out any quantity of fertilizer to the acre. The best, cheapest and simplest machine on the market. Nothing compli-

Robinson's Fertilizer and Guano Distributer.

cated about it. A boy can use it. This splendid machine can also be used to drop and drill stock peas, etc. Price, \$4.00 each.

Fruit Trees Grape Vines

Nursery Department

Strawberry Plants, Etc.

We list only varieties such as are suitable to the Southern states and this section. Are first-class in every respect, smooth, straight, handsome.

Extra Discount—Notwithstanding the low prices we have put on all fruit trees, we make the following liberal offer when cash accompanies the order:

On orders amounting to \$2.50 or over, at catalogue prices only the purchaser may select free one tree valued at 25c.

On orders amounting to \$5.00 or over, at catalogue prices only, the purchaser may select free trees or plants to value of 75c.

On orders amounting to \$10.00 or over, at catalogue prices only, the purchaser may select free trees or plants to value of \$2.00.

Express Prepaid on \$10.00 Orders—We pay express charges within a distance of 200 miles from Memphis on all orders for fruit trees at catalogue prices listed in this department, when order amounts to \$10.00 or over. Make your order at least \$10.00, and we will deliver, prepaid, to your express office, if within 200 miles of this city.

Notice—This prepay offer applies only to net catalogue prices, not on the price where the discount or premiums are taken advantage of. If you wish the premiums stated, then we do not prepay the shipment. They will be sent, and you must pay express charges. You can have free either premium or express charges. Our prepay offer does not include any field seeds, grain, fertilizers or poultry supplies, nor does it apply to any special offers in this list. At prices given, all trees and plants must go by express at purchaser's expense. We do not mail any nursery stock.

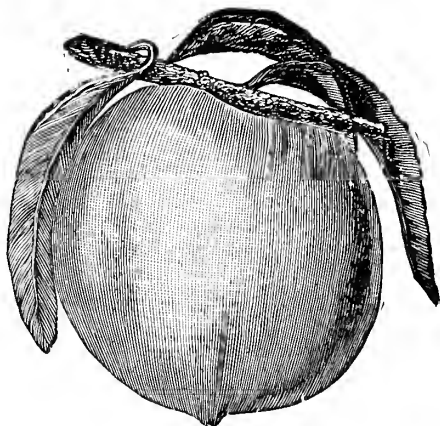

PEACHES.

Two year old trees, 5 to 6 feet, medium: Each, 25c; doz., \$2.00; 100, \$15.00.

Three year old trees, 7 to 8 feet, heavy: Each, 50c; doz., \$5.00; 100, \$30.00.

FREESTONES.

Admiral Dewey—Orange yellow; crimson cheek; June 15th.
Alexander—Flesh white; ripens June 15th.
Amelia—Large white; ripens July.
Belle of Georgia—Very large, white; ripens July 20th.
Champion—Creamy white, red cheek; ripens August.
Crawford's Early—Yellow, juicy; ripens August.
Crawford's Late—Finest quality; ripens August 20th.
Early Tillotson—White, red cheeks; ripens July 25th.
Early Rivers—White, pink cheek; ripens July.
Ensley—Crimson yellow;; ripens August 15th.
Elberta—One of the best; flesh yellow; August 1.

Greensboro Peach.

Greensboro—An early variety; ripens June 15th.
Globe—Fine yellow; ripens October.
Heath Free—Juicy and melting; ripens September.
Hill's Chili—Hardy, yellow; ripens September.
Matthew's Beauty—A large yellow peach; ripens August.
Mountain Rose—White, splashed carmine; ripens July 1.

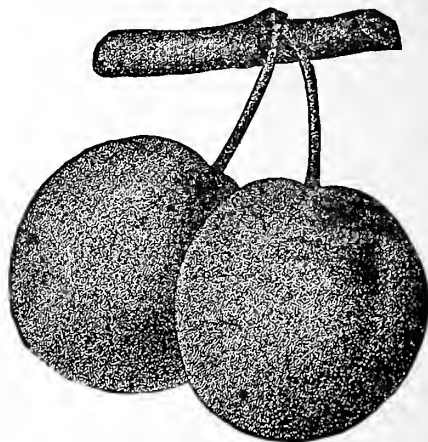

Old Mixon Free—Yellowish white; ripens August 15th.
Piquet's Late—Flesh yellow, sweet; ripens in September.
Stump the World—Large, white, fine; ripens August 15.
Susquehanna—Fine canner; ripens July 30th.
Triumph—Yellow; ripens June 1st to 15th.
Wonderful—Handsome, productive; ripens October 10th.
Yellow St. John—Golden yellow; ripens June 20th.

CLINGSTONES.

Chinese Cling—Creamy white; ripens July 15th.
Fitzhugh Lee—Large, creamy white; ripens July.
Heath Cling—Pale yellow; fine; ripens September.
Henrietta—Large, fine quality; ripens September.
Indian Blood—Large, dark crimson; ripens August.
Lemon Cling—Deep yellow; ripens end of July.
Levy's Late—A fine, large, late variety; ripens October.
Morris October—One of the best; ripens October 1st.
Nix Late—A large, late Clingstone from Georgia.
Old Mixon Cling—Yellowish white; ripens August.
Sneed, or Peeble's—Creamy white; ripens June 5th.
Stonewall Jackson—Very fine; ripens July 15th.
White English Cling—Very large, white, with blush on sunny side; flesh very juicy; ripens August.
Everbearing—Indian type; white, streaked with red.

PLUMS.

Select two year old trees, 5 to 7 feet: Each, 40c; doz., \$3.50.

Abundance Plum.

Abundance—Large, sweet, juicy; very early; bright red.
Wild Goose—Very large and fine; ripens in June.
Red June—Purplish red; flesh yellow, solid, juicy.
Burbank—Large, clear, cherry red; very sweet.
Damson—Bluish purple; fine for cooking; ripens in August.
Wickson—Purple red; firm, sweet and juicy.

STATE BOARD OF ENTOMOLOGY

Knoxville, Tenn.

Copy of Certificate No. 201.

Season 1910-1911.

CERTIFICATE OF NURSERY INSPECTION.

This is to certify, That on September 1st, 1910, the nursery grounds of Otto Schwill & Co., at Memphis, Tennessee, were inspected by myself; that the growing nursery stock was apparently free from San Jose Scale and other dangerously injurious insect pests and plant diseases.

Said nursery is equipped for fumigating all nursery stock.

This certificate has reference to insects and diseases, and is not otherwise to be considered as an endorsement of the parties to whom issued; it does not apply to stock not grown in the aforesaid nurseries unless such stock is covered by proper certificate in favor of the nursery where grown. It is not transferable and may be revoked for cause.

This certificate becomes invalid after August 1st, 1911, and cannot be legally used after that date.

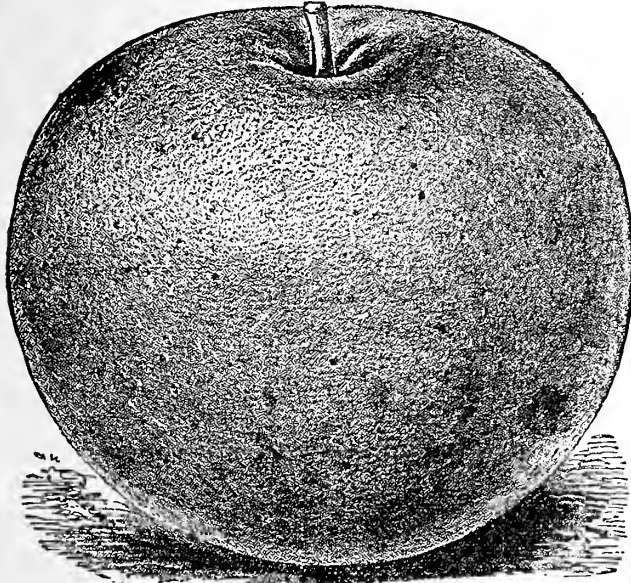

G. M. BENTLEY,
Asst. State Entomologist and Plant Pathologist.

APPLES.

Two years old, well branched trees, 5 to 7 feet high: Each, 35c; doz., \$3.00; 100, \$20.00, excepting where otherwise noted.

SUMMER VARIETIES.

Dr. Sherman—Red, slightly striped; ripens in June.
Duchess of Oldenberg—Fine, yellow, striped red; July.
Early Colton—Yellowish white; ripens in July.
Early Harvest—Fine, yellow; ripens in June.
Family—Yellowish, splashed with crimson; ripens July.
Horse—Large, yellow; ripens in August.
Madison Sweet—Large, golden yellow; sweet and juicy.
May Pippin—Greenish yellow; ripens in May and June.

Summer Queen Apple.

Summer Queen—Flesh yellow; firm, rich; ripens in July.
Red Astrachan—Greenish, covered crimson; ripens June.
Red June—Dark crimson, fine grain; moderately juicy.
Yellow Transparent—Large, beautiful, yellow; juicy.

FALL VARIETIES.

Bachelor—Large; agreeable flavor; ripens in November.
Bell Flower—Oblong; fine, rich yellow; juicy; acid.
Fall Pippin—Large, yellow; ripens in September.
Fall Strawberry—Striped, juicy and excellent.
Gloria Mundi—One of the largest; ripens in September.
Maiden's Blush—Large, pale yellow; ripens in September.
Rome Beauty—Large, red; white flesh.
Yates' Mammoth—Large, striped; ripens November.

WINTER VARIETIES.

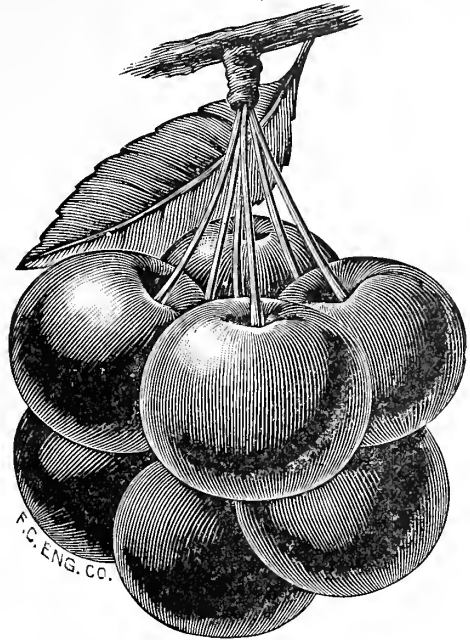

Arkansas Beauty—Large, bright red; succeeds well.
Arkansas Black—Large, dark crimson; flesh yellow.
Ben Davis—Large, greenish yellow, striped with red.
Black Twig—Resembles the Wine Sap, except larger.
Carter's Blue—Very large; green, crisp, sugary, rich.
Grimes' Golden—Golden yellow; crisp, tender, juicy.
Hall—Light yellow, covered with bright red.
Hayden's Favorite—A native apple; hardy; sure bearer.
Jonathan—Largest size; rich color; handsome variety.
Kentucky Streak—Large, handsome; flesh white.
Kinnaid's Choice—Medium to large; flesh crisp, tender.
Red Limber Twig—Greenish yellow, crimson stripes.
Shockley—Waxen yellow, with crimson cheek.
Tull—Winter apple; fruit green, with red stripes.
Twenty Ounce—Heavy, solid apple; fine flavor.
Wine Sap—Rich, dark red; flesh fine, creamy yellow.
Three-Year-Old Apple Trees—We have some of the above varieties in extra heavy grade, 3 years old, smooth, large trees. Price, 75c each; 6 for \$4.00.

NECTARINES.

Strong two year old trees: Each, 35c; doz., \$3.00.
Stanwick—Small to medium; rich and juicy.

CHERRIES.

Strong two year old trees: Each, 40c; doz., \$3.50.

Early Richmond Cherry.

Early Richmond—Fine; very early; ripens in May.
Black Tartarian—Black, juicy; ripens last of June.
Governor Wood—Very large; ripens last of May.
Late Duke—Light red; ripens last of June.
May Duke—Large, dark red; ripens in May.
Wright's Early—A native variety; ripens early.
Wright's Mammoth—Vigorous grower; fruit large.
Yellow Spanish—Very large, yellowish white, tinted rose; juicy, rich, sweet; very popular; mid-season.

QUINCES.

Strong two year old trees: Each, 40c; doz., \$3.50.
Champion—Large, very showy and handsome; tender.
Orange—Large, round, golden yellow; very fine.
Rea's Mammoth—An improvement upon Orange; larger.

APRICOTS.

Strong two year old trees: Each, 40c; doz., \$3.50.
Early Golden—Small, pale orange; juicy and sweet.
Moorepark—Medium size; good keeper.
Russian—Of best quality; ripens early; very productive.

CRAB APPLES.

Each, 25c; doz., \$2.25.
Golden Beauty. Red Siberian.
Hyslop Crab. Transcendent.
Martha Crab. Yellow Siberian.

JAPAN PERSIMMONS.

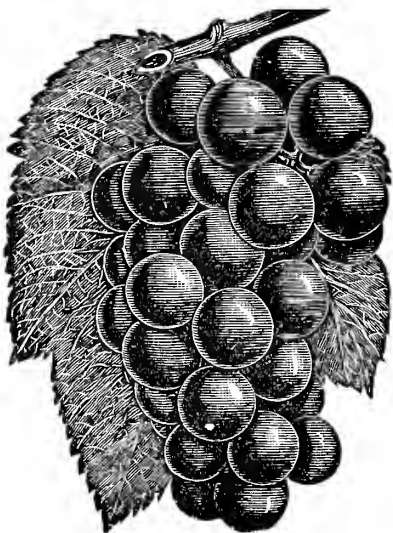

The Japan Persimmon is thoroughly adapted to the Cotton Belt. The fruit varies in color and shape. The dark fleshed varieties are never astringent, but the lighter fleshed varieties should never be eaten until soft. The flesh also varies in color in the pointed varieties, being usually deep orange. In these it remains solid and quite astringent until November, but becomes soft and edible when house ripened. Varieties we offer are well adapted to this latitude, in four distinct named sorts. Price, 2 to 4 feet, 50c each; 5 to 6 feet, \$1.00 each.

SCUPPERNONG GRAPES.

Bunches seldom ever composed of more than 8 or 10 berries; berries round, of a bronze color when fully ripe; vine is free from all disease and attacks of insects. It is wonderfully prolific. 1 year, 40c; 12 for \$3.50; 2 year, 60c; 12 for \$5.00.

GRAPES.

Strong 2 year vines; each, 25c; doz., \$2.00; 100, \$10.00.

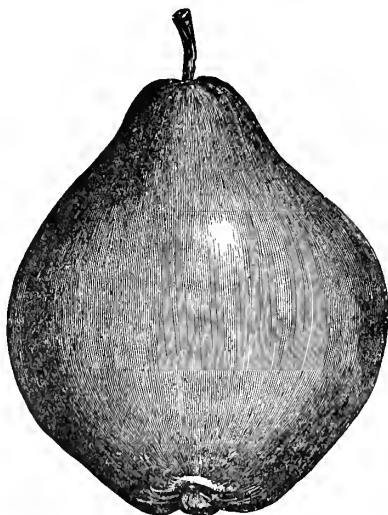

Worden Grape.

Worden—Concord type; larger in bunch and berry.
 Brighton—Large, coppery red; best quality.
 Campbell's Early—Large, compact, black berry.
 Concord—Large, black, juicy; sweet when ripe.
 Delaware—Bunches small and compact; light red.
 Early Ohio—The earliest black grape; bunches large.
 Lutie—Very early; large red; free from rot.
 Moore's Early—Large, black; earlier than Concord; fine.
 Niagara—Berries large; sweet; greenish white.

STANDARD PEARS.

Standard heavy 2 year trees, 5 to 7 feet; each, 40c; doz., \$3.50. 3 year trees, 8 to 9 feet; each, \$1.00; doz., \$10.00.

Keiffer Pear.

Keiffer—Golden yellow, tinged with red on one side; flesh firm, juicy and of an agreeable flavor; remarkably free from blight; ripens in September. We consider the Keiffer pear the only safe variety to plant in this section.
 LeConte—Large, of fair quality; ripens in August.
 Bartlett—Yellow, faint blush; ripens in August.
 Clapp's Favorite—Resembles Bartlett; ripens in August.
 Duchess D'Angouleme—Very large; ripens in October.
 Flemish Beauty—Large, sweet; ripens in August.
 Garber—Larger than Keiffer; beautiful yellow.
 Koonce—Of large size and of good form and color.

FIG BUSHES.

Price, either variety, 1 year trees, each, 40c; doz., \$3.50.
 Price, either variety, 2 year trees, each, \$1.00; doz., \$8.00.

Brown Turkey Fig.

Brown Turkey—Medium size; very sweet; prolific, hardy.
 Lemon—A beautiful lemon colored fig; very sweet.
 Celestial—Very large; violet; good and productive.
 Magnolia—Mammoth fruit; largely grown in Texas.

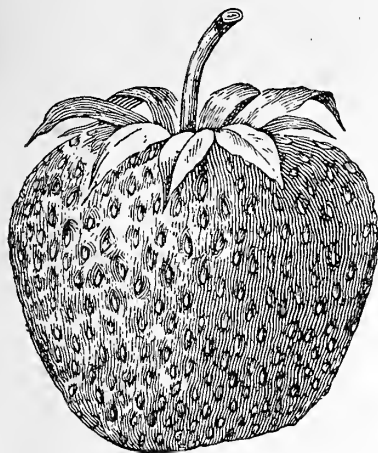

MULBERRIES.

Each, 35c; doz., \$3.00; 100, \$20.00. Extra large trees, 50c each.

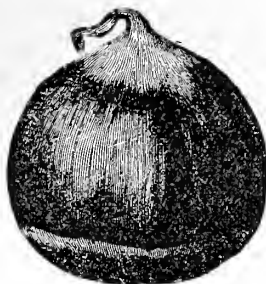

Hicks' Everbearing—Produces immense crops; splendid for poultry and hogs.

ROCKY MOUNTAIN CHERRY.

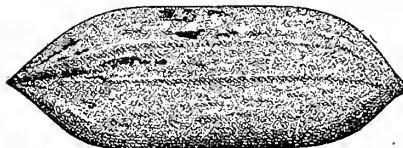

A fruit for all people and all sections. One of the greatest novelties in the fruit line ever introduced. It bears every year and is as prolific as a currant bush; 16 quarts having been picked from a 3 year old tree. Grows to a height of 4 feet and has never been affected by insects, black knot or other disease. The fruit is a rich red and changes to almost black when ripe, of good size, fine flavor and unsurpassed for preserves or eating. 1 year old trees, each, 50c; 6 for \$2.50.

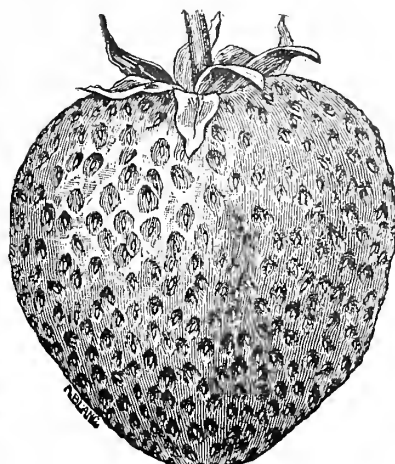

Norwood Strawberry.

American Sweet Chestnut.

Bradley Pecan.

Klondyke Strawberry.

GRAFTED OR BUDDED PECANS.

The budded or grafted pecans will bear at six years of age, while the seedling seldom commence to give fruit under ten years after planting. Price, 2 to 3 feet, \$1.00 each; 4 to 5 feet, \$1.25 each.

Bradley Pecans—Its good points are large size, thin shell, well filled and very prolific.

Frotscher Paper-Shell Pecan—One of the best; large, thin shell; prolific bearing.

Pride of the Coast—Nuts frequently two inches in length; shell moderately thin; nuts will run from 24 to 32 to the pound.

DWARF JUNE BERRIES.

The fruit is borne in clusters, reddish purple changing to bluish black. In flavor it is of a mild sub-acid, excellent as a dessert fruit or canned. Extremely hardy, enduring extremes of cold and heat uninjured. Its habit is similar to the currant. The blossoms have white petals and completely envelop the bush, rendering it a white mass when in bloom; which, with its bright, glossy, dark green foliage, renders it one of the handsomest of ornamental shrubs. Price, 15c each; 10 for \$1.00; 25 for \$2.00; \$5.00 per 100.

NUT TREES.

Any variety, 2 to 3 feet, each, 40c; doz., \$3.50.

Any variety, 3 to 4 feet, each, 50c; doz., \$5.00.

Almonds Princess.

English Walnut.

American Chestnut.

Japan Chestnut.

Japan Walnut.

Filbert.

Black Walnut.

Paper-Shelled Seedling Pecan—The nuts are large and very thin-shelled. 2 to 3 feet, each, 40c; doz., \$3.50; 3 to 4 feet, each, 50c; doz., \$5.00.

LOGAN RASPBERRY BLACKBERRY.

This berry is unlike any in existence, being a hybrid between the raspberry and the blackberry. The fruit is sometimes 1½ inches long, dark red in color and produced in immense clusters. It has the flavor of both the raspberry and blackberry, fruit ripens just after strawberries. The vine grows unlike either the raspberry or blackberry; it trails or grows upon the ground more like a dewberry. Each, 15c; doz., \$1.50; 25 for \$2.00.

DEWBERRY.

Premo—The best dewberry for this section. Berries much larger and better in quality than blackberries. Each, 10c; doz., 75c; 100 for \$4.00.

CURRANTS.

Fay's Prolific—One of the most prolific, of excellent quality. Each, 15c; doz., \$1.25.

STRAWBERRIES.

Plant in March, April or May, on good ground, deeply worked and well manured. Set in rows 3½ feet apart, 15 inches in rows, for field culture; 15 inches each way for garden.

The varieties marked S are for staminate or perfect blooming; those marked P, which are pistillate, are destitute of pollen, and require to be planted near some perfect blooming sort.

Prices named below are f. o. b. Memphis. We do not mail strawberry plants. They must be shipped by express.

Norwood (P)—Medium early. Found on the grounds of Mr. N. B. White, of Norwood, Mass. It is supposed to be a cross between Marshall and Corsican. The plant is strong and healthy, making a liberal but not excessive number of strong runners. The berry is conic and regular in shape. The quality is unsurpassed, and the size unequalled, some attaining enormous size. Color bright red all the way through, growing darker with age; firm, a good keeper, and will ship well. It is said twenty of the berries will fill a quart box. Doz., 40c; 50 for \$1.00; 100 for \$1.50.

Warfield—Produces handsome crimson berries with dark red cheeks; medium size; firm and solid; fine flavor; good for canning and an excellent shipper.

Klondyke (P)—Color of berry rich red, extending to center; of mild flavor, quite juicy; of great productiveness. A fine cooking sort and grown extensively for market.

Per 25 100 1,000

Lady Thompson (S) —Large, hardy variety25	.60	4.00

"BONORA," NATURE'S PLANT FOOD.

The recognized fertilizer of modern times. The actual results from the use of "Bonora" have been demonstrated fully, and are really beyond the expectation of those who have used it. Makes everything grow, whether early vegetables, flowers, fruit or shade trees. It enters the life of the plant through the roots, as electricity does through the wires. Trial size, ¼ lb. pkg., 25c; by mail for 30c. 1 lb. size pkg., 50c; by mail for 65c. 5 lb. size pkg., \$2.50; by express. Circulars and other information on application.

RASPBERRIES.

Plant in rows 5 to 6 feet apart, 2 to 4 feet in the row. Cut the tops off within a few inches of the ground when planted. After the fruit season, cut out all the old wood which bore the last crop of fruit. Pinch the vigorous young shoots several times during the summer. They will then grow stout enough to stand without staking.

King—The largest, handsomest and best red raspberry cultivated. Bears transportation well; very productive. Each, 15c; doz., 75c; 25 for \$1.25; 100 for \$4.00.

**Burbank's Phenomenal Berry.**

Turner Red—Of rich flavor and very good quality. Time of ripening is with the earliest and continued until the end of the raspberry season. Each, 10c; doz., 60c; 25 for \$1.00; 100 for \$3.00.

Cumberland—The largest black raspberry grown; immensely productive; quality fine; ripens very early. Each, 15c; doz., 75c; 25, \$1.25; 100, \$4.00.

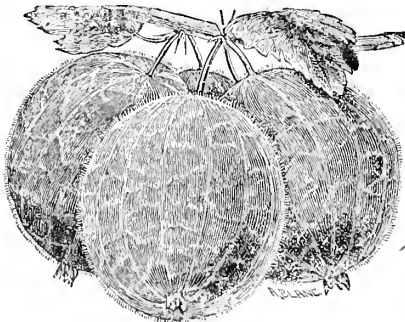

Gregg—Large, earliest black cap. Doz., 60c; 25, \$1.00; 100, \$2.50.

Haymaker—New, excellent; largest purple red variety. Doz., 75c; 25, \$1.25; 100, \$4.00.

Kansas—Jet black, firm berry; productive. Doz., 60c; 25, \$1.00; 100, \$2.50.

BURBANK'S PHENOMENAL BERRY.

Is the result of a cross between the Improved California Dewberry and the Cuthbert Raspberry. Mr. Burbank (the introducer) describes it as larger than the largest berry ever before known; bright crimson raspberry color; productive as could be desired. Each, 15c; 12 for \$1.50; 25 for \$2.00; 100 for \$6.00.

**Houghton Gooseberry.****GOOSEBERRIES.**

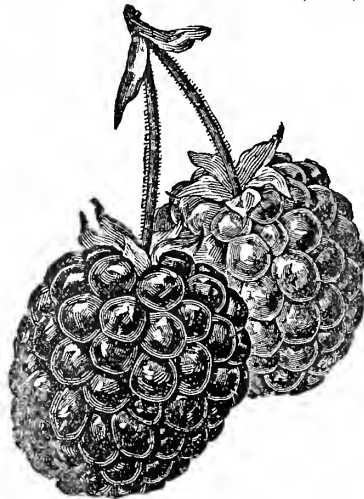

Houghton—Pale red, good quality and productive. Each, 20c; doz., \$1.50.

Downing—Large, pale green berries. Each, 20c; doz., \$1.50.

BLACKBERRIES.

Plant in good soil, in rows 5 to 6 feet apart, and 3 to 4 feet apart in the row. After the fruiting season, or in early spring, cut out all the dead wood. Blackberries should be planted early, before the buds start. A good top dressing of stable manure, applied annually, will be conducive to large crops. Keep the ground clean.

Eldorado—Fruit large, roundish conical, rich glossy black; firm, juicy, sweet and excellent. Each, 15c; doz., 75c; 25 for \$1.25; 100 for \$4.00.

**Blower Blackberry.****Cumberland Raspberry.**

Blower—Claimed to be the hardiest, most productive. Has produced 2,694 berries on one bush, 2,720 quarts on one-third of an acre. Large size, jet black, good shipper, best quality. Each, 15c; doz., \$1.00; 25 for \$1.50; 100 for \$5.00.

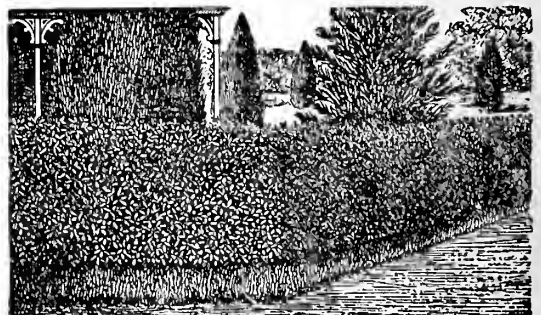

Wilson—Fruit large; very productive and early. Each, 10c; doz., 60c; 25 for \$1.00; 100 for \$3.00.

Rathburn—The fruit is simply enormous, far larger than other blackberries, and the quality is superb; soft, luscious and high flavored. Each, 15c; doz., \$1.00; 25, \$1.50; 100, \$5.00. By express only.

HEDGE PLANT.

Amoor Privet—Retains its color remarkably well in the winter. Is quite hardy and makes a fine hedge. Price, first size, 15 to 24 inches, 10c each; 6 for 50c; \$4.50 per 100; by express or freight. Second size, 2 to 3 feet, 15c each; 5 for 50c; \$1.00 per dozen; \$6.00 per 100; by express or freight. Orders for 50 filled at 100 rate.

California Privet—The great hedging plant. Remarkable for the beauty of its evergreen foliage and strong, regular, symmetrical growth. The foliage is dark green, very glossy and waxlike; hardy everywhere. Remove the unsightly fence and increase the value of your property by planting a California Privet hedge. Does well in all situations and under all conditions. Price the same as Amoor River Privet.

**Hedge or California Privet.**

HARDY SHRUBS.

Crape Myrtle—This old favorite is not sufficiently appreciated. The plant blooms throughout the entire summer, producing great masses of beautifully fringed flowers. Crimson, each, 50c; 3 for \$1.25.

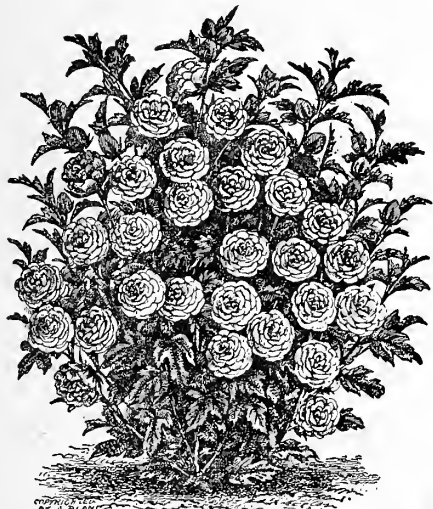

Hydrangea Paniculata Grandiflora—Of compact, bushy growth; flowers in large panicles, white, changing to pink and copper; beautiful. Each, 50c; 3 for \$1.25.

Snowball—Produces large globular clusters of white flowers in April. An old favorite. Each, 35c; 3 for \$1.00.

Weigela Eva Rathke—Flowers of dark carmine red. Each, 35c; 3 for \$1.00.

Lilac—These are among our most valuable early spring-blooming shrubs; succeed best in strong soils. Commence blooming last of March. Each, 35c; 3 for \$1.00.

Calycanthus—Also known as Sweet-scented Shrub and Strawberry Shrub. Valuable and very desirable for its fragrance and general good habit. Each, 35c; 3 for \$1.00.

Althea.

Althea—In 10 colors each, Rose of Sharon. Each, 30c; doz., \$3.00.

Deutzia—In 5 varieties. Each, 30c; doz., \$3.00.

Spirea—In 10 varieties. Each, 30c; doz., \$3.00.

Philadelphus—10 varieties, Syringa. Each, 30c; doz., \$3.00.

Exochorda Grandiflora, Pearl Bush—Each, 30c; doz., \$3.00.

Barbery Thunbergia, Hedge Plant—Each, 30c; doz., \$3.00.

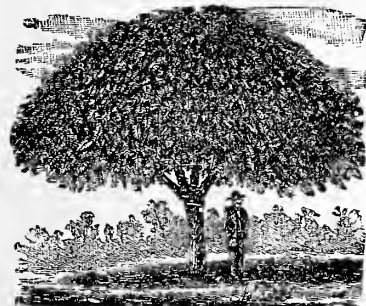

Eunonymus Japonicus—For hedge. Each, 25c; doz., \$2.50.

EVERGREENS.

Magnolia—This is the grandest of all our native broad-leaved evergreen trees. It is a native of the middle sections of the Southern states, and succeeds best in a rich soil. Nothing more conspicuous can be seen among evergreens when its large white flowers are fully expanded. Their period of blooming begins the end of April and lasts until the middle of July. Prices of trees, 12 to 15 inches, 50c each; 2 to 3 feet, nice specimens, \$1.50 each.

Texas Umbrella China
Low, dense spreading growth; foliage deep green; admirable for the South. Each, 75c; large size, \$1.00 to \$2.00 each.

Cedora Blue—A choice pyramidal evergreen with glaucous green leaves and spreading, curving branches drooping at tips. Each, \$1.50; 3 for \$4.00.

Texas Umbrella China.

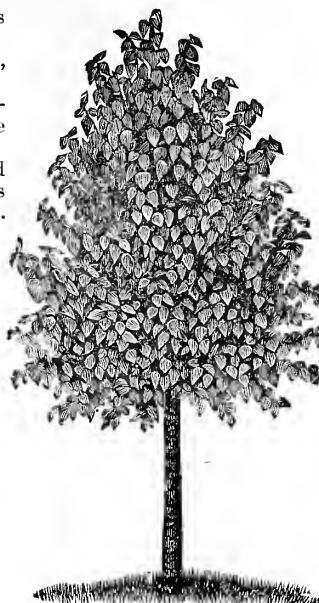

Irish Juniper—Each, \$1.00. **Norway Spruce**—Each, \$1.00.
White Pine—Each, \$1.00. **Lawson Cypress**—Each, \$1.00.

HARDY VINES.

Each, 35c; 6 for \$2.00.

Japan Honeysuckle	Blue Wistaria	Virginia Creeper
Chinese Honeysuckle	White Wistaria	English Ivy
Scarlet Honeysuckle	American Ivy	Kudzu Vine
Clematis Paniculata		

SHADE TREES.

Carolina Poplar.

Silver Leaf Maple.

Carolina Poplar—A rapid growing native tree of upright growth. A very popular shade tree, and widely planted. After the tree has attained a height of 15 or 20 feet, it is advisable to cut the leader. This will cause the tree to make a spreading head. Price of trees: 5 to 6 ft., 50c each; 7 to 8 ft., 75c each; 8 to 10 ft., \$2.00 each.

Water Oak Tree—One of the grandest of our native trees, of tall, pyramidal spreading habit, dark green, glossy, fine-cut leaves; its foliage is very dense and the most beautiful of any and every way desirable; tree is vigorous and healthy. Small trees, 50c each; larger size, \$1.00 each.

Judas Tree (Red Bud)—A small growing tree of irregular form, with heart-shaped leaves. It is covered with delicate pink blossoms early in spring before the leaves appear. Trees 5 to 6 ft., 75c each; 7 to 8 ft., \$1.50 each.

We can also supply the following standard varieties:
Price, trees 5 to 6 feet, 75c; 8 to 10 feet, \$1.00 each.

American Linden	Red Elm	Norway Maple
Silver Leaf Maple	Catalpa Speciosa	Lombardy Poplar
Sugar or Rock Maple	Weeping Willow	

HARDY BORDER PLANTS.

Rudbeckia Golden Glow.

Perennial Phlox—No class of hardy plants is more desirable than the Perennial Phlox. They will thrive in any position, in large groups on the lawn, or planted in front of belts of shrubbery. Each, 25c; 12 for \$2.50.

Rudbeckia Golden Glow. The most prolific and satisfactory hardy perennial of all yellow flowering sorts. Grows 5 to 7 feet and blooms from early summer until frost. Each, 35c; 3 for \$1.00; 12 for \$3.00.

Make up a Club Order and get your plants free.

No Premiums on Collections—Take notice, when collections of any kind in this department are included, there is no premium on same. Our prices on them are all very low, and we can make no further allowances.

Plants by Mail—We send free by mail all small size plants in this department at prices named. The larger sizes can go only by express.

Plants by Express—All who live in towns or near an express office, and who are willing to pay their own express charges on plants, will invariably receive larger plants, packed a little heavier than those sent by mail. We feel sure that all who order in this way will not begrudge the extra outlay when they examine the plants so sent.

Express Prepaid on \$5.00 Orders—We pay express charges within a distance of 200 miles from Memphis on all orders for greenhouse plants at catalogue prices listed in this department, when order amounts to \$5.00 or over. Make your order at least \$5.00, and we will deliver, prepaid, to your express office, if within 200 miles of this city.

Notice—This prepaid offer applies only to net catalogue prices, not on the price where the discounts or premiums are taken advantage of. If you wish the premiums stated, then we do not prepay the shipment. They will be sent and you must pay express charges. You can have, free, either the premium or express charges. Our prepaid offer covers all plants quoted at single and dozen rates.

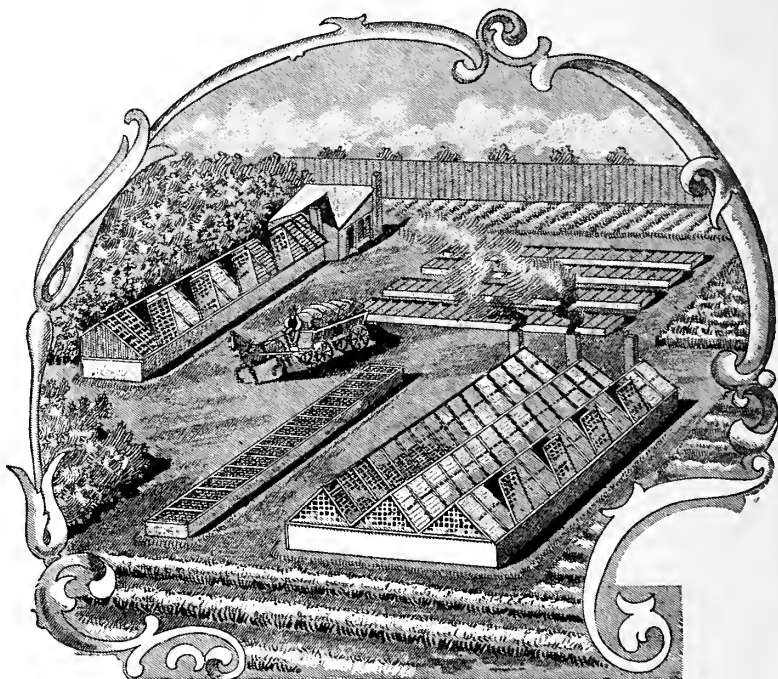

BONANZA COLLECTION.

Any one collection, 50 by mail, postage paid. Merely order by numbers; not labeled.

- No. 1—13 Geraniums, assorted colors, double.
- No. 2—13 Geraniums, assorted colors, single.
- No. 3—14 Pansies.
- No. 4—14 Sweet Alyssum.
- No. 5—6 Heliotropes, 3 Carnations, 2 Hibiscus.
- No. 6—12 Bedding Roses.
- No. 7—12 Climbing Roses.
- No. 8—13 Lantanas, assorted colors.
- No. 9—13 Chrysanthemums, assorted colors.
- No. 10—12 Vines and Plants, for baskets and vases.

STERLINGWORTH LAWN COMPOUND

Kills the weeds, but not the grass; makes the lawn green and velvety. It is a dry powder to be sprinkled over the lawn and weeds when dry, and one or two applications will generally clean out the weeds. One pound will dress 100 to 200 square feet, depending on the condition of the lawn. Each package gives full particulars for use. Price, 5-lb. cans, 60c.; 10-lb. cans, \$1.00.

THE MARECHAL NIEL FAMILY.

THREE GRAND ROSES—YELLOW, WHITE AND RED.

Mailing Size Plants, 20c each; 3 for 50c; postage paid.
Second Size Plants, 35c each; 3 for \$1.00; by express.
Third Size Plants, 50c each; express only.
Fourth Size Plants, 75c each; express only.

Extra Large Plants of Yellow and Red Marechal Niel, \$1.00, \$1.50, \$2.00 and \$3.00 each; express only.

Marechal Niel, Red—Buds and flowers the same as the Marechal Niel. Color carmine red; very beautiful.

Marechal Niel, The—The very name of this rose suggests the Sunny South, where it attains a degree of perfection seldom seen in any rose. The buds and flowers are superb, extra large, very double and deliciously perfumed. The color is deep golden yellow. Blooms with the greatest freedom. This lovely variety cannot be surpassed for general planting.

Marechal Niel, White—Identical with its sister variety, except in color of flowers. The color is pure white, thoroughly distinct.

SIX SURPRISE COLLECTIONS.

For 50c we will deliver free to your address any one of the following collections. Not labeled.

- Surprise Collection No. 1—12 Hibiscus.
- Surprise Collection No. 2—10 Cannas, all different.

- Surprise Collection No. 6—14 Petunias, all different.

One each of the six collections for \$2.50.

The Blue Rambler Rose.

NEW CLIMBING ROSE.

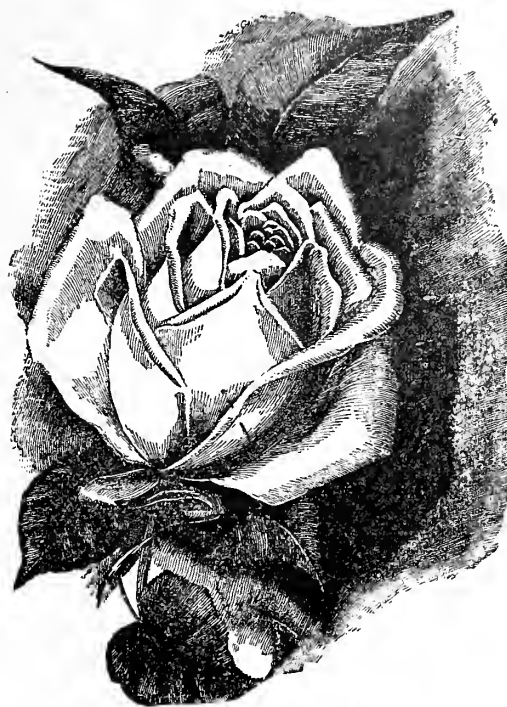

The Blue Rambler Rose—The most wonderful rose of the century, for the reason that it marks a decided advance in the color of the rose hitherto only dreamed of. Veilchenblau or Violet Blue is the proper name, but no doubt it will be known in America as the Blue Rambler. This rose is going to have a larger sale by far than Crimson Rambler. Have we seen it flower? Well, I guess yes, and our word for it, if you want something to cause you to stop and take notice, the Blue Rose will fill the bill. At a distance of fifty or a hundred feet a bush of the Blue Rose in full bloom will startle you. A seedling from Crimson Rambler, semi-double flowers larger than that variety, produced in large trusses. This rose first opens pink, but quickly changes to violet-blue; some describe it as a steel-blue. Very distinct and extremely pleasing. 1 year strong plants, 25c each; 5 for \$1.00; postage paid.

NEW ROSES.

These are late introductions. All fine sorts; nice, strong plants. Price any of the following:

Mailing size plants, 25c each; 6 for \$1.25; postage paid. Larger plants, 50c; 6 for \$2.50; by express only.

Cardinal—Brightest scarlet; large flower.
 Blumen's Schmidt—Clear pink; free bloomer.
 Dean Hale—Light pink; a beautiful flower.
 Geo. Schwartz—Clear yellow; good bloomer.
 Frau Von Marshall—Deepest pink shade; very large.
 Hector McKenzie—Bright red; a bold, large flower.
 Laurent Carl—Deep scarlet; stands the heat.
 Molly Crawford—Clear, bold pink; large blossom.
 Mrs. G. W. Kershaw—Bright pink; an elegant flower.
 Max Heresdorf—One of the finest pink shades.
 Mr. Brockland—Flesh color; free bloomer.
 Mrs. B. R. Cant—Rich glowing crimson.
 Mrs. Kate Moulton—Lovely shell pink; long and pointed.
 Rhea Reid—Large red; very fine grower.
 Red Kaiserin—A beautiful rose; color deep rose.
 Pink Killarney—Color beautiful shell pink.
 White Killarney—One of the greatest white roses.
 W. A. Smith—Fine deep pink shade; large.
 Reine Karl Von Saxony—Shell pink; fine flower.
 Climbing Killarney—Splendid clear pink shade.

Marechal Niel Rose.

THE MARECHAL NIEL FAMILY.

Marechal Niel—This is the old standby in the South, where it is hardy. Immense deep golden-yellow flowers with the deepest, richest tea fragrance of any rose.
 Marechal Niel, Yellow—Deep golden yellow.
 Marechal Niel, Red—Color carmine red.
 Marechal Niel, White—Color is pure white.
 Mailing size plants, 20c each; 3 for 50c; postage paid.
 Second size plants, 35c each; by express.
 Larger plants, 75c, \$1.00, \$1.50 each; by express only.

NEW POLYANTHA, OR BABY RAMBLER ROSES.

Price, any of the four following varieties, 1 year plants, 25c each; 5 for \$1.00.

Anna Muller—The New Pink Baby Rambler. The shining, brilliant pink flowers are produced in great profusion, in large clusters, from June until late in the fall. Each individual floret measures two inches in diameter. The petals are twisted, making a charming effect.
 Baby Dorothy—A new pink form of the Baby Rambler. It completely hides the plant with its deep pink flowers.
 Baby Rambler—It is in bloom all the time, flowers in large clusters of brightest crimson. It grows to a height of 18 inches and hides the plant with its bloom. A most wonderful rose.
 White Baby Rambler (Catherine Zeimet)—This is the far-famed white flowering Baby Rambler. Certainly a sight worth seeing when in full bloom. Pure white.

HARDY SCOTCH PINKS.

Price, the following varieties, strong clumps, by express only, 25c each; 5 for \$1.00.

Her Majesty, the Double White Pink—We have much pleasure in drawing attention to this charming novelty, which is one that will hold its own as long as pinks are cultivated. It has become one of the most popular of the day, being grown by acres to supply the demand for cut flowers.
 Abbottsford—Deep cherry-red, variegated with pink and pale silvery-white; very fine.
 Essex Witch—Clear pink with lilac, with fringed edge.
 Souv. De Sale—Soft rosy-pink; very double.

ROSES.**MAILING SIZE BEDDING ROSES.**

For description and colors, see under heading Two Year Roses.

Nice well established plants true to name and sure to grow if properly handled. Price, 10c each; 12 for \$1.00; 25 for \$2.00; postage paid.

DECORATIVE PLANTS.

BOSTON OR FOUNTAIN FERN.

This differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, making it an excellent plant to grow as a single specimen on a table or pedestal. Small plants, 25c each; postage paid. Large plants, 50c, \$1.00, \$2.00 and \$3.00 each.
The New Fern, Whitmanii—The fronds are fine cut; dwarf in habit; most valuable in this type. 35c each. Larger plants, 50c, 75c, \$1.00 and up; by express.
Tarrytown Fern—Very easy grower. The fronds are very wide and fine cut, and make a beautiful house plant. 35c each; postage paid. Larger plants, 50c, 75c, \$1.00 and up; by express.
Umbrella Plants—15c each; postage paid. Larger plants, 50c each; by express.
Farfugium Grande—Leopard plant. Leaves are large size; color bright green, blotched with golden yellow. 25c each; postage paid. Larger size, 50c.
Pandanus Veitchii—A very ornamental plant for decoration. Each, \$1.00, \$1.50 and \$2.00; by express only.

NEW HARDY JASMINE.

Primulinum—The Jasmine of beautiful bushy growth, star-shaped flowers and perfectly hardy; new; try it. Price, 15c each; 6 for 75c.

SULPHO-TOBACCO SOAP.

A WONDERFUL INSECT PEST EXTERMINATOR.

Unsurpassed for quickly exterminating all insect life on plants and flowers in and out of doors. Excellent for rose bushes, shrubs, etc. This popular insecticide never fails to give satisfaction, and is cheap, effective, clean, harmless, and non-injurious to the tenderest growth. It also acts as a valuable fertilizer, reviving plant life. Directions for use with each cake. 3 oz. cake, sufficient for 1½ gallons prepared solution, 10c each; by mail, 20c; 8 oz. cake, sufficient for 4 gallons prepared solution, 20c each. By mail, 30c.

Bulbs For Summer Flowering

The summer-flowering bulbs for spring planting contained in the following list are inexpensive, very easily grown, and produce some of the most showy and beautiful of all summer and autumn flowers. There are but few

flowers that can compare with the noble and brilliant spikes of the Gladiolus, the grace and elegance of the Lily, the purity and sweetness of the Tuberose, the majestic foliage of the Caladium.

Caladium, Elephant Ear.

Double Pearl Tuberose.

Lily of the Valley.

TUBEROSES.

Everblooming Tuberose—This variety is known throughout Texas as Ramsey's Tuberose or Mexican Everblooming. A single white tuberose. The flower spikes are very large and evenly filled. It commences to flower in July and August, throwing from 2 to 5 flower stems from a single bulb. Price, each, 10c; doz., \$1.00; postage paid.

Tuberose, Double Pearl—Doz., 35c; postage paid. By express, doz., 25c; 100, \$1.50.

Tuberose, Single Albino—Doz., 35c; postage paid. By express, doz., 30c; 100, \$2.00.

GLADIOLUS.

Gladiolus—Finest mixed hybrids. By mail, doz., 35c. By express, doz., 30c; 100, \$2.00.

Gladiolus Childsii—Superb; large flowered; mixed colors. Per doz., 50c; postage paid. By express, per doz., 40c.

PEONIES.

HARDY HERBACEOUS.

These have become indispensable in every garden. They are all hardy and admirably suited to our Southern climate, growing in almost all situations, and even flourishing under shade trees.

Red, Pink, White—Each, 30c; postage paid. By express, each, 25c; doz., \$2.00.

DAHLIA.

The Dahlia is one of the showiest of all autumn flowers. Commencing to flower in July, they are a perfect blaze of bloom until stopped by frost.

Double Pink, Scarlet, White, Yellow and Purple, any color—Each, 20c; postage paid. By express, each, 15c; 2 for 25c; 12 for \$1.25.

CANNAS.

A fine foliage plant; a rapid grower, producing large trusses of beautiful flowers from early summer to late in the autumn. Price: Bulbs, each, 10c; doz., 75c. By mail, doz., \$1.00.

Bright Red
Vermilion Scarlet
Golden Yellow

Light Yellow
Spotted Red and Yellow
Crimson Maroon

MISCELLANEOUS BULBS.

Cinnamon Vine—Hardy climber with dark green foliage, and late in the season bearing a profusion of small white flowers of a delicious cinnamon fragrance. 10c each; \$1.00 per doz.; postage paid.

Madeira Vine—A beautiful, rapid growing climber, bearing fragrant white flowers; very pretty and useful. 5c each; 50c per doz.; postage paid.

Lily of the Valley—This well-known bulb is undoubtedly one of the most charming of all the early spring flowers, and is popular from one end of the country to the other. It is so well known that a description seems unnecessary. Clumps, 35c each; \$2.50 per doz. By express only.

CALADIUM BULBS.

Caladium Esculentum—Elephant's Ears. Effective as a single plant on a lawn or in groups; also useful for decorative effect near streams or ponds. Good sized bulbs, 15c; large bulbs, 25c; mammoth, 35c. By mail, 5c each extra.

HARDY LILIES.

Lilium Giganteum—Always satisfactory; the variety here offered has large white flowers of great substance, with a greenish band running through the center of each petal. Each, 20c; \$2.00 per doz. If by mail, add, per bulb, 5c.

Tigrinum—Tiger Lily. Orange, spotted black; 2 to 5 feet; summer. Each, 10c; 75c per doz.

Auratum—The glorious Gold-banded Lily of Japan, and one of the grandest plants in cultivation. Its immense, ivory-white flowers are thickly studded with yellow and crimson spots, while in the center of each petal is a golden band, fading at its edges into white. From 5 to 10 magnificent flowers from each bulb the first year. Each, 15c; \$1.50 per doz. By mail, 20c each.

Gladiolus.

Giganteum Lily.

MANGEL-WURZELS AND STOCK BEETS—YIELD 50 TONS PER ACRE.

FIVE TO SIX POUNDS OF SEED WILL PLANT AN ACRE.

Culture—Sow in drills two feet apart when suitable time comes for sowing oats and planting corn. When plants are two or three inches high thin or cut out with hoe to 8 to 12 inches apart. Long varieties are best suited to deep rich soil. The Tankard sorts succeed better than long ones on thin or sandy soil. They make a heavy growth, and if large quantities are grown it is best to have the rows wide enough apart to use a horse and cultivator.

Mammoth Long Red Mangel—Is the best Long Red there is grown for deep soil. They are good and of massive shape, growing to immense size, but are of fine texture, not coarse. They are easily harvested as they grow well over the ground. Price, 1 lb., 45c; postpaid. By express at purchaser's expense, in 5-lb. lots and over, 30c per lb.

Golden Tankard Mangel—Is considered the best Mangel grown for shallow ground by a large part of our customers. It is remarkable for its milk producing qualities. The growth is vigorous. It is easily pulled or lifted from the ground, and is an enormous producer; with good ordinary cultivation and land it yields 40 to 50 tons per acre, and some of our customers claim to have grown as high as 60 to 70 tons from one acre of ground under good conditions. Price, 1 lb., 45c, postage paid. By express at purchaser's expense, 5 to 10-lb. lots or over, at 30c per lb.

Giant Feeding Sugar—This unites the large size of the Mangel with the greater feeding value of the Sugar Beet. The roots are always regular and uniform, broad at the top, with a full and slightly tapering shoulder. Price, 1 lb., 45c, postage paid. By express, in 5-lb. lots or over, at 30c per lb.

STERLINGWORTH PLANT TABLETS.

A New Scientific, Odorless Invigorator for House Plants and Vegetables.

Sterlingworth Plant Tablets are a safe, clean, odorless, concentrated plant stimulant in tablet form. They contain those ingredients in their proper proportions that are necessary for healthy plant life. Their use promotes a healthy, vigorous growth of branch, leaf and flower. They are readily soluble in water, and contain an insect-driving ingredient which keeps injurious bugs and worms from the soil. Try one package. When you learn how satisfactory they are you will buy more. They double the bloom.

Prices: Medium size, 100 tablets, sufficient for 35 plants three months, 25c, postpaid; small or trial size contains 30 tablets, 10c, postpaid.

Walker's Excelsior Plant Food—Odorless and perfectly soluble food for house plants. A pound box is sufficient for twenty-five ordinary sized plants for one year. Lb., 25c; by mail, 40c; ½-lb., 15c; by mail, 25c.
